

AGENDA

NOTICE OF REGULAR MEETING

TIME: 6 p.m.

DATE: Tuesday, July 7, 2020

PLACE: Teleconference

Pursuant to Governor Newsom's Executive Orders N-25-20, N-29-20, and N-33-20, and local county health orders issued to address the COVID-19 pandemic, the Board meeting will be held via Webex Video Teleconference. The District Boardroom will be closed to the public. The public may observe and comment by electronic means as described on Page 3.

See Page 3 of the Agenda Packet for Webex Video Teleconference Access Information

Our mission is to protect public health and the environment by providing reliable and sustainable water, recycled water, and wastewater services in a safe, efficient, and fiscally responsible manner.

1. CALL TO ORDER
2. PLEDGE TO THE FLAG
3. ROLL CALL – Members: Duarte, Halket, Howard, Johnson, Vonheeder-Leopold
4. SPECIAL ANNOUNCEMENTS/ACTIVITIES
 - New Employee Introductions
5. PUBLIC COMMENT (MEETING OPEN TO THE PUBLIC)

At this time those on the teleconference call are encouraged to address the Board on any item of interest that is within the subject matter jurisdiction of the Board and not already included on tonight's agenda. Comments should not exceed five minutes. The President of the Board will recognize each speaker, at which time the speaker should introduce him/herself, and then proceed with his/her comment. Written comments of five minutes or less and received by 5 p.m. on the day of the meeting will be read into the meeting record.
6. REPORTS
 - 6.A. Reports by Staff
 - Event Calendar
 - Correspondence to and from the Board
 - 6.B. Joint Powers Authority and Committee Reports
 - 6.C. Agenda Management (consider order of items)
7. CONSENT CALENDAR

Matters listed under this item are considered routine and will be enacted by one Motion, in the form listed below. There will be no separate discussion of these items unless requested by a Member of the Board or the public prior to the time the Board votes on the Motion to adopt.

- 7.A. Approve Regular Meeting Minutes of June 16, 2020

Recommended Action: Approve by Motion

- 7.B. Approve a Side Letter of Agreement with the Stationary Engineers, Local 39 and Dublin San Ramon Services District

Recommended Action: Approve by Resolution

- 7.C. Approve Master Agreement for Consulting Services with HDR Engineering, Inc., and Authorize Execution of Task Order No. 1 for the Turnout 6 Project (CIP 20-W015)

Recommended Action: Approve by Resolution and Authorize by Motion

8. BOARD BUSINESS

- 8.A. Approve Continuation of District's State of Emergency in Response to COVID-19 Pandemic by General Manager and Find that the Need for the District's State of Emergency Still Exists

Recommended Action: Approve by Motion

- 8.B. Approve Intention to Levy Assessments in the Dougherty Valley Standby Charge District 2001-1 for Fiscal Year Ending 2021

Recommended Action: Approve by Resolution

- 8.C. Adopt Revised Water Recycling Policy and Rescind Resolution No. 37-10

Recommended Action: Adopt Policy by Resolution

- 8.D. Discussion and Direction on Financial Response to COVID-19 Pandemic

Recommended Action: Discuss and Provide Direction

9. BOARD MEMBER ITEMS

- Submittal of Written Reports for Day of Service Events Attended by Directors
- Request New Agenda Item(s) Be Placed on a Future Board or Committee Agenda

10. CLOSED SESSION

The Board will convene its closed session on a separate teleconference line and return to the open teleconference call for Item 11 when the closed session is completed.

- 10.A. Conference with Labor Negotiators Pursuant to Government Code 54957.6

Agency Negotiators: Dan McIntyre, General Manager
Carol Atwood, Administrative Services Manager
Michelle Gallardo, Human Resources and Risk Supervisor

Employee Organization: Stationary Engineers, Local 39

Additional Attendee: Doug Coty, General Counsel

11. REPORT FROM CLOSED SESSION

12. ADJOURNMENT

All materials made available or distributed in open session at Board or Board Committee meetings are public information and are available for inspection during business hours by calling the District Secretary at (925) 828-0515. A fee may be charged for copies. District facilities and meetings comply with the Americans with Disabilities Act. If special accommodations are needed, please contact the District Secretary as soon as possible, but at least two days prior to the meeting.

Webex Video Teleconference Access Information

Dublin San Ramon Services District
Regular Board Meeting
Tuesday, July 7, 2020

If the public wishes to provide comments during Agenda Item 5 – Public Comment, or on any of the agenda items, please join the meeting using the teleconference instructions below, or email written comments to the Board of Directors at board@dsrsd.com by 5 p.m. Tuesday, July 7, 2020. Written comments, of five minutes or less, will be read into the meeting record during the public comment portion of the agenda or during discussion of the subject of the comment.

Webex Video Teleconference Meeting Instructions and Information:

1. From your computer, click [Join Meeting](#).
2. Select your **Audio** preference – computer audio, call in from separate telephone using Webex phone number, or have Webex call your telephone.
3. You will be automatically placed on “**Mute**” when joining the call.
4. Please keep your phone muted unless speaking.
5. Listen for prompts to know when public comments are solicited.
6. Use the “**Raise Hand**” feature found under the More Options Menu (or use the button if using the app) to indicate you wish to speak.
7. The meeting host will unmute callers one at a time to speak during Public Comment or during discussion of a particular agenda item.
8. Please announce yourself and speak slowly and clearly when commenting.
9. You will be muted when your comments have concluded. Please “**Lower Hand**” when done.
10. Please do not place the call on hold.

To Join by Phone Only:

1. Dial **(510) 338-9438** USA Toll from any telephone
2. Enter Access code (meeting number) **126 146 2584** when prompted

First time Webex user? You can view a short YouTube tutorial on how to participate in a Webex meeting here: <https://www.youtube.com/watch?v=XbSizTDAES4>

Boardmembers and staff will be attending the meeting via teleconference. The Board will convene its Closed Session on a separate teleconference line and return to the open teleconference call for Agenda Item 11 when the Closed Session is completed. The open teleconference will be muted during this time and will resume for the Closed Session report and meeting adjournment.

The Boardroom is closed to the public.

