SUMMARY:

The ACWA Nominating Committee will be seeking nominations for a slate of candidates for Vice President and President of ACWA for a two-year term beginning 2020. Attachment 1 is ACWA's call for nominations memo. It is anticipated that all nominations must be received by ACWA by September 3, 2019, to be considered by the Nominating Committee. The Nominating Committee typically will announce its recommended slate of candidates at the ACWA Board of Directors meeting on September 27, 2019. This slate of candidates will be presented to the ACWA membership for election on December 4, 2019, during the ACWA 2019 Fall Conference.

Zone 7 Director Sarah Palmer has expressed an interest in the position of Vice President of ACWA. Zone 7 is the District's water wholesaler. S. Figuers

President, Board of Directors

July 30, 2019

Fellow ACWA Member;

Let me introduce myself! I am Sarah Palmer and I would like your support in becoming the next Association of California Water Agencies (ACWA) Vice President. As a Director for Zone 7 Water Agency since 2006, a teacher of Environmental Science in the college and high school levels, as well as a guest contractor at Lawrence Livermore National Labs with the UC Davis Groundwater Ambient Monitoring and Assessment (GAMA) project, I have been involved in many of the complexities of water in our state. My membership in ACWA has given me the opportunity to hear and understand the diverse viewpoints and challenges faced by the different regions of California, as well as be enriched by the people involved.

With ACWA, I have served as Vice Chair of Region 5 and attended several regional activities and events. These have been instrumental in giving me an appreciation of the issues and people of each region. I am an active member of the Agriculture, Water Management, and Water Quality Committees and have helped wrestle with emerging concerns in notification and response levels in the PFOA/PFAS Subcommittee. PFOA/PFAS is only one set of the troubling issues in which we are so fortunate to have the advocacy of ACWA involved. My participation in the ACWA Steering Committee has given me a deeper understanding of the inner workings of our agency and a heightened appreciation of the ACWA staff. The cooperative efforts of ACWA officers, staff and committee members and their work with legislators has averted a water tax, and helped formulate statewide programs. I have had the opportunity to attend three Washington, DC Legislative Conferences and am grateful for the work our DC ACWA staff does to prepare us for these important meetings. The ACWA Bi-annual Conferences present extraordinary opportunities for education and connection. I have attended nine of them. The keynote speakers have been consistently good and often inspiring. With all the various regional differences and diversity of political opinions, it is always heartening to see that ACWA members really do work toward seeing ourselves as “one water”, striving to set aside individual and regional biases for the common good.

My 13 years as a Director for Zone 7 Water Agency has seen both drought and flood, litigation and contentious rate changes, three General Managers and some organizational restructuring. I have served as President for three terms, and have been active on Finance, Administrative, Tri-Valley Liaison, and Water Quality standing committees and served on three *ad hoc* committees. Again, work by our wonderful staff has brought us several Finance awards and approval of our SGMA Groundwater Sustainability Plan. Both staff and Board actively interact with our community locally and county-wide.

I have a Ph.D. in Cell Physiology and Biochemistry from the University of Toronto and a B.A. in Biology and Political Science (double major) from New York University. This background in science, with my subsequent research and teaching careers, have led me to wonderful opportunities for communicating complex concepts to both professional and lay groups. My experience has been beneficial in my role as communicator for environmental and other water education issues for both children and adults. I was named Alameda County District Teacher of the Year in 2006. I have been a speaker for Lawrence Livermore National Labs presentations and for Zone 7 Water Agency. My experience as a docent for the Elkhorn Slough National Estuarine Research Reserve has provided valuable insight into the functions of an estuary.

Although I am not a native Californian, (I am from Buffalo, NY... yes the winters are horrendous!) I have lived in Livermore for most of my adult life and have the great good fortune of having raised a true California girl who has become a fabulous and productive young woman. My sports are water related. I have been a SCUBA divemaster, and am an active kayaker and paddle boarder. I also paint abstract and impressionist works and train my wonderful dog.

California is my home, and California water is my passion. Water is THE big issue for all of us; our livelihoods, health and welfare, politics and environment. It touches almost every aspect of our lives in some way. It is inextricably involved in issues of climate change. We in the water industry and every related field are on the front lines and our resolve to ensure safe and sustainable water for us and our environment is paramount. Please support me in becoming Vice President of ACWA to provide leadership and vision to help us continue to work together to provide a healthy future for all Californians.

Thank you for your consideration!
Sincerely,

A handwritten signature in black ink, appearing to read 'Sarah Palmer'.

My goal is to become the next Vice President of the Association of California Water Agencies. Why? Water impacts all life, public health, politics, and environment. Water brings in almost all areas of science and culture. My background in community engagement, public speaking, and science, especially in science communication, make me eminently qualified to fill this role.

TITLE: Approve Increase to the Construction Change Order Contingency for the Foul Air Line Rehabilitation Project (CIP 15-P018)

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, a \$100,000 increase to the construction change order contingency for the Foul Air Line Rehabilitation project (CIP 15-P018) from \$175,000 to \$275,000.

SUMMARY:

On April 2, 2019, the Board of Directors awarded a \$1,453,575 base bid construction contract to Bay Pacific Pipelines Inc. to construct the Foul Air Line Rehabilitation project. In accordance with the DSRSD Purchasing policy (P500-18-1), the General Manager is authorized to adjust public works contracts in excess of \$175,000 that were originally approved by the Board, by a maximum adjustment of \$175,000, unless additional authority is delegated in an approving resolution. When the project was awarded, staff anticipated that any construction change orders would be within the General Manager's approval authority of \$175,000.

During construction the contractor encountered unforeseen site conditions requiring extra work beyond the original scope of the contract, including:

- Existing Utility Conflicts – buried pipelines were discovered during excavation that were either not on the drawings or were not in the location indicated on the drawings;
- Extra Concrete Thickness of Holding Basin Liner – holding basin 2 had a much thicker concrete slab than indicated, resulting in more difficult removal and disposal than anticipated;
- Bar Screen Building Pipe Connection – existing piping that was intended to be reused required replacement once exposed and structurally evaluated;
- Biofilter Media Replacement – excavated biofilter media material was found to not be suitable for reinstallation as planned.

The above conditions required the contractor to perform additional work not covered by the base construction contract. This additional work is necessary to complete the project as intended and to provide a functioning foul air treatment system that meets odor reducing performance parameters.

Project construction is nearing completion and all work, including this additional work, is scheduled to be completed by mid-August.

The project team has estimated the cost to complete the necessary additional work to be \$275,000. Staff recommends the construction change order contingency for the project be increased from \$175,000 to \$275,000 to complete the work. There are adequate funds within the overall project budget for the anticipated change order contingency increase. No increase to the project budget is required.

TITLE: Approve a Master Agreement for Consulting Services with Barrett Business Services, Inc. for Temporary Employment Services for Fiscal Years Ending 2020 and 2021

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, a Master Agreement for Consulting Services with Barrett Business Services, Inc. (BBSI) for temporary employment services in fiscal years ending (FYE) 2020 and 2021.

SUMMARY:

With the approval of the two-year operating budget for FYE 2020 and FYE 2021, the District has fourteen (14) vacancies which are in various stages of the recruitment process. The District continues to have the need for temporary/seasonal, special assignment, and project work support, while Human Resources efforts continue toward filling vacancies. BBSI has been a long-time temporary employee service provider for the District, and was selected to remain a preferred provider of temporary employment services after a request for proposal process was conducted in March 2019. This agreement serves as the basis for temporary employment services provided in a variety of positions, to include seasonal/temporary water/wastewater system maintenance and labor support, biosolids harvesting laborers, administrative staff, laboratory staff, and engineering staff. The estimated cost of this agreement is \$586,200 and is already included in the operating budget for FYE 2020 and FYE 2021.

In accordance with the Purchasing policy approved March 20, 2018, Board authorization to execute this agreement is required, as the agreement is not designated as a recurring operational purchase, and the cost of the total contract would exceed \$175,000.

THIS AGREEMENT, made and entered into this 1st day of July, 2019 by and between DUBLIN SAN RAMON SERVICES DISTRICT, a public agency in the counties of Alameda and Contra Costa, California ("District") and Barrett Business Services, Inc. ("Consultant"), a Maryland corporation with its local office at 1320 Willow Pass Road #100, Concord, CA 94520

WHEREAS, District requires professional temporary employee staffing services; and

WHEREAS, Consultant represents that it is experienced in performing, and uniquely qualified to perform, the professional temporary employee staffing services; and

WHEREAS, District desires to engage Consultant for such services; and

NOW, THEREFORE, the parties hereto agree as follows:

1. SERVICES. Consultant shall perform assignments in accordance with the terms and conditions of this Agreement and as set forth in Exhibit "A", and written Task Orders issued from time to time by District to Consultant and accepted by Consultant. Each such Task Order shall include, but not be limited to: (i) a description of the services to be performed by Consultant, and the key personnel to be assigned by Consultant to the performance of the specific Task (who shall not be replaced without the prior written approval of the District, which shall not be unreasonably withheld); (ii) the time of performance for providing such services; (iii) maximum compensation payable for providing such services, provided that such compensation shall be payable pursuant to Paragraph 2 hereof unless otherwise expressly provided in the Task Order; (iv) District's source of funding; and (v) such other provisions as the parties deem appropriate or necessary to accomplish the purpose of the Task Order. To the extent not expressly modified by Task Order, all other terms and conditions of this Agreement shall be deemed incorporated in each Task Order.

2. COMPENSATION. District shall compensate Consultant for all services performed by Consultant pursuant to Paragraph 1 in an amount specified in the fee schedule outlined in Exhibit "B". Said rates of charge set forth in Exhibit "B" hereof, attached hereto, and by reference incorporated herein. Said rates may be adjusted, from time to time, upon written approval of the District.

District shall reimburse Consultant for other expenses directly incurred in performing services hereunder, if any, described in Exhibit "B."

Compensation and reimbursement of expenses shall be payable by District within thirty (30) days upon receipt of billing by Consultant. Billing by Consultant to District shall not be more often than monthly for services corresponding to each Task Order. The billing shall include

an itemized statement briefly describing the services rendered and costs incurred and the authorized amount remaining.

3. RECORDS. Consultant shall keep and maintain accurate records of all time expended and costs and expenses incurred relating to services to be performed by Consultant hereunder. Said records shall be available to District for review and copying during regular business hours at Consultant's place of business, or as otherwise agreed upon by the parties.

4. NON-ASSIGNABILITY. Consultant shall not subcontract, assign, sell, mortgage, hypothecate or otherwise transfer its interest or obligations in this agreement or any Task Order issued hereunder in any manner, without the express prior written consent of District, which consent shall not be unreasonably withheld. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent Consultant, upon District's written consent, from employing such independent consultants, associates, and subcontractors as may be necessary to assist in the performance of the services hereunder. Nothing herein shall be construed to give any rights or benefits to anyone other than District and Consultant.

5. STATUS. In the performance of services hereunder, Consultant shall be, and is, an independent contractor, and shall not be deemed to be an employee or agent of District. All services provided pursuant to this Agreement shall be authorized by Task Order issued by the District's General Manager or his or her designated representative and signed by the Consultant.

6. PERIOD OF SERVICE. Unless extended by Task Order, this Master Agreement shall expire on June 30, 2021. The District reserves the right to extend the term of this contract for two (2) additional one-year terms subject to annual review and recommendation of the Administrative Services Manager

7. TERMINATION. Either party may terminate this Agreement without cause by giving the other party written notice thereof not less than thirty (30) days in advance of the effective date of termination, which date shall be included in said notice.

In the event of such termination, District shall compensate Consultant for services rendered to the date of termination, as the case may be, calculated in accordance with the provisions of Paragraph 2. In ascertaining services actually rendered to the date of termination, consideration shall be given both to work completed and work in process of completion. Nothing herein contained shall be deemed a limitation upon the exercise of the right of District to terminate this Agreement for cause, or otherwise to exercise such legal or equitable rights, and to seek such remedies as may accrue to District, or to authorize Consultant to terminate this Agreement for cause.

8. TITLE TO, POSSESSION OF, AND RELIANCE UPON DOCUMENTS. All documents, work products, plans, specifications, negatives, drawings, computer disks, electronic tapes, renderings, data reports, files, estimates and other such papers, information and materials

(collectively, "materials"), or copies thereof (except proprietary computer software purchased or developed by Consultant) obtained or prepared by Consultant pursuant to the terms of this Agreement, shall become the property of District. District and Consultant shall, from time to time pursuant to Task Orders, specify which materials Consultant shall deliver to District ("Deliverables"). Deliverables are intended to, and may, be relied upon by District, or others designated by District, where appropriate, for those purposes for which District requested their preparation, or for use in connection with planning-level activities including, without limitation, the preparation of environmental documentation pursuant to the California Environmental Quality Act ("CEQA") or the National Environmental Policy Act ("NEPA") or similar statutes. Consultant will not be responsible for use of Deliverables, or portions thereof, for any purpose other than those specified in the preceding sentence.

Materials not delivered to District ("Non-Deliverables") shall be retained by Consultant, but Consultant shall provide District access to such Non-Deliverables at all reasonable times upon District's request. District may make and retain copies of all Non-Deliverables, at District's expense, for information and reference. Unless otherwise specified in writing by Consultant, use thereof for any purpose other than the purpose for which the Non-Deliverables were prepared, or for use in connection with planning-level activities including, without limitation, the preparation of environmental documentation pursuant to CEQA or NEPA or similar statutes, shall be at the user's sole risk.

9. COMPLIANCE WITH LAWS. In performance of this Agreement, Consultant shall exercise due professional care in compliance with all applicable federal, state and local laws, rules, regulations, orders, codes, criteria and standards. Consultant shall procure all permits, certificates, and licenses necessary to allow Consultant to perform the Services specified herein. Consultant shall not be responsible for procuring permits, certificates, and licenses required for any construction unless such responsibilities are specifically assigned to Consultant under a Task Order.

10. NON-DISCLOSURE OF PROPRIETARY INFORMATION. Consultant shall consider and treat all drawings, reports, studies, design calculations, specifications, and other documents and information provided to Consultant by District in furtherance of this Agreement to be the District's proprietary information, unless said information is available from public sources other than District. Consultant shall not publish or disclose District's proprietary information for any purpose other than in the performance of services hereunder without the prior written authorization of District or in response to legal process. Nothing herein contained shall be deemed to abrogate compliance with the California Public Records Act (Government Code Section 6250, et seq.); provided that District shall determine and advise Consultant which documents, if any, are required to be disclosed under said Act.

11. INSURANCE. Consultant shall procure and maintain for the duration of this Agreement, and any Task Orders issued hereunder, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

Minimum Scope and Limit of Insurance. Coverage shall be at least as broad as:

A. Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$2,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

B. Automobile Liability: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Consultant has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.

C. Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease. *(Not required if consultant provides written verification it has no employees.)*

If the Consultant maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to broader coverage and/or the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

Other Insurance Provisions. The insurance policies are to contain, or be endorsed to contain, the following provisions:

A. Additional Insured Status: The District, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Consultant's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

B. Primary Coverage: For any claims related to this contract, the Consultant's insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the District, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the District, its officers, officials, employees, or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

C. Notice of Cancellation: Each insurance policy required above shall state that coverage shall not be canceled, except with notice to the District.

D. Waiver of Subrogation: Consultant hereby grants to District a waiver of any right to subrogation which any insurer of said Consultant may acquire against the District by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the District has received a waiver of subrogation endorsement from the insurer.

E. Self-Insured Retentions: Self-insured retentions must be declared to and approved by the District. The District may require the Consultant to provide proof of ability

to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or District.