All votes during the meeting will be taken by roll call vote.

**DUBLIN SAN RAMON SERVICES DISTRICT
MINUTES OF A REGULAR MEETING OF THE BOARD OF DIRECTORS**

June 16, 2020

1. CALL TO ORDER

A regular meeting of the Board of Directors was called to order at 6:09 p.m. by President Duarte.

President Duarte announced that pursuant to Governor Newsom's Executive Orders and local county health orders issued to address the COVID-19 pandemic, this Board meeting is being held via Webex teleconference. The District Boardroom is closed to the public; however, the public may observe and comment by calling in to the teleconference meeting per the instructions on page 3 of the agenda. As required by the Brown Act, all votes taken this evening will be done by a roll call vote due to the attending Directors participating via teleconference.

2. PLEDGE TO THE FLAG

3. ROLL CALL

Boardmembers present at start of meeting:

President Edward R. Duarte, Vice President Ann Marie Johnson, Director Richard M. Halket, Director Georgean M. Vonheeder-Leopold, and Director Dwight L. (Pat) Howard.

District staff present: Dan McIntyre, General Manager; Jan Lee, Assistant General Manager; Carol Atwood, Administrative Services Manager/Treasurer; Judy Zavadil, Engineering Services Manager/District Engineer; Jeff Carson, Operations Manager; Douglas E. Coty, General Counsel; and Nicole Genzale, Executive Services Supervisor/District Secretary.

4. SPECIAL ANNOUNCEMENTS/ACTIVITIES

New Employee Introduction:

Sukhpreet Mann – Associate Civil Engineer-Subject Matter Expert
Kevin Randeni – Associate Civil Engineer-Subject Matter Expert

5. PUBLIC COMMENT (MEETING OPEN TO THE PUBLIC) – 6:14 p.m. No public comment was received.

6. REPORTS

6.A. Reports by Staff

- Event Calendar – General Manager McIntyre reported on the following:
 - o The annual Dublin State of the City Address has been postponed indefinitely.
 - o The District will hold its second Citizens Water Academy session tomorrow night. The first session was held last week and went very well.
- Correspondence to and from the Board on an Item not on the Agenda – None

6.B. Joint Powers Authority and Committee Reports – None

6.C. Agenda Management (consider order of items) – No changes were made.

7. CONSENT CALENDAR

Director Vonheeder-Leopold MOVED for approval of the items on the Consent Calendar.
Director Halket SECONDED the MOTION, which CARRIED with FIVE AYES per roll call vote.

7.A. Approve Regular Meeting Minutes of June 2, 2020 – Approved

7.B. Accept Regular and Recurring Report: Warrant List – Approved

7.C. Approve Amendment No. 12 to Agreement of February 8, 2002 with Bold, Polisner, Maddow, Nelson & Judson for District General Counsel Services – Approved – Resolution No. 35-20

7.D. Approve a Side Letter of Agreement with the Mid-Management Employee's Bargaining Unit and Dublin San Ramon Services District – Approved – Resolution No. 36-20

8. BOARD BUSINESS

8.A. Approve Continuation of District's State of Emergency in Response to COVID-19 Pandemic by General Manager and Find that the Need for the District's State of Emergency Still Exists

Assistant General Manager Lee reviewed the item for the Board. She reported there have been no major changes in operations since the report given at the June 2 Board meeting. A few staff have been relocated to the District Office to work in enclosed areas. Recent District Coronavirus Task Force activities include preparation of an Exposure Control Plan, preparations for upcoming staff COVID-19 training, and the development of a Pandemic Action Plan to be added to the District's Emergency Response Plan. Modest increased costs have been incurred for janitorial services, cleaning supplies, and personal protective equipment. There has been no significant decline in bill payments, and revenues are as expected with only a slight variation.

The Board and staff briefly discussed expected revenue impacts from development and real estate activities, and how they compare to initial revenue projections. General Manager McIntyre noted that capacity reserve fees are expected to drop off slightly, more on the wastewater side than on the water side. He confirmed that this topic will be included in the in-depth financial report staff will present in July.

Director Halket MOVED to Approve Continuation of District's State of Emergency in Response to COVID-19 Pandemic by General Manager and Find that the Need for the District's State of Emergency Still Exists. Director Vonheeder-Leopold SECONDED the MOTION, which CARRIED with FIVE AYES per roll call vote.

8.B. Hold Public Hearing: Approve Annual Wastewater Service Charges Report and Direct Levy and Collection of Wastewater Services Charges on the Alameda County and Contra Costa County Property Tax Rolls for Fiscal Year 2020–2021

President Duarte announced the item and declared the Public Hearing open.

President Duarte asked for the staff presentation. Financial Services Supervisor Herman Chen reviewed the item for the Board. He noted one protest letter was received (May 4, 2020 – Daniel Watson, Dublin resident) in response to the notification mailed to customers in April. The protest letter was presented to the Board under Board Correspondence at the May 5 Board meeting.

President Duarte inquired if there were any comments from the public.

Speaker: Ms. Vee Chick (San Ramon resident) – Ms. Chick inquired why the change was made from billing users directly to placing a fee on their tax base.

Mr. Chen clarified that water charges have always been charged on the customer bill and wastewater charges have always been charged on the tax roll, thus this evening's action does not change the process, but it simply formalizes it via a public hearing. General Manager McIntyre further clarified that these charges are not subject to the Proposition 218 process, but rather is subject to a separate public hearing and protest process per the District Code (Health and Safety Code Section 5473) in order to be placed on the tax roll.

President Duarte declared the Public Hearing closed. The Board had no further discussion.

Vice President Johnson MOVED to adopt Resolution No. 37-20, Authorizing Annual Wastewater Service Charges Report and Direct Levy and Collection of Wastewater Services Charges on the Alameda County and Contra Costa County Property Tax Rolls for Fiscal Year 2020–2021. Director Vonheeder-Leopold SECONDED the MOTION, which CARRIED with FIVE AYES per roll call vote.

8.C. Approve Mid-Cycle Budget Adjustments for Fiscal Years Ending 2020 and 2021

Financial Services Supervisor Chen reviewed the item for the Board.

The Board and staff discussed proceeding with planned operating and capital budget expenditures, as well as proposed expenditures included in the mid-cycle budget adjustments. They discussed the importance of prudence in light of current economic conditions, as well as prioritization of regular equipment and facilities maintenance and proceeding with necessary capital projects. The Board acknowledged its responsibility to carry forward with prudent plans and projects, and to consider operations cutbacks if cost savings become necessary. Vice President Johnson requested that staff present cost-saving ideas and provide a lookahead to the 2022 budget year in the financial review that staff will provide next month.

Director Howard MOVED to adopt Resolution No. 38-20, Approving Budget Adjustments for Fiscal Years Ending 2020 and 2021. Director Vonheeder-Leopold SECONDED the MOTION, which CARRIED with FIVE AYES per roll call vote.

8.D. Receive Update on Primary Sedimentation Expansion and Improvement Project (CIP 17-P004)

Associate Engineer-Supervisory Jackie Yee reviewed the item for the Board.

The Board and staff discussed aspects of the presentation pertaining to construction activities and materials, expected operational efficiencies, expected deliverables from the contractor, and the three possible change orders that could arise for additional work as the project progresses. The Board acknowledged the complex and labor-intensive nature of this type of rehabilitation project and noted it will save on operational costs in the future. Staff will provide additional information regarding the conduit materials in the next General Manager report.

8.E. Adopt Revised Water Recycling Policy and Rescind Resolution No. 37-10

Engineering Services Manager Zavadil reviewed the item for the Board.

The Board and staff discussed the proposed policy and various areas to potentially expand or modify it, such as indicating priority of resources and potential customer supply curtailment.

The Board determined it would like more time to consider the revised policy. The Board took no action on the item and directed staff to bring it back to the July 7 Board meeting.

9. BOARDMEMBER ITEMS

- Submittal of Written Reports for Day of Service Events Attended by Directors

Director Vonheeder-Leopold submitted written reports to Executive Services Supervisor/District Secretary Genzale. She reported that she attended the Alameda County California Special Districts Association (CSDA) Chapter Executive Committee teleconference meeting on Wednesday, June 10, and the California Association of Sanitation Agencies Board teleconference meeting Thursday, June 11. She summarized the activities and discussions at the meetings and encouraged staff to consider submitting support letters to CSDA regarding recently proposed legislation related to the COVID-19 emergency. General Manager McIntyre stated staff would gather the necessary information to do so.

Vice President Johnson requested that staff provide her and President Duarte, as the representatives of the City of San Ramon and Central Contra Costa Sanitary District Liaison Committee, a construction update of the DERWA Supplemental Supply project (wastewater diversion from Central Contra Costa Sanitary District) in case they receive inquiries from neighboring residents. She also requested staff provide more information about the District potentially performing wastewater sampling for COVID-19. General Manager McIntyre stated staff would provide this information as requested.

Director Howard reported that he contacted Supervisor Haggerty and the mayors of the Tri-Valley cities regarding his disagreement with Alameda County's Health Director having purview over the Tri-Valley area. He stated he is interested in working with the Tri-Valley agencies to potentially form a new special district, using DSRSD's latent health services

powers, to establish a local health director, similar to the program in City of Berkeley. General Manager McIntyre stated staff would research this and share its findings with the Board.

- Request New Agenda Item(s) Be Placed on a Future Board or Committee Agenda – None

10. CLOSED SESSION

At 7:50 p.m. the Board went into Closed Session.

- 10.A. Conference with Real Property Negotiators Pursuant to Government Code Section 54956.8
- | | |
|----------------------|---|
| Property: | Recycled Water Supply |
| Agency Negotiators: | Dan McIntyre, General Manager
Jan Lee, Assistant General Manager |
| Negotiating Parties: | East Bay Municipal Utility District |
| Under Negotiation: | Terms of Agreement |

11. REPORT FROM CLOSED SESSION

At 8:29 p.m. the Board came out of Closed Session. President Duarte announced that there was no reportable action.

12. ADJOURNMENT

President Duarte adjourned the meeting at 8:29 p.m.

Submitted by,

Nicole Genzale, CMC
Executive Services Supervisor/District Secretary

TITLE: Approve a Side Letter of Agreement with the Stationary Engineers, Local 39 and the Dublin San Ramon Services District

RECOMMENDATION:

The General Manager recommends the Board of Directors approve, by Resolution, a Side Letter of Agreement with Stationary Engineers, Local 39 (Local 39).

SUMMARY:

The Operations Manager has determined a business need to ensure emergency staff coverage is available for mission-critical operations including, but not limited to, the cogeneration system faults, instrumentation, controls and electrical-related wastewater treatment plant faults, DERWA/LAVWMA related faults (recycled water facility and LAVWMA pump stations/San Leandro Sample Station) and other mission-critical functions of the District. As such, staff in the electrical and mechanical maintenance divisions may be assigned to standby duty as determined by the Operations Manager or designee. The Operations Manager will evaluate the continuing need of such emergency coverage and retains the management right to assign or end standby duty as necessary for District operations.

The Standby Pay provision, Section 11.5, of the Local 39 Memorandum of Understanding (MOU) expiring on December 12, 2021 does not apply to callouts for standby duty at the wastewater treatment plant. Therefore, the District and Local 39 representatives have met and conferred, and have reached a tentative agreement on a side letter (pending Board approval) to revise Section 11.5 of the MOU, to add the following changes:

- Local 39 employees assigned standby duty will respond to callouts for all District facilities as assigned; and
- Specifies the classifications eligible to receive Standby pay under Section 11.5 of the MOU and this side letter.

This side letter of agreement will not be incorporated into the next immediate successor MOU. Other than the changes agreed to in this side letter, all other terms and conditions of the current MOU between the parties remain unchanged.