F. Acceptability of Insurers: Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the District.

G. Claims Made Policies: If any of the required policies provide coverage on a claims-made basis:

i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

ii. Insurance must be maintained and evidence of insurance must be provided *for at least five (5) years after completion of the contract of work*.

iii. If coverage is canceled or non-renewed, and not *replaced with another claims-made policy form with a Retroactive Date* prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of *five (5) years* after completion of contract work.

H. Verification of Coverage: Consultant shall furnish the District with original Certificates of Insurance including all required and amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to District before work begins. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them. The District reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

I. Special Risks or Circumstances: District reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

12. INDEMNIFICATION. Consultant shall hold harmless, indemnify and defend District, its governing Board of Directors, other boards, commissions, committees, officers, officials, employees, volunteers, and agents (collectively, "Indemnities") from and against all claims for liability, losses, damages, expenses, costs (including, without limitation, costs and fees of litigation) of every nature, kind and description, which may be brought against or suffered or sustained by Indemnities, to the extent caused in whole or in part by the negligence, intentional tortuous acts or omissions, or willful misconduct of Consultant, its officers, employees or agents, in the performance of any services or work pursuant to this Agreement or any Task Order issued hereunder. Consultant's duty to indemnify and save harmless shall include the duty to defend as set forth in California Civil Code Section 2778; provided, that nothing herein contained shall be construed to require Consultant to indemnify Indemnities against any responsibility or liability in contravention of California Civil Code Section 2782.

A. In the event Consultant provides a defense pursuant to this Paragraph and such action or other claim is resolved by a final judicial determination, which includes a

finding that there was no negligence on the part of Consultant, its officers, employees or agents, District shall refund to Consultant all defense costs, judgments and/or amounts paid by Consultant on behalf of Indemnities.

B. In the event Consultant provides a defense pursuant to this Paragraph and such action or other claim is resolved by a final judicial determination which includes a finding as to the respective negligence of Consultant, its officers, employees or agents and any Indemnities(s), then District shall be responsible to pay that portion of the judgment attributed to Indemnities(s), and shall refund to Consultant a pro rata share of any defense costs expended on behalf of Indemnities.

C. In the event Consultant provides a defense pursuant to this Paragraph and such action or other claim is finally resolved by any other means than those stated in Paragraphs 13(a) and 13(b), or in the event Consultant fails to provide a defense to Indemnities, Consultant and District shall meet and confer in an attempt to reach a mutual agreement regarding the apportionment of costs (including attorneys' fees), judgments and/or amounts paid by Consultant and/or Indemnities. In the event Consultant and District are unable to reach agreement regarding such an apportionment, said dispute shall be submitted to arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association in effect on the date a demand for arbitration is submitted. The arbitration panel shall award the prevailing party its costs (including attorneys' fees) incurred in the arbitration.

13. COVENANT AGAINST CONTINGENCY FEES. Consultant hereby warrants that Consultant has not employed or retained any company or person, other than a *bona fide* employee working for Consultant, to solicit or secure this Agreement, and Consultant has not paid or agreed to pay any company or person, other than a *bona fide* employee, any fee, commission, percentage, brokerage fees, gifts or any other consideration, contingent upon or resulting from the award or formation of this Agreement. For breach or violation of this warranty, District shall have the right to annul this Agreement without liability or at District's discretion, to deduct from the Agreement price or consideration or otherwise recover the full amount of such fee, commission, percentage, brokerage fees, gifts or contingent fee.

14. ECONOMIC DISCLOSURE. Upon District's determination that the services provided through this Agreement involve making, or participation in making, decisions which may foreseeably have a material effect on a financial interest, Consultant and/or any of its employees identified by District shall prepare and file an Economic Disclosure Statement(s) consistent with District's local conflict of interest code and the Political Reform Act.

15. PARAGRAPH HEADINGS. Paragraph headings as used herein are for convenience only and shall not be deemed to be a part of any such paragraph and shall not be construed to change the meaning thereof.

16. WAIVER. A waiver by either District or Consultant of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In

the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach.

17. SURVIVABILITY. The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void.

18. INTEGRATION AND MODIFICATION. This Agreement, together with the Compensation Schedule setting forth Consultant's rates and charges and compensable expenses, attached hereto as Exhibit "A," is adopted by District and Consultant as a complete and exclusive statement of the terms of this Agreement between District and Consultant, except to the extent revised and/or implemented through issuance of Task Orders hereunder. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters, or other communications between the District and Consultant, whether written or oral.

19. AMENDMENTS. This Agreement may be amended or supplemented by the parties by written agreement approved and executed in the same manner as this Agreement.

20. SUCCESSORS AND ASSIGNS. This agreement shall be binding upon the respective successors, executors, administrators, assigns, and legal representatives to the parties.

21. GOVERNING LAW. This Agreement shall be governed by, and construed in accordance with, the laws of the State of California.

22. DISPUTE RESOLUTION. The parties agree to first submit any dispute arising out of or in connection with this Agreement to a mutually acceptable professional mediator and to negotiate in good faith toward an agreement with respect to the dispute. Either party within 30 days of providing written notice may initiate mediation. Either party within 60 days of having participated in the first mediation session may provide notice of termination of mediation and thereafter proceed with whatever remedies it may choose in law or in equity.

TITLE: Approve Revised Assistant General Manager Class Description

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, the revised class description for the Assistant General Manager position.

SUMMARY:

With the approval of the District's Operating Budget for Fiscal Years Ending 2020 and 2021 on July 2, 2019, the Board of Directors authorized the filling of the Assistant General Manager position. This position had been filled for a number of years prior to 2014, but was left vacant after that as an economizing measure. However, the position was filled again on a temporary basis for four months in late 2016 to provide an additional resource during the transition of several District senior managers arising from three retirements over a 14-month period. The Assistant General Manager position has been vacant since the end of 2016.

There are a number of strategic initiatives that require substantial additional effort at the executive level. The General Manager and the Assistant General Manager will provide new effort and special focus in the following areas:

- Diversifying the District's long-term water supply, consistent with Board policy
- Updating of numerous complex interagency agreements in order to address changing conditions (such as with DSRSD-EBMUD Recycled Water Authority (DERWA), Livermore-Amador Valley Water Management Agency (LAVWMA), City of Pleasanton, and Zone 7 Water Agency (Zone 7))
- Further developing the District's Asset Management Program to integrate our capital replacement planning, operations/maintenance activities, and financial planning
- Updating our emergency preparedness program

The updated class description reflects the above criteria, and is streamlined to reflect proposed duties. A marked-up "track changes" version of the updated class description is attached (Attachment 1). A clean copy of the proposed revised description is attached (Attachment 2).

Upon approval of the updated class description, recruitment for this position will begin. As with all other senior manager recruitments since 2014, the recruiting firm of Ralph Andersen & Associates will conduct the initial recruitment. Ralph Anderson & Associates is intimately familiar with DSRSD, having completed the last six senior manager recruitments for DSRSD from 2014 to 2016, as well as having recruited the new DERWA Authority Manager earlier this year.

It is anticipated that a Personal Services Agreement for the recommended Assistant General Manager finalist will be brought to the Board of Directors before the end of 2019. Concurrently, the Board will consider an update to the District's official salary schedule to reflect the compensation in the Personal Services Agreement for the Assistant General Manager. The Board has previously authorized the General Manager to negotiate the compensation within set parameters.

TITLE: Approve Agreement with the DSRSD • EBMUD Recycled Water Authority to Provide Conveyance, Treatment, and Disposal of Supplemental Water Supply

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, the Agreement with the DSRSD • EBMUD Recycled Water Authority (DERWA) to Provide Conveyance, Treatment and Disposal of Supplemental Supply.

SUMMARY:

DERWA does not have sufficient supply to meet the recycled water demand on peak irrigation days and has been pursuing supplemental recycled water supply. On February 4, 2019, DERWA entered into an Agreement for the Temporary Diversion of Wastewater with Central Contra Costa Sanitary District (Central San). The agreement with Central San allows for the diversion of wastewater from the Central San wastewater collection system to the DSRSD collection system for conveyance to and treatment at the DSRSD Regional Wastewater Treatment Facility (RWTF).