RESOLUTION NO. _____

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT APPROVING SIDE LETTER OF AGREEMENT WITH STATIONARY ENGINEERS, LOCAL 39 FOR STANDBY PAY

WHEREAS, the current International Union of Operating Engineers Stationary Engineers – Local 39 (“Local 39”) Memorandum of Understanding (the “MOU”) expires December 12, 2021; and

WHEREAS, the District (“District”) and Local 39 (the “Parties”) have met and conferred in good faith to make changes to Section 11.5, Standby Pay, of the Local 39 MOU, to include call out duty for the wastewater treatment plant and to specify Local 39 classifications eligible for Standby pay; and

WHEREAS, the Parties have reached a tentative side-letter of agreement on the matter, and upon approval, and shall only be in effect for the term of the Local 39 MOU which expires on December 12, 2021.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, that the Side Letter of Agreement to the Memorandum of Understanding with Stationary Engineers, Local 39, attached as Exhibit “A,” is hereby approved for Standby pay.

ADOPTED by the Board of Directors of Dublin San Ramon Services District, a public agency in the State of California, Counties of Alameda and Contra Costa, at its regular meeting held on the 7th day of July, 2020, and passed by the following vote:

AYES:

NOES:

ABSENT:

Edward R. Duarte, President

ATTEST: _____
Nicole Genzale, District Secretary

**SIDE LETTER OF AGREEMENT
BETWEEN
DUBLIN SAN RAMON SERVICES DISTRICT
AND
INTERNATIONAL UNION OF OPERATING ENGINEERS, STATIONARY ENGINEERS, LOCAL 39**

The Dublin San Ramon Services District ("District") and the International Union of Operating Engineers, Stationary Engineers, Local 39 ("Local 39") agree to the following:

1. The District has a business need to ensure emergency staff coverage is available for mission-critical operations including, but not limited to, the cogeneration system faults, instrumentation, controls and electrical-related wastewater treatment plant faults, DERWA/LAVWMA related faults (Recycled Water Facility and LAVWMA pump stations/ San Leandro Sample Station) and other mission-critical functions of the District. As such, the District shall assign staff to Standby duty as determined by the Operations Manager or designee, and shall evaluate the continuing need of such emergency coverage and retains the management right to assign or end Standby duty as necessary for District operations.
2. This Side Letter of Agreement shall replace, in its entirety, Section 11.5, Standby Pay, and shall now read as follows:

11.5 Standby Pay

Employees assigned by the District to standby duty will receive an additional 3.42 hours of straight-time pay for each workday during which the employee is assigned to standby duty and an additional eight and one-quarter (8.25) hours of straight-time pay for each holiday which occurs during an employee's standby duty. Should an employee's standby assignment be extended due to a holiday or other reasons, the employee will receive an additional 3.42 hours of straight-time pay for each additional day of coverage and an additional 8.25 hours of straight-time pay for each holiday of coverage. Standby pay may not be booked as Compensatory Time.

The standby employee will respond to call outs for all District facilities as assigned. Employees on standby duty are to function as first responders to call outs to assess the reason for the call out and to correct the problem or summon additional resources as necessary. As examples: if a qualified sewer employee is required to correct the problem, additional staff is summoned; or if the problem is an intrusion alarm, the police are summoned to investigate. The District will conduct four (4) hours of training each year for all employees subject to standby duty to be trained to respond appropriately to the various types of call outs that may occur.

This provision shall only apply to the following Classified positions:

**Water/Wastewater System Operator I-IV
Water/Wastewater System Operator III-IV (On-Call)
Water/Wastewater Systems Lead Operator
Maintenance Worker I-II
Mechanic I-II**

Mechanic II-Crane Certified
Senior Mechanic
Senior Mechanic-Crane Certified
Electrician I-II
Instrumentation Technician
Operations Control System Specialist
Senior Electrician
Senior Instrumentation and Controls Technician

3. The District will follow all requirements, laws, and rules pertaining to "pensionable compensation" for the purposes of CalPERS Retirement benefits, as it applies to Standby Pay.

This agreement is a side letter to the current MOU expiring on December 12, 2021 that shall not be incorporated into the next immediate successor MOU. Other than the changes agreed to in this side letter, all other terms and conditions of the current MOU between the parties remain unchanged.

TITLE: Approve Master Agreement for Consulting Services with HDR Engineering, Inc., and Authorize Execution of Task Order No. 1 for the Turnout 6 Project (CIP 20-W015)

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, a Master Agreement for Consulting Services with HDR Engineering, Inc., and authorize, by Motion, execution of Task Order No. 1 in an amount not to exceed \$697,407 for professional design services for the Turnout 6 Project (CIP 20-W015).

SUMMARY:

The Turnout 6 Project (Project) will provide water supply to the eastern portion of Dublin by constructing a new turnout from the Zone 7 Water Agency's (Zone 7) water transmission system. Identified as a capital improvement project in the most recent Water Master Plan, the new turnout will help meet future water supply demands and enhance the reliability of the District's water distribution system. The new turnout will be designed to provide a minimum capacity of up to 6,000 gallons per minute, or approximately 8.64 million gallons per day.

The Project consists of the construction of a new turnout from the Zone 7's Cross Valley Pipeline, just south of the Interstate 580 freeway, along Pimlico Drive. The work will also include the installation of approximately 2,000 linear feet of 20-inch diameter pipe between the new turnout structure and the District's existing water distribution system; system connections to the District's existing water distribution system on Dublin Boulevard, approximately between Tassajara Road and Keegan Street; and construction of fluoridation facilities. Approximately 200–300 linear feet of the pipeline is proposed to be installed beneath the Interstate 580 freeway using trenchless pipeline installation methods. The location of the proposed Turnout 6 structure and pipeline alignment, as described in the Water Master Plan, is shown in Attachment 1.

On April 24, 2020, staff sent out a Request for Proposals (RFP) to ten prospective consulting firms to provide engineering design services for the Project. On June 2, 2020, proposals were received from three firms: Carollo Engineers, HDR Engineering, Inc., and Kennedy/Jenks Consultants, Inc. The proposals were evaluated based upon established criteria including project understanding, project approach and proposed scope of work, company and personnel qualifications, project schedule, and level of effort. Based upon this criteria, HDR Engineering, Inc. (HDR) was the firm that was determined to have the best combination of qualifications, staff, and proposed approach that best meets the District needs. In addition to having the highest rated proposal, HDR also provided the lowest fee schedule in comparison to the other firms. HDR's proposed scope of work includes preliminary planning and engineering, including permitting acquisition and interagency coordination, property rights and acquisitions, alternatives analysis, and environmental documentation; design engineering, including the preparation of design drawings, technical specifications and cost estimates; and engineering services in support of the project bidding phase.

The total project budget is \$3,800,000. Construction is estimated to start in the summer of 2022 and it will take approximately one year to complete construction.

RESOLUTION NO. _____

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT APPROVING MASTER AGREEMENT FOR CONSULTING SERVICES WITH HDR ENGINEERING, INC., FOR ENGINEERING DESIGN SERVICES OF THE TURNOUT 6 PROJECT (CIP 20-W015)

WHEREAS, the District desires to obtain professional consulting services for engineering design of the Turnout 6 Project (CIP 20-W015) (Project) and solicited a Request for Proposals in accordance with the District purchasing procedures; and

WHEREAS, the District received three proposals from Carollo Engineers, HDR Engineering, Inc., and Kennedy/Jenks Consultants, Inc.; and

WHEREAS, District staff has evaluated the three professional consulting services proposals, and has recommended the selection of HDR Engineering, Inc. to provide engineering design services related to the Project; and

WHEREAS, HDR Engineering, Inc. was selected based on their company qualifications, depth and breadth of its design team, and its approach to the proposed work.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, as follows:

That certain "Master Agreement for Consulting Services" (Exhibit A) by and between the Dublin San Ramon Services District and HDR Engineering, Inc., is hereby approved, and the General Manager and District Secretary are hereby authorized and directed to execute, and to attest thereto, respectively, said agreement for and on behalf of Dublin San Ramon Services District.

ADOPTED by the Board of Directors of Dublin San Ramon Services District, a public agency in the State of California, Counties of Alameda and Contra Costa, at its regular meeting held on the 7th day of July, 2020, and passed by the following vote:

AYES:

NOES:

ABSENT:

Edward R. Duarte, President

ATTEST: _____
Nicole Genzale, District Secretary

MASTER AGREEMENT for CONSULTING SERVICES
WITH
HDR Engineering, Inc.

THIS AGREEMENT, made and entered into this ____ day of _____, 20____ by and between DUBLIN SAN RAMON SERVICES DISTRICT, a public agency in the counties of Alameda and Contra Costa, California ("District") and HDR Engineering, Inc. ("Consultant"), 100 Pringle Avenue, Suite 400, Walnut Creek, CA 94596, (925) 974-2500;

WHEREAS, District requires professional Engineering consulting services; and

WHEREAS, Consultant's principals are duly licensed Professional Engineers in the State of California and Consultant represents that it is experienced in performing, and uniquely qualified to perform, the professional Engineering consulting services; and

WHEREAS, District desires to engage Consultant for such services; and

NOW, THEREFORE, the parties hereto agree as follows:

1. SERVICES. Consultant shall perform assignments in accordance with the terms and conditions of this Agreement and written Task Orders issued from time to time by District to Consultant and accepted by Consultant. Each such Task Order shall include, but not be limited to: (i) a description of the services to be performed by Consultant, and the key personnel to be assigned by Consultant to the performance of the specific Task (who shall not be replaced without the prior written approval of the District, which shall not be unreasonably withheld); (ii) the time of performance for providing such services; (iii) maximum compensation payable for providing such services, provided that such compensation shall be payable pursuant to Paragraph 2 hereof unless otherwise expressly provided in the Task Order; (iv) District's source of funding; and (v) such other provisions as the parties deem appropriate or necessary to accomplish the purpose of the Task Order. To the extent not expressly modified by Task Order, all other terms and conditions of this Agreement shall be deemed incorporated in each Task Order.

Consultant is expressly authorized to continue, complete, and shall be compensated by District for all work authorized, approved and performed, prior to the effective date of this Agreement, under any prior agreement(s) or any Task Orders issued by the District pursuant thereto.

2. COMPENSATION. District shall compensate Consultant for all services performed by Consultant pursuant to Paragraph 1 in an amount equal to Consultant's hourly rates of charge for Consultant's personnel times the number of hours, or portions thereof, of services correspondingly performed by said personnel. Said rates of charge are set forth in Exhibit "A" hereof, attached hereto, and by reference incorporated herein. Said rates may be adjusted, from time to time, upon written approval of the District.

District shall reimburse Consultant for other expenses directly incurred in performing

services hereunder, if any, described in Exhibit "A."

Compensation and reimbursement of expenses shall be payable by District within thirty (30) days upon receipt of billing by Consultant. Billing by Consultant to District shall not be more often than monthly for services corresponding to each Task Order. The billing shall include an itemized statement briefly describing the services rendered and costs incurred and the authorized amount remaining.

3. RECORDS. Consultant shall keep and maintain accurate records of all time expended and costs and expenses incurred relating to services to be performed by Consultant hereunder. Said records shall be available to District for review and copying during regular business hours at Consultant's place of business, or as otherwise agreed upon by the parties.

4. NON-ASSIGNABILITY. Consultant shall not subcontract, assign, sell, mortgage, hypothecate or otherwise transfer its interest or obligations in this agreement or any Task Order issued hereunder in any manner, without the express prior written consent of District, which consent shall not be unreasonably withheld. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent Consultant, upon District's written consent, from employing such independent consultants, associates, and subcontractors as may be necessary to assist in the performance of the services hereunder. Nothing herein shall be construed to give any rights or benefits to anyone other than District and Consultant.

5. STATUS. In the performance of services hereunder, Consultant shall be, and is, an independent contractor, and shall not be deemed to be an employee or agent of District. All services provided pursuant to this Agreement shall be authorized by Task Order issued by the District's General Manager or his or her designated representative and signed by the Consultant.

6. PERIOD OF SERVICE. Unless extended by Task Order, this Master Agreement shall expire on July 31, 2023.

7. PERFORMANCE STANDARDS. In performing services hereunder, Consultant shall adhere to the standards generally prevailing for the performance of expert technical and consulting services similar to those to be performed by Consultant hereunder, shall exercise the same degree of care, skill, and diligence in the performance of the Services as is ordinarily provided by a professional under similar circumstances, and shall, at no cost to District, re-perform services which fail to satisfy the foregoing standard of care. All drawings and specifications requiring certification by a Professional Engineer shall bear the stamp and signature of a registered engineer in the State of California.