DERWA is also investigating developing wells in the groundwater fringe basin to supplement the recycled water supply. The fringe basin water quality is poor, and DERWA has proposed discharging the fringe basin groundwater into the DSRSD wastewater collection system for conveyance to and treatment at the RWTF.

Staff has developed an agreement with DERWA to compensate DSRSD for the secondary treatment of any supplemental supply conveyed to the RWTF and, should the supplemental supply exceed the recycled water demand, for the disposal of the treated supply through Livermore Amador Valley Water Management Agency (LAVWMA). The compensation will be on the increased cost of energy and chemicals to treat the additional flow.

The term of the Agreement is five (5) years and will automatically renew thereafter for successive one (1) year terms.

WHEREAS, DERWA continues to seek additional sources of supplemental supply; and

WHEREAS, the Parties agree that DSRSD will incur additional cost to convey the source water and to treat the supplemental supply to secondary levels, and to occasionally dispose of excess source water through the Livermore-Amador Valley Water Management Agency (LAVWMA) facilities; and

WHEREAS, it is the mutual desire of the Parties to set forth in this Agreement the terms and conditions under which DSRSD will convey the source water to DSRSD's main wastewater treatment facility, treat the supplemental supply to secondary levels before being delivered to the DERWA treatment facility for tertiary treatment, and occasionally dispose of excess source water through the LAVWMA facilities.

NOW, THEREFORE, in consideration of these Recitals and the terms, conditions and covenants contained herein, it is mutually understood and agreed as follows:

SECTION 1: CONDITIONS UPON CONVEYANCE OF SUPPLEMENTAL WATER

- A. DSRSD will convey supplemental supply from its source to its main wastewater treatment facility through existing sewer pipelines without cost subject to the following conditions:
 - (1) DSRSD may refuse to convey supplemental supply through a pipeline if the supplemental supply, together with the wastewater then being conveyed through the pipeline, would exceed the design capacity of any portion of the pipeline (currently a ratio of 0.8 depth/diameter);
 - (2) DSRSD may suspend conveyance of supplemental supply through a pipeline during the repair or replacement of portions of that pipeline;
 - (3) DSRSD may refuse to convey supplemental supply that exceeds its Pretreatment Program Local Limits from time to time in effect.

SECTION 2: COSTS OF SUPPLEMENTAL SUPPLY INCREMENTAL TREATMENT

- A. DERWA will pay a unit cost for the costs of supplemental supply incremental treatment. The unit cost per million gallons to treat supplemental supply to secondary levels will be based on additional chemical and energy costs incurred by DSRSD during the peak months of recycled water demand which include June, July, August, and September.
- B. The terms "Contract Year" and "CY" shall have the meaning provided in the Agreement for the Sale of Recycled Water as it may be amended from time to time. The current definition appears in Exhibit "B", Definitions, to that Agreement as item (W) "Year, Contract."
- C. The CY 2019-2020 unit cost will be \$518 per million gallons based on the actual cost data from June, July, August, and September of CY 2018-2019. The unit cost for subsequent Contract Years will thereafter be adjusted according to the actual unit cost data for June, July, August, and September of the Contract Year immediately preceding as determined through the reconciliation process described in Section 5 of this Agreement. The unit cost will be estimated to the

nearest dollar. Exhibit "A" to this Agreement provides a sample calculation to illustrate the reconciliation methodology.

- D. DSRSD will bill DERWA monthly for the costs of supplemental supply that it treats for DERWA. Supplemental supply incremental treatment costs as provided herein shall be considered DERWA Operations Costs pursuant to the Agreement for the Sale of Recycled Water and DERWA shall bill its Member Agencies per Article IV. of that agreement.

SECTION 3: COSTS OF BIOSOLIDS DISPOSAL

In year four (4) of the Initial Term and in any Renewal Term, as defined in Section 6.A below, DSRSD shall be entitled to include the cost of biosolids disposal in the calculation of the unit cost for supplemental supply incremental treatment for those supplemental supplies that include suspended solids. The estimated cost of biosolids disposal will be furnished to DERWA not less than three (3) months prior to the expiration of year three (3) of the Initial Term.

The biosolids disposal unit cost for year five and subsequent Contract Years will thereafter be adjusted according to the actual unit cost data for June, July, August, and September of the Contract Year immediately preceding as determined through the reconciliation process described in Section 5 of this Agreement.

SECTION 4: COSTS OF NECESSARY DISPOSAL THROUGH LAVWMA

- A. If the total quantity of supplemental supply conveyed to and treated to secondary levels by DSRSD's main wastewater treatment facility exceeds the quantity that can be beneficially used as a recycled water supply, such secondary effluent will need to be conveyed by the LAVWMA for disposal by the East Bay Dischargers Authority (EBDA).
- B. DERWA shall pay the costs actually charged to and paid by DSRSD to LAVWMA (based on LAVWMA operations and maintenance costs per million gallons) for conveying the excess quantity of supplemental supply to EBDA for disposal. The CY 2019-2020 unit cost will be \$737 per million gallons conveyed through LAVWMA based on actual cost data from June, July, August, and September of CY 2018-2019. The unit cost for subsequent Contract Years will thereafter be adjusted according to the actual unit cost data for June, July, August, and September of the Contract Year immediately preceding as determined through the reconciliation process described in Section 5. The unit cost will be estimated to the nearest dollar. Exhibit "B" to this Agreement provides a sample calculation to illustrate the reconciliation methodology.

SECTION 5: RECONCILIATION OF COSTS

At the end of each Contract Year, DERWA, in cooperation with DSRSD, will perform an audit to determine the actual cost of supplemental supply incremental treatment, LAVWMA conveyance costs, and biosolids disposal and reconcile the unit costs for each. The resulting actual unit costs shall, as provided for in Section 2.C, Section 3, and Section 4 of this Agreement, be the basis for the subsequent Contract Year unit costs.

DERWA shall reconcile the amount each Member Agency paid for the preceding Contract Year to reflect the actual unit costs as determined hereunder.

SECTION 6: TERM OF AGREEMENT

- A. The Initial Term of this Agreement shall be five (5) years beginning with the date first set forth above. This Agreement shall automatically renew thereafter for successive one (1) year terms unless either of the Parties hereto provides to the other Party written notice of intent to terminate this Agreement not less than three (3) months prior to the expiration of the Initial Term or any Renewal Term, as applicable.
- B. Notwithstanding the foregoing, a Renewal Term shall not extend the term of this Agreement beyond the respective terms of the Water Supply Agreement and the Agreement For the Sale of Recycled Water between DERWA and its Member Agencies; and if either of those agreements is terminated for any cause, this Agreement To Provide Treatment For Supplemental Supply Water will expire as of the same date without the need for any affirmative action by either Party.

SECTION 7: DISPUTE RESOLUTION

In the event that a dispute arises over the administration of this Agreement, the general provisions of Article VI, Dispute Resolution, of the Agreement for the Sale of Recycled Water shall be followed.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed and attested by their proper officers thereunto duly authorized, on the day and year set opposite the name of each of the Parties. The Effective Date of this Agreement shall be the date of the last signature affixed below.

TITLE: Approve Continuation of Emergency Action Procurement by General Manager for Repair of the District Office and Find that the Need for the District Office Flooding Emergency Still Exists

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Motion, a continuation of the Emergency Action as declared in Board Resolution No. 53-18 and find that there exists a need for continuing the District Office flooding emergency which the Board last confirmed on July 16, 2019.

SUMMARY:

On Sunday, November 11, 2018, the District Office flooded due to a leak in the fire service line. The General Manager, as the District's Emergency Manager per the District's Emergency Response Plan policy, immediately proclaimed a District State of Emergency to reduce potential further property damage due to water exposure and to minimize the time to restore core business operations.

The District Office is closed for restoration and repair. Staff is requesting the Board of Directors find that there still exists a need for continuing the State of Emergency reflected by Board Resolution No. 53-18. Expedited action, including the emergency procurement of equipment, furnishings, services, supplies, and repairs, is necessary to bring about re-occupancy of the District Office by staff at the earliest opportunity, in order to restore normal operations and core services. Delay in restoration and repair will have an unacceptable adverse impact on the services provided by the District.

Further detail on the emergency and the current state of restoration is reflected in the attached staff report.

STAFF REPORT

District Board of Directors
August 6, 2019

Approve Continuation of Emergency Action Procurement by General Manager for Repair of the District Office and Find that the Need for the District Office Flooding Emergency Still Exists

BACKGROUND

On Sunday, November 11, 2018, the District Office flooded due to a leak in the fire service line. The General Manager, as the District's Emergency Manager per the District's Emergency Response Plan policy, immediately proclaimed a District State of Emergency to reduce potential further property damage due to water exposure and to minimize the time to restore core business operations. As the Emergency Manager, the General Manager is charged with managing all emergency operations and making decisions to allocate resources and expend funds as necessary to meet the needs of the emergency.

Per the District's Purchasing policy, in case of an emergency and in accordance with Public Contract Code Section 22050, the General Manager may let contracts for any amount without giving notice for bids for repair or replacement of a public facility, take any directly related and immediate action required by that emergency, and procure the necessary equipment, services, and supplies for those purposes. On November 20, 2018, the Board of Directors adopted Resolution No. 53-18 approving emergency action procurement by the General Manager for restoration of the District Office. Per the Public Contract Code, at every regularly scheduled meeting after the initial emergency action, the Board is to review and determine by a four-fifths vote, that there is a need to continue the emergency action.

DISCUSSION

RESTORATION AND RENOVATION UPDATE

Because the District Office is over 27 years old and much of the building systems and furnishing are original, staff recommended completing a building renovation along with the flood restoration work. On February 14, 2019, the Board approved an amendment to the Capital Improvement Program (CIP) to add the District Office Renovation Project (CIP 19-A005). The restoration of the building will be paid for through an insurance claim, and the renovation work will be paid for through the CIP project.

Through the emergency action procurement, the District is able to complete the work using an expedited design build process. The plans and specifications for the project were completed in late June 2019. Staff consequently submitted an application for a building permit for the construction of the District Office Renovation Project shortly thereafter. To address comments received from the City of Dublin, a revised set of drawings and specifications was submitted on July 31, 2019. Staff expects that the building permit will be issued in mid-August 2019.

Concurrent with the building permit review, staff is in active negotiations with the design-build contractor, Sausal Corporation, to define the terms of the construction contract. A construction contract between the District and Sausal Corporation is anticipated to be executed by mid-August. The notice to proceed will be issued upon receipt of both the City building permit and execution of the construction contract.

Staff is also working closely with the insurance adjuster to segregate the costs between restoration and renovation work. The insurance adjuster is evaluating the final design drawings and will stipulate the scope of work that will be covered by the insurer. The actual reimbursable amount to the District will be determined by contractor's bid to complete the scope of work that will be covered by the insurer, and other cost adjustments, as determined by the claims adjuster.

NEED FOR CONTINUING EMERGENCY

The District Office is closed until further notice. Displaced District Office staff have been assigned to the Regional Wastewater Treatment Facility, the Field Operations Facility, the utility building behind the District Office, and Dublin City Hall. District administrative operations and customer service have been hampered in the following ways:

- The Board's customary meeting place for Board meetings is unavailable for use, inconveniencing the public who might wish to attend Board meetings;
- Customer service functions related to "in-person" bill payment have been suspended, because the Field Operations Facility where the Customer Services & Billing Division has been temporarily relocated to cannot accommodate in-person payment of water and sewer bills. Thus, one form of payment (in-person) is not available to the District's customers;
- There is minimal meeting space for staff for internal meetings, to meet with developer representatives and contractors, and to confer with other agency personnel;
- Natural work efficiencies are degraded with the Engineering Department, the Administrative Services Department, the Executive Services Division, and the Communications Division working in ad hoc work spaces at the Field Operations Facility;
- Many supervisory staff have lost use of their individual offices for confidential meetings pertaining to performance management, coaching, and recruiting; and
- Through relocation of some District staff to the Field Operations Facility Training Room, space for large group training activities has been lost. Moreover, meeting space for regional meetings has been lost (neither the Boardroom nor the Field Operations Facility Training Room are available).

Based on the above consequences of the District Office being closed for restoration and repair, staff is requesting the Board of Directors find that there still exists a need for continuing the State of Emergency reflected by Board Resolution No. 53-18. Expedited action, including the emergency procurement of equipment, furnishings, services, supplies, and repairs, is necessary to bring about re-occupancy of the District Office by staff at the earliest opportunity, in order to restore normal operations and core services. Delay in restoration and repair will have an unacceptable adverse impact on the services provided by the District.

RECOMMENDATION

Staff recommends the Board of Directors approve, by Motion, a continuation of the State of Emergency as declared by Board Resolution No. 53-18 and find that there exists a need for continuing the District Office flooding emergency which the Board confirmed at the previous regularly scheduled meeting on July 16, 2019. A four-fifths vote by the Board of Directors is required to continue the State of Emergency.

TITLE: Approve Continuation of Emergency Action Procurement by General Manager for Repair of the Jeffrey G. Hansen Water Recycling Plant and Find that the Need for the Electrical Power Supply Failure Emergency Still Exists

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Motion, a continuation of the Emergency Action as declared in Board Resolution No. 16-19 and find that there exists a need for continuing the electrical power supply failure emergency at the Jeffrey G. Hansen Water Recycling Plant which the Board last confirmed on July 16, 2019.

SUMMARY:

On Sunday, April 7, 2019, a catastrophic power supply failure occurred at the Jeffrey G. Hansen Water Recycling Plant due to a ground fault in the external electrical bus ducting connection the main transformer to switchgear in Building M (also known as west cable bus duct). This loss of power primarily affected the Effluent Pumps (EPS2), the Tertiary Influent Pumps (TIPS), the recycled water ballasted flocculation and sand filters, and supervisory control and data acquisition (SCADA) equipment in Building M, reducing production output from the water recycling plant by approximately 80 percent.

At a special Board meeting on April 16, 2019, the DERWA Board of Directors authorized emergency actions and expenditures necessary to make all repairs, up to \$1,000,000.

The west cable bus duct repair is complete. The contractor has started fabrication of the equipment for repair of the east-side power connections with actual installation scheduled in November when recycled water demand is less. The DERWA Authority Manager approved the staff recommendation to proceed with the installation of a duct bank from switchgear SG-1 to Building N (MF-RO building to east DERWA substation) to provide power during construction at an additional cost of \$121,439. The option to provide power through cable ducting is more than the cost of a rental emergency generator. The benefits of the permanent cable ducting is the future use in providing an alternative power source for the eastside as well as to power the west side if needed.

To date, District staff has logged 565.5 hours of labor for this emergency. Purchase orders in the amount of \$706,584 have been issued to date, of which \$338,968 have been spent to date. Attachment 1 provides the cost summary in details.

A four-fifths vote is necessary to extend the emergency.

TITLE: Public Hearing: Adopt Engineer's Report and Direct Levy of Annual Assessments in the Dublin San Ramon Services District Dougherty Valley Standby Charge District 2001-1 for Fiscal Year 2019–2020

RECOMMENDATION:

Staff recommends the Board of Directors hold a public hearing and adopt, by Resolution, the Engineer's Report and direct the levy of annual assessments in the Dublin San Ramon Services District Dougherty Valley Standby Charge District 2001-1 for Fiscal Year 2019–2020.