Any costs incurred by the District (including but not limited to additional design costs, construction costs, and construction management costs, to the extent that any such costs are recoverable under California law) and used to correct deficiencies caused by Consultant's negligent errors and omissions or willful misconduct shall be borne solely by the Consultant.

The District is relying upon the Consultant's qualifications concerning the services furnished hereunder and, therefore, the fact that the District has accepted or approved the Consultant's work shall in no way relieve the Consultant of these responsibilities.

8. TERMINATION. Either party may terminate this Agreement without cause by giving the other party written notice thereof not less than sixty (60) days in advance of the effective date of termination, which date shall be included in said notice.

In the event of such termination, District shall compensate Consultant for services rendered to the date of termination, as the case may be, calculated in accordance with the provisions of Paragraph 2. In ascertaining services actually rendered to the date of termination, consideration shall be given both to work completed and work in process of completion. Nothing herein contained shall be deemed a limitation upon the exercise of the right of District to terminate this Agreement for cause, or otherwise to exercise such legal or equitable rights, and to seek such remedies as may accrue to District, or to authorize Consultant to terminate this Agreement for cause.

9. TITLE TO, POSSESSION OF, AND RELIANCE UPON DOCUMENTS. All documents, work products, plans, specifications, negatives, drawings, computer disks, electronic tapes, renderings, data reports, files, estimates and other such papers, information and materials (collectively, "materials"), or copies thereof (except proprietary computer software purchased or developed by Consultant) obtained or prepared by Consultant pursuant to the terms of this Agreement, shall become the property of District. District and Consultant shall, from time to time pursuant to Task Orders, specify which materials Consultant shall deliver to District ("Deliverables"). Deliverables are intended to, and may, be relied upon by District, or others designated by District, where appropriate, for those purposes for which District requested their preparation, or for use in connection with planning-level activities including, without limitation, the preparation of environmental documentation pursuant to the California Environmental Quality Act ("CEQA") or the National Environmental Policy Act ("NEPA") or similar statutes. Consultant will not be responsible for use of Deliverables, or portions thereof, for any purpose other than those specified in the preceding sentence.

Materials not delivered to District ("Non-Deliverables") shall be retained by Consultant, but Consultant shall provide District access to such Non-Deliverables at all reasonable times upon District's request. District may make and retain copies of all Non-Deliverables, at District's expense, for information and reference. Unless otherwise specified in writing by Consultant, use thereof for any purpose other than the purpose for which the Non-Deliverables were prepared, or for use in connection with planning-level activities including, without limitation, the preparation of environmental documentation pursuant to CEQA or NEPA or similar statutes, shall be at the user's sole risk.

10. COMPLIANCE WITH LAWS. In performance of this Agreement, Consultant shall exercise due professional care in compliance with all applicable federal, state and local laws, rules, regulations, orders, codes, criteria and standards. Consultant shall procure all permits, certificates, and licenses necessary to allow Consultant to perform the Services specified herein. Consultant shall not be responsible for procuring permits, certificates, and licenses required for any construction unless such responsibilities are specifically assigned to

Consultant under a Task Order.

Consultant shall comply at all times with California Occupational Safety and Health Act ("OSHA") regulations regarding necessary safety equipment or procedures and shall take all necessary precautions for safe operation of its work, and the protection of its personnel and the public from injury and damage from such work.

11. NON-DISCLOSURE OF PROPRIETARY INFORMATION. Consultant shall consider and treat all drawings, reports, studies, design calculations, specifications, and other documents and information provided to Consultant by District in furtherance of this Agreement to be the District's proprietary information, unless said information is available from public sources other than District. Consultant shall not publish or disclose District's proprietary information for any purpose other than in the performance of services hereunder without the prior written authorization of District or in response to legal process. Nothing herein contained shall be deemed to abrogate compliance with the California Public Records Act (Government Code Section 6250, et seq.); provided that District shall determine and advise Consultant which documents, if any, are required to be disclosed under said Act.

12. INSURANCE. Consultant shall procure and maintain for the duration of this Agreement, and any Task Orders issued hereunder, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees.

Minimum Scope and Limit of Insurance. Coverage shall be at least as broad as:

A. Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.

B. Automobile Liability: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Consultant has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.

C. Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease. *(Not required if consultant provides written verification it has no employees.)*

D. Professional Liability (Errors and Omissions) Insurance appropriate to the Consultant's profession, with limit no less than \$1,000,000 per occurrence or claim, \$2,000,000 aggregate.

If the Consultant maintains higher limits than the minimums shown above, the District requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and

coverage shall be available to the District.

Other Insurance Provisions. The insurance policies are to contain, or be endorsed to contain, the following provisions:

A. Additional Insured Status: The District, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Consultant's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10 and CG 20 37 forms if later revisions used).

B. Primary Coverage: For any claims related to this contract, the Consultant's insurance coverage shall be primary insurance as respects the District, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the District, its officers, officials, employees, or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

C. Notice of Cancellation: Each insurance policy required above shall not be canceled, except with 30 days advance written notice to the District.

D. Waiver of Subrogation: Consultant hereby grants to District a waiver of any right to subrogation which any insurer of said Consultant may acquire against the District by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the District has received a waiver of subrogation endorsement from the insurer.

E. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by the District. The District may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

F. Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the District.

G. Claims Made Policies: If any of the required policies provide coverage on a claims-made basis:

i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

ii. Insurance must be maintained and evidence of insurance must be provided *for at least five (5) years after completion of the contract of work.*

iii. If coverage is canceled or non-renewed, and not *replaced with another claims-made policy form with a Retroactive Date* prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of *five (5) years* after completion of contract work.

H. Verification of Coverage: Consultant shall furnish the District with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the District before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them. The District reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

I. Subcontractors: Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that District is an additional insured on insurance required from subcontractors.