SUMMARY:

Each year, the Zone 7 Water Agency provides estimated costs associated with the California Department of Water Resources (DWR) State Water Project (SWP) specifically associated with providing water service to the Dougherty Valley area in the City of San Ramon. An Engineer's Report is prepared annually that determines projected costs to be incurred in the upcoming fiscal year and the allocation of those costs based upon equivalent dwelling units (EDUs). The Board initially adopts a resolution of intention to levy annual assessments, followed by a public hearing at the next Board meeting. After the public hearing, the Board adopts the Engineer's Report and directs the levy of the assessments. These assessments are then placed on the Contra Costa County property tax roll.

The annual assessments for Fiscal Year 2019–2020 is \$1,296,338.86 for 7,592.399 EDUs or \$170.75 per EDU.

This action must be taken by the Board in order to levy assessments in the Dougherty Valley Standby Charge District 2001-1 for Fiscal Year 2019–2020. The Board adopted the Resolution of Intent on July 16, 2019, which is required prior to adopting the Engineer's Report and directing the levy.

3. ASSESSMENTS

The actual assessment and the amount of the Assessment for Fiscal Year 2019/20 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Section 5 of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Contra Costa and such records are, by reference, made part of this Report.

Method of Apportionment

The Assessments are apportioned according to the special benefits received by the lots, pieces, and parcels of land within the Standby Charge District. The proportionate benefit derived by each parcel is determined in relationship to the entirety of the Standby Charges. No assessment has been apportioned on any parcel that exceeds the reasonable cost of the proportional benefit conferred on that parcel.

Under this Report the Assessments for the Standby Charge District are apportioned in accordance with the foregoing and using the following criteria.

The Assessments for each parcel of land were apportioned based on the number of projected EDUs for build-out within that parcel.

For this purpose, a single family detached dwelling unit is equal to 1.0 EDU, a multi-family attached dwelling unit is equal to .40 EDU, and each acre of commercial land is equal to 4.0 EDU.

With respect to Windemere Ranch, the number of EDUs per parcel were originally determined at the time of district formation from the approved tentative subdivision maps for Phase 1, and for future phases, the number of EDUs per parcel were estimated by evenly distributing the remaining approved dwelling units within the project per the Dougherty Valley Specific Plan over the developable acreage within each parcel because the zoning is the same. No EDUs were assigned to parks, schools or open space areas. For this Report, the estimate of EDUs per parcel was updated based on current development for parcels that were subdivided.

With respect to Gale Ranch, the number of EDUs per parcel was originally determined at the time of district formation from the approved tentative subdivision map for Phase 2, and the tentative subdivision map dated May 27, 2001, submitted to the Contra Costa County for review for Phase 3. For the remaining areas of Gale Ranch (Phase 4), the number of EDUs was estimated based on the total approved dwelling units and non-residential land uses per the Dougherty Valley Specific Plan. No EDUs were assigned to parks, schools, or open space areas. For this Report, there have been no subdivisions or changes to the assumptions.

(Note: Phase 1 of Gale Ranch is not included in the Standby Charge District)

TITLE: Public Hearing: Adopt Dougherty Valley Incremental State Water Project Report and Direct Levy of Dougherty Valley Incremental State Water Project Charges in the Dougherty Valley Standby Charge District 2001-1 for Fiscal Year 2019–2020

RECOMMENDATION:

Staff recommends the Board of Directors hold a public hearing and adopt, by Resolution, the Dougherty Valley Incremental State Water Project Charge Report (DV Report) and direct the levy of Dougherty Valley Incremental State Water Project Charges (DV Incremental SWP Charge) in the Dublin San Ramon Services District Dougherty Valley Standby Charge District (DVSCD) 2001-1 for Fiscal Year 2019–2020.

SUMMARY:

On June 18, 2019, the Board established the DV Incremental SWP Charge by Resolution No. 21-19, and directed staff to levy the charges in the DVSCD for non-governmental potable water customers on the Contra Costa County property tax roll and for governmental potable water customers on utility bills by Resolution No. 22-19. The DV Incremental SWP Charge was established to recover California Department of Water Resources State Water Project costs associated with providing service to the Dougherty Valley area in the City of San Ramon that exceed the maximum DVSCD Standby Charge assessment.

An Engineer's Report was prepared by NBS Government Finance Group (NBS), which estimates the maximum DVSCD assessment to be \$1.30 million. State Water Project costs exceed the maximum assessment by \$106,480.14. Staff contracted with NBS to prepare a separate DV Report (Attachment 1) to determine the amount of the DV Incremental SWP Charge and apply the same apportionment methodology as the Engineer's Report to allocate the excess cost.

Total charges (including administrative fees) are \$117,480.14.

Total governmental potable water customer charges to be included in utility bills are \$17,498.52.

Total non-governmental potable water customer charges to be levied on the Contra Costa County property tax roll are \$99,981.62 for 7,592.399 equivalent dwelling units (EDU). This results in a charge of \$15.28 per EDU.

1. INTRODUCTION

On May 1, 2001, the Board adopted Resolution No. 14-01, a Resolution Initiating Proceedings for the Levy of Standby Charges, and in it directed the preparation and filing of a report in writing (the “Engineer’s Report”) in accordance with and pursuant to Article XIII D of the California Constitution and the Uniform Standby Charge Procedures Act, Sections 54984 et seq., of the California Government Code (together, the “Act”) in and for the District’s Dougherty Valley Standby Charge District 2001-1 (the “Assessment District”).

Resolution No. 14-01 contemplated that the Standby Charges to be established based on the Engineer’s Report would be used to pay certain costs of the State Water Project incurred by the District under certain agreements between the District and Alameda County Flood Control and Water Conservation District, Zone 7 (Zone 7) regarding the provision of potable water service in Dougherty Valley in Contra Costa County.

For all District customers located in Alameda County, the corresponding costs of the State Water Project are collected directly by Zone 7 on the property tax rolls, but because Zone 7 lacks authority to collect these costs on the property tax rolls in Contra Costa County, it was necessary for the District to use another mechanism to collect those costs as a condition of the District being allowed to serve to the Dougherty Valley water delivered to Zone 7 from the State Water Project.

On June 19, 2001, after a duly noticed and held public hearing, by Resolution No. 20-01, the Board approved the establishment of the contemplated Assessment District and approved the Engineer’s Report with respect thereto and authorized the levy of assessments for Standby Charges (the “Assessments”) in the Assessment District to pay for certain costs of the State Water Project in amounts not to exceed those provided in the Engineer’s Report.

The Engineer’s Report calculated a maximum Standby Charge of \$170.75 for each Equivalent Dwelling Unit (EDU) within the Assessment District, which was the amount of the Charge for which notice was provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing.

Beginning in fiscal year 2019/2020, these State Water Project costs, when spread over the EDUs within the Assessment District, are projected to exceed the maximum Standby Charge specified in the notice provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing.

On June 18, 2019, a public hearing was held and the Board established a Dougherty Valley Incremental State Water Project Charge (DV Incremental SWP Charge) to recover State Water Project costs that, when spread over the EDUs within the Assessment District, would exceed the maximum Standby Charge.

Sections 4.40.010 and 4.40.020 of the District Code allows the Board of Directors to establish a water use charge by separate ordinance or resolution.

Section 4.40.120 of the District Code allows the Board of Directors to elect to use the tax roll for the collection of water service charges and fees or charges for other services related to water service, whether delinquent or not, for collection with and at the same time and in the same manner as property taxes.

The Board desires to levy the DV Incremental SWP Charge for non-governmental parcel owners in the Assessment District on the Contra Costa County property tax roll.

The Board desires to charge governmental potable water customers a proportionate share of SWP Charges on their utility bills.

The following is made to cover the annual costs and expenses related to the DV Incremental SWP Charge.