J. Special Risks or Circumstances: District reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

13. **INDEMNIFICATION.** Consultant shall hold harmless, indemnify and defend District, its governing Board of Directors, other boards, commissions, committees, officers, officials, employees, volunteers, and agents (collectively, "Indemnities") from and against all claims for liability, losses, damages, expenses, costs (including, without limitation, costs and fees of litigation) of every nature, kind and description, which may be brought against or suffered or sustained by Indemnities, to the extent caused in whole or in part by the negligence, intentional tortuous acts or omissions, or willful misconduct of Consultant, its officers, employees or agents, in the performance of any services or work pursuant to this Agreement or any Task Order issued hereunder. Consultant's duty to indemnify and save harmless shall include the duty to defend as set forth in California Civil Code Section 2778; provided, that nothing herein contained shall be construed to require Consultant to indemnify Indemnities against any responsibility or liability in contravention of California Civil Code Section 2782.

A. In the event Consultant provides a defense pursuant to this Paragraph and such action or other claim is resolved by a final judicial determination, which includes a finding that there was no negligence on the part of Consultant, its officers, employees or agents, District shall refund to Consultant all defense costs, judgments and/or amounts paid by Consultant on behalf of Indemnities.

B. In the event Consultant provides a defense pursuant to this Paragraph and such action or other claim is resolved by a final judicial determination which includes a finding as to the respective negligence of Consultant, its officers, employees or agents and any Indemnities(s), then District shall be responsible to pay that portion of the judgment attributed to Indemnities(s), and shall refund to Consultant a pro rata share of any defense costs expended on behalf of Indemnities.

C. In the event Consultant provides a defense pursuant to this Paragraph and such action or other claim is finally resolved by any other means than those stated in Paragraphs 13(a) and 13(b), or in the event Consultant fails to provide a defense to Indemnities, Consultant and District shall meet and confer in an attempt to reach a mutual agreement regarding the apportionment of costs (including attorneys' fees), judgments

and/or amounts paid by Consultant and/or Indemnities. In the event Consultant and District are unable to reach agreement regarding such an apportionment, said dispute shall be submitted to arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association in effect on the date a demand for arbitration is submitted. The arbitration panel shall award the prevailing party its costs (including attorneys' fees) incurred in the arbitration.

14. COVENANT AGAINST CONTINGENCY FEES. Consultant hereby warrants that Consultant has not employed or retained any company or person, other than a *bona fide* employee working for Consultant, to solicit or secure this Agreement, and Consultant has not paid or agreed to pay any company or person, other than a *bona fide* employee, any fee, commission, percentage, brokerage fees, gifts or any other consideration, contingent upon or resulting from the award or formation of this Agreement. For breach or violation of this warranty, District shall have the right to annul this Agreement without liability or at District's discretion, to deduct from the Agreement price or consideration or otherwise recover the full amount of such fee, commission, percentage, brokerage fees, gifts or contingent fee.

15. ECONOMIC DISCLOSURE. Upon District's determination that the services provided through this Agreement involve making, or participation in making, decisions which may foreseeably have a material effect on a financial interest, Consultant and/or any of its employees identified by District shall prepare and file an Economic Disclosure Statement(s) consistent with District's local conflict of interest code and the Political Reform Act.

16. PARAGRAPH HEADINGS. Paragraph headings as used herein are for convenience only and shall not be deemed to be a part of any such paragraph and shall not be construed to change the meaning thereof.

17. WAIVER. A waiver by either District or Consultant of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach.

18. SURVIVABILITY. The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void.

19. INTEGRATION AND MODIFICATION. This Agreement, together with the Compensation Schedule setting forth Consultant's rates and charges and compensable expenses, attached hereto as Exhibit "A," is adopted by District and Consultant as a complete and exclusive statement of the terms of this Agreement between District and Consultant, except to the extent revised and/or implemented through issuance of Task Orders

hereunder. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters, or other communications between the District and Consultant, whether written or oral; *provided, however, that Consultant is expressly authorized to continue, complete, and be fully compensated by District for all work authorized, approved and begun, prior to the effective date of this Agreement, according to the terms of said agreement and/or any Task Orders issued by the District pursuant thereto.*

20. AMENDMENTS. This Agreement may be amended or supplemented by the parties by written agreement approved and executed in the same manner as this Agreement.

21. SUCCESSORS AND ASSIGNS. This agreement shall be binding upon the respective successors, executors, administrators, assigns, and legal representatives to the parties.

22. GOVERNING LAW. This Agreement shall be governed by, and construed in accordance with, the laws of the State of California.

23. DISPUTE RESOLUTION. The parties agree to first submit any dispute arising out of or in connection with this Agreement to a mutually acceptable professional mediator and to negotiate in good faith toward an agreement with respect to the dispute. Either party within 30 days of providing written notice may initiate mediation. Either party within 60 days of having participated in the first mediation session may provide notice of termination of mediation and thereafter proceed with whatever remedies it may choose in law or in equity.

24. NOTICES. All notices to be given hereunder shall be written, and shall be sent by certified or registered mail, postage prepaid, addressed as follows:

To District: General Manager
Dublin San Ramon Services District
7051 Dublin Boulevard
Dublin, CA 94568

To Consultant: Holly L.L. Kennedy
HDR Engineering, Inc.
100 Pringle Avenue, Suite 400
Walnut Creek, CA 94596

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the date and year first written.

DUBLIN SAN RAMON SERVICES DISTRICT, a
public agency

By _____
Daniel McIntyre, General Manager

Attest:

Nicole Genzale, District Secretary

HDR ENGINEERING, INC., Consultant

Holly L. L. Kennedy, P.E., Senior Vice President

Exhibit A
to Master Agreement for Consulting Services
Consultant Billing Rates

HDR ENGINEERING, INC.
RATE SCHEDULE
January – December 2020

Dublin San Ramon Services District
Professional Fees for As-Needed Services

Principal/Sr. Project Manager/Engineer V	\$260 to \$300
Project Manager/Engineer IV	\$260 to \$300
Assistant Project Manager/Engineer III	\$240 to \$260
Engineer II	\$180 to \$240
Engineer I	\$140 to \$180
Technical Specialist III	\$275 to \$330
Technical Specialist II	\$225 to \$275
Technical Specialist I	\$150 to \$225
Operations Specialist	\$170 to \$255
BIM/CADD/GIS Technician II	\$170 to \$235
BIM/CADD/GIS Technician I	\$125 to \$165
Project Controller	\$110 to \$160
Project Coordinator	\$100 to \$150

HDR will invoice DSRSD by HDR's employee hourly billing rate for services provided. The billing rates cover payroll cost, employee benefits, and HDR overhead and profit. The ranges of hourly billing rates are intended to illustrate typical rates for each billing category. These rates are effective until December 31, 2020.