RESOLUTION NO. _____

A RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT ADOPTING DOUGHERTY VALLEY INCREMENTAL STATE WATER PROJECT CHARGE REPORT AND DIRECTING THE LEVY OF DOUGHERTY VALLEY INCREMENTAL STATE WATER PROJECT CHARGES IN THE DUBLIN SAN RAMON SERVICES DISTRICT DOUGHERTY VALLEY STANDBY CHARGE DISTRICT 2001-1 FOR FISCAL YEAR 2019-2020

WHEREAS, on May 1, 2001, the Board of Directors (the "Board") of the Dublin San Ramon Services District (the "District"), located in the Counties of Alameda and Contra Costa, adopted Resolution No. 14-01, A Resolution Initiating Proceedings for the Levy of Standby Charges in the Dougherty Valley in Contra Costa County, and in it directed the preparation and filing of a report in writing (the "Engineer's Report") in accordance with and pursuant to Article XIII D of the California Constitution and the Uniform Standby Charge Procedures Act, Sections 54984 *et seq.*, of the California Government Code (together, the "Act") in and for the District's Dougherty Valley Standby Charge District 2001-1 (the "Assessment District"); and

WHEREAS, Resolution No. 14-01 contemplated that the Standby Charges to be established based on the Engineer's Report would be used to pay certain costs of the California State Water Project incurred by the District under certain agreements between the District and Alameda County Flood Control and Water Conservation District, Zone 7 (Zone 7) regarding the provision of potable water service in Dougherty Valley in Contra Costa County; and

WHEREAS, for all District customers located in Alameda County, the corresponding costs of the State Water Project are collected directly by Zone 7 on the tax rolls, but because Zone 7 lacks authority to collect these costs on the property tax rolls in Contra Costa County, it was necessary for the District to use another mechanism to collect those costs as a condition of the District being allowed to serve to the Dougherty Valley water delivered to Zone 7 from the State Water Project; and

WHEREAS, on June 19, 2001, after a duly noticed and held public hearing, by Resolution No. 20-01, the Board approved the establishment of the contemplated Assessment District and approved the Engineer's Report with respect thereto and authorized the levy of assessments for standby charges (the "Assessments") in the Assessment District to pay for certain costs of the State Water Project in amounts not to exceed those provided in the Engineer's Report; and

WHEREAS, the Engineer's Report calculated a maximum Standby Charge of \$170.75 for each Equivalent Dwelling Unit (EDU) within the Assessment District, which was the amount of the Charge for which notice was provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing; and

WHEREAS, beginning in fiscal year 2019–2020, these State Water Project costs, when spread over the EDUs within the Assessment District, are projected to require a Charge in excess of the amount

Res. No. _____

of the maximum Standby Charge specified in the notice provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing; and

WHEREAS, Sections 4.40.010 and 4.40.020 of the District Code allow the Board of Directors to establish periodic water service charges and water quantity use charges by separate ordinance or resolution; and

WHEREAS, on June 18, 2019 after a duly noticed and held public hearing, by Resolution No. 21-19, the Board approved the establishment of the Dougherty Valley Incremental State Water Project Charge (the "DV Incremental SWP Charge") in the Dublin San Ramon Services District Dougherty Valley Standby Charge District 2001-1 to recover the increment of these State Water Project costs that, when spread over the EDUs within the Assessment District, would exceed the maximum Standby Charge; and

WHEREAS, on June 18, 2019, by Resolution No. 22-19, the Board directed a separate Dougherty Valley Incremental State Water Project Charge Report (the "DV Report") to be prepared for purposes of determining DV Incremental SWP Charges for Fiscal Year 2019-2020 (the "Next Fiscal Year"); and

WHEREAS, the DV Report has calculated a maximum DV Incremental SWP Charge of \$15.28 for each EDU within the Assessment District, which was the amount of the charge for which notice was provided pursuant to Proposition 218 in connection with the June 18, 2019 hearing; and

WHEREAS, Section 4.40.120 of the District Code allows the Board of Directors to elect to use the tax roll for the collection of water service charges and fees or charges for other services related to water service, whether delinquent or not, for collection with and at the same time and in the same manner as property taxes; and

WHEREAS, the Board desires to levy the DV Incremental SWP Charge for non-governmental parcel owners in the Assessment District on the Contra Costa County property tax roll; and

WHEREAS, the Board desires to charge governmental potable water customers a proportionate share of Standby Charge assessments and DV Incremental SWP Charges on their utility bills; and

WHEREAS, the Board held a public hearing on August 6, 2019, on the issue of the levy of the DV Incremental SWP Charge for the Next Fiscal Year, and all persons desiring to be heard were given an opportunity to be heard, and all objections to the assessment were considered by this Board.

NOW, THEREFORE, IT IS RESOLVED by the Board of Directors (the "Board") of the Dublin San Ramon Services District, County of Contra Costa, State of California, and ordered as follows:

1. Objections and Protests. No objections or protests against the levy of DV Incremental SWP Charges for the Assessment District, as a whole or as to any part thereof, or against the estimate of costs and the assessments, in whole or in part, were received prior to or at the public hearing.

2. Public Interest. The public interest, convenience and necessity require the levy of DV Incremental SWP Charges within the Assessment District.

Res. No. _____

3. District Described. The Assessment District within which the DV Incremental SWP Charges will be levied to recover the increment of these State Water Project costs that, when spread over the EDUs within the Assessment District, would exceed the maximum Standby Charge.

4. DV Report Approved. The DV Report, in the form on file with the District and to which reference is hereby made for further particulars, including the estimates and apportionment of costs and expenses, is hereby approved and confirmed and shall stand as the DV Report for the Next Fiscal Year.

5. Benefits Determined. Based on the oral and documentary evidence, including the DV Report, offered and received at the public hearing, this Board expressly finds and determines that each of the several subdivisions of land in the Assessment District, and each of the properties therein, will be specially benefited by continuing to receive water service.

6. Collection of Charges. The charges herein confirmed for governmental potable water customers shall be collected on their respective utility bills and the charges herein confirmed for non-governmental potable water customers shall be collected as a separate levy (identified as "DSRSD-DRTY VLY01-1") on the Contra Costa County property tax roll.

7. Effective Date. This resolution shall be effective upon the date of its adoption.

ADOPTED by the Board of Directors of Dublin San Ramon Services District, a public agency in the State of California, Counties of Alameda and Contra Costa, at its regular meeting held on the 6th day of August, 2019, and passed by the following vote:

TITLE: Receive a Report on the Tri-Valley Water Liaison Committee Meeting of July 24, 2019

RECOMMENDATION:

Staff recommends the Board of Directors receive a report on the Tri-Valley Water Liaison Committee meeting of July 24, 2019.

SUMMARY:

The Tri-Valley Water Liaison Committee meeting was held on July 24, 2019. Representatives from DSRSD, Zone 7 Water Agency (Zone 7), City of Pleasanton, City of Livermore, and California Water Service Company were present. President Misheloff and Director Vonheeder-Leopold represented DSRSD.

Dr. Amparo Flores, Zone 7's Integrated Planning Manager, provided a presentation on Zone 7's 2019 Water Supply Evaluation (WSE). Key WSE findings included:

- The reliability of the supply is declining.
- Additional water supplies are needed to accommodate reduced State Water Project reliability and growth.
- There are multiple portfolios that can meet the Tri-Valley's needs.
- Multiple new water supply reliability projects will be needed.
- Significant investments are required.

Zone 7 is concurrently exploring a number of water supply options to bolster the Tri-Valley's water supply, including:

- Delta Conveyance (formerly known as the California WaterFix)
- Sites Reservoir
- Los Vaqueros Expansion (and Bethany Transfer Pipeline)
- Regional Potable Reuse
- Regional Desalination
- Water Transfers

There was widespread support for continuing to explore all the water supply options. The potable reuse option has been the focus of the Liaison committee over the past few years as it is the only option that is within the control of the agencies and requires the cooperation of all the agencies to move forward. Zone 7 and the Tri-Valley water retailers completed a Joint Tri-Valley Potable Reuse Technical Feasibility Study in 2018 that concluded potable reuse was a feasible water supply with the potential to provide 7% to 15% of the Tri-Valley's water supply at buildout. The Liaison Committee expressed support for funding the next phase of studies in support of potable reuse, and suggested that the various agencies proceed with a joint effort under a task order to the 2014 Tri-Valley Intergovernmental Reciprocal Services Agreement. These studies will be useful to various officials when further decisions are made about water supply projects in the years to come.

A recap of this Liaison Committee meeting will be provided by staff at the Board meeting.

TITLE: Receive a Report on the Low Income Assistance (LIA) Program and Provide Direction

RECOMMENDATION:

Staff recommends the Board of Directors receive a report on the District's Low Income Assistance (LIA) Program and provide direction to staff.

SUMMARY:

On October 5, 2010, the Board of Directors adopted Resolution No. 41-10 to provide rate relief to customers experiencing financial hardship in an amount equal to a percentage of the Fixed Meter Fee. The Board determined, at that time, to set the percentage at 100%, and to review and adjust the percentage on an annual basis. The fixed fee is currently \$35.16.

As of June 2019, 201 households were enrolled in the program with an estimated program cost of approximately \$47,000. The District continues to do outreach to our customers to inform them of this program, including on-site visits to the Dublin Senior Center.

The table below provides the LIA expenditures per fiscal year since inception of the program and in total.

Staff is recommending no change in the current program. The program has been well received and is at the maximum rate relief provided under the resolution. In addition, it is paid for by "non-rate revenues" received from the lease of our cell towers, and thus compliant with the requirements of Proposition 218. It should be noted that the provisions of Proposition 218 (Articles XIIC and XIID of the California State Constitution) prohibit explicit subsidies of one class of rate payers by other classes of rate payers. Thus, it is not permissible for this program to be funded through water rates.

TITLE: Approve Health Insurance Contribution for Calendar Year 2020 for Board of Directors

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, a health insurance premium contribution for the period of January 1, 2020 to December 31, 2020 for active Boardmembers and annuitants, setting future Boardmember health insurance contribution rates equal to the contributions for active employees.

SUMMARY:

Annually, the Board of Directors sets the District contribution for medical premiums for the following year for Boardmembers and annuitants. The attached staff report discusses three options for setting the 2020 rate. The recommended Option #3 provides that the 2020 contribution rate will be at the same level as the 2019 rate, and provides that contribution rates on behalf of Boardmembers in future years will be consistent with contribution rates on behalf of all District employees. This would automatically extend past practice into future years, unless there were changing circumstances, or Board preferences change in future years.

STAFF REPORT

District Board of Directors
August 6, 2019

Approve Health Insurance Contribution for Calendar Year 2020 for Board of Directors

DISCUSSION

In mid-June of 2019, California Public Employees' Retirement System (CalPERS) notified contracting agencies of medical premium increases effective January 1 of the following calendar year. Under the terms of the memorandums of understanding with the bargaining groups, the District contribution for medical premiums will remain unchanged in 2020 compared to 2019. The memorandums of understanding currently provide for a consistent contribution rate across the bargaining units. Traditionally, the Board will affirm by resolution the health insurance premium contributions for all District employees consistent with the memorandums of understanding, and provide this resolution to CalPERS as required. Because there is no change to District contribution from 2019 to 2020, no resolution for contribution for employees is required this year. An earlier resolution approved by the Board remains in effect.

There are no governing documents or policies that establish the health insurance premium contribution amount for Boardmembers. The Board of Directors has the discretion to set the contribution for Boardmembers at any amount. The Board makes this determination each year by resolution. Historically, the Board of Directors has approved premium contributions for active and non-vested retiree Boardmembers similar to those adopted for employees. If the Board were to continue with this past practice, the 2020 District contribution amounts would be \$780 per month (for Employee only), \$1,560 per month (for Employee plus one dependent) and \$2,028 per month (for Employee plus two or more dependents), the same contribution amounts as in 2019.

There are three options for the Board to consider:

1. Keep the District contribution for Boardmembers health insurance premiums in 2020 at the same level as 2019. Because this option involves no change, the Board could implement this action by motion at the August 6 Board meeting, without the need for a resolution to change the amounts.
2. Adopt a resolution that would change the health insurance premium contributions by the District for 2020 (different from the amount specified for 2019). If this were the case, the Board would need to specify the amount of the District contribution for 2020 (either more or less) at the August 6 Board meeting, and staff would bring back a resolution incorporating that direction at the September 3, 2019 Board meeting.
3. Elect to keep the District premium contributions unchanged in 2020 compared to 2019, and adopt a resolution stating that health insurance contributions in future years (2021 and beyond) will be automatically adjusted to the same level as active employees, provided that the contribution remains consistent across all bargaining units. This option provides for an automatic adjustment in line with adjustments made for employees in later years.

The only conditions under which this practice under Option #3 would be reconsidered is if the Board elected to change the procedure in a later year, or if future bargaining unit memorandums were inconsistent with how employee contributions are determined. This is because if there are different

contribution rates for different bargaining units at some point in the future, an ambiguity would be created as to which differing rate would be controlling.

Option 3 is a streamlining measure, which would establish past Board practice as an automatic practice going forward. The Board could always request that this be reconsidered at a later time, if circumstances or Board preferences changed. Because this option extends past practice into the future, and eliminates the need for an annual agenda item to discuss this matter, staff recommends this option.

RECOMMENDATION

Staff recommends that the Board proceed with Option 3, and approve a resolution establishing the District contribution rates for Boardmember health insurance contributions for 2020 at the same level as 2019, and setting future Boardmember health insurance contribution rates equal to the contributions by active employees, provided that the contribution is the same across all existing labor agreements.

TITLE: Discuss Day of Service Policy and Provide Direction

RECOMMENDATION:

Staff recommends the Board of Directors discuss the Day of Service policy and provide direction.

SUMMARY:

The policy was most recently revised by the Board on August 16, 2016, mainly to add attendance at certain ceremonial functions of other agencies, such as ribbon cuttings and groundbreakings, as activities eligible for compensation. Noted in the Summary & Recommendation for the revisions to the policy in 2016 is that adoption of the revised policy as proposed will not comprise pre-approval.

Two Directors have previously requested review of the Day of Service policy (Attachment 1). Based on questions received on the monthly Director Timesheets, staff presents a marked-up policy (Attachment 2) with these revisions:

- Provide pre-approval of all eligible events listed in the policy, thereby discontinue the annual Board item to approve attendance of meetings and conferences.
- Divide the Services Eligible for Compensation section into two to distinguish services requiring, and not requiring, the timely submission of a written report.
- Replace the guidelines spelled out in the Activities and/or Events Ineligible for Compensation section, with a list of types of events for clarity.
- Simplify the process for requesting Board determination of eligibility under the Review and Approval section.
- Reduce the types of allowable written reports under the Contents of Written Reports section.
- Move text around for better flow.

Attachment 3 shows a proposed policy without the markups. Staff recommends the Board provide input and direction to present a revised policy for adoption by the Board on the Consent Calendar on September 3, 2019.

The Community Services District Law allows members of a water district governing board to receive compensation for each day of service up to 10 days in a calendar month. California Government Code Section 61047(e) defines a day of service as any of the following meetings and events:

1. A meeting conducted pursuant to the Ralph M. Brown Act
2. Representation of the district at a public event, with Board pre-approval
3. Representation of the district at a public meeting or a public hearing conducted by another public agency, with Board pre-approval
4. Representation of the district at a meeting of a public benefit nonprofit corporation on whose board the district has membership, with Board pre-approval
5. Participation in a training program on a topic that is directly related to the district, with Board pre-approval

With the exception of meetings conducted pursuant to the Brown Act (item 1 above), a written report must be delivered at the next Board of Directors' meeting following the qualifying event.

The Board last formally established the Directors' compensation in 2005 by adopting Ordinance No. 312. More recently, the Board adopted Resolution No. 44-11 suspending a portion of the Directors' compensation so that actual compensation to be paid going forward was \$146 per day of service in 2011. State law allows an annual increase not to exceed 5%. If the Board wishes to adjust Directors' compensation, the Board should direct staff to schedule a public hearing to consider the matter.