EXPENSES

In-House Expenses

Vehicle Mileage (per mile)	Current Federal Travel Regulation (FTR)
Ground Transportation (includes Rental Car, Uber, and Train)	at cost
Black/White Photocopies (per copy)	0.05 to \$0.09
Color Copy (per copy)	\$0.15 to \$0.30
Bond Plotting - Black & White (per square foot)	\$0.15
Bond Plotting - Color (per square foot)	\$0.90

Please Note: Expenses and subconsultants are charged with a five percent markup.

HDR Engineering, Inc.

Task Order No. 1 to Agreement No. A_____ - _____ dated _____, 2020

Agreement Expiry Date: 7/31/2023

Issue Date:	7/7/2020
Project Name and Number:	Turnout 6 (CIP 20-W015)
Task Title:	Design Services
Project Manager Name and Signature:	Jason Ching _____
Source of Funds:	Water Expansion Fund (620)
Account Number:	20-W015.design.cip
Authorization Amount:	\$697,407.00 NTE
Original PO Amount:	\$0.00
Increase PO Amount:	\$0.00
New PO Amount:	\$0.00
Purchase Order Number:	TBD
Return Purchase Order to:	E. Schnupp
Compensation Method:	Time and materials as per Agreement
Completion Date:	9/30/2022
Insurance Requirements:	As per Agreement; no special requirements
Work Product:	See Attachment "A"
Digital Drawings, if applicable:	Digital files shall be in AutoCAD 2010 or higher drawing format. Drawing units shall be decimal with a precision of 0.00. Angles shall be in decimal degrees with a precision of 0. All objects and entities in layers shall be colored by layer. All layers shall be named in English. Abbreviations are acceptable. All submitted map drawings shall use the Global Coordinate system of USA, California, NAD 83 California State Planes, Zone III, U. S. foot.
Scope of Work:	See Attachment "A"
Economic Disclosure:	Not Required
Recommended by:	J. Zavadil (_____)

Accepted by:

Holly L. L. Kennedy, PE, Senior Vice President
HDR Engineering, Inc.

Date

Authorized by:

Daniel McIntyre, General Manager
Dublin San Ramon Services District

Date

Interfacing with DSRSD Staff

In addition to weekly progress calls with DSRSD engineering staff, HDR will hold workshops at each major submittal to discuss the design intent and DSRSD comments and concerns. We have found that workshops provide the opportunity to talk through project issues and can help to eliminate repetitive back-and-forth comment/response cycles.

Early in the design process, HDR will meet with DSRSD Operations and Maintenance (O&M) staff to discuss the project. We will discuss equipment and operation preferences for the new turnout, and their likes/dislikes with the other turnouts. This will allow HDR to develop a design that meet O&M's needs for a trouble-free, easily-maintained facility.

Project Stakeholder Input

A number of outside stakeholders will have an interest in this project. These stakeholders, and their interests in the project include:

- **Zone 7 Water Agency:** water supplier
- **City of Pleasanton:** issuing encroachment for work in the public right-of-way south of Highway 580.
- **City of Dublin:** issuing encroachment permit for work in the public right-of-way north of Highway 580; ultimate water customers.
- **Residents south of Highway 580:** concerns about noise, traffic, and other construction impacts
- **Caltrans:** issuing encroachment permit for the highway crossing
- **Businesses and developers north of Highway 580:** acquisition of right-of-way, coordination on construction impacts
- **Dublin Unified School District:** coordination of potential conflict with construction of new high school north of Dublin Boulevard, depending on project timing.

HDR will work closely all project stakeholders to gather their input during the alternative selection process, incorporate that input and address their concerns during design, and successfully

negotiate and obtain the necessary permits and right-of-way needed to complete the work. Early and frequent communication is the best way to keep stakeholders involved in the process and on-board with the work.

As the project changes, as most projects do, we will keep stakeholders informed, so that they are not surprised and remain comfortable with the proposed turnout design.

Scope of Work

The following scope of work represents HDR's planned tasks and deliverables for the work, which will be completed in phases. Because of page limitations, some detail has been omitted. HDR will be work with DSRSD to develop a final scope of work with additional detail, including, at a minimum, the work and deliverables as described in the RFP, prior to execution of a contract.

Task 1: Project Administration and Coordination

SUBTASK 1.1: PROJECT MANAGEMENT

Task 1 includes the management activities needed for on-time and on-budget project completion, to oversee specific QA/QC measures, and to address District's concerns. A project management plan with detailed schedule will be developed to serve as a communication tool for District and HDR team members and for planning for tasks and subtasks and identifying milestones for critical meetings, workshops, progress calls, and deliverables. HDR will prepare invoices, progress reports, and decision log updates on a monthly basis. Monthly project invoices will be delineated by task and include a description of the work performed, employees' names, classifications, hours and hourly rates, original budget, current invoice, cost to date, remaining budget, and percent budget remaining. The monthly progress reports will summarize budget and schedule status in measurable terms. Other activities include scheduling of staff, and coordinating the quality assurance effort.

Deliverables: Project management plan, QA/QC plan, monthly MS Project schedule, monthly invoices, monthly progress reports, and decision log updates

SUBTASK 1.2: PROJECT MEETINGS AND COMMUNICATION WITH THE DISTRICT

HDR will organize and attend a kickoff meeting with the District to review the scope of the project, discuss the project proposal schedule and confirm deliverables. HDR will organize and conduct a minimum of five design-related meetings and workshops (Preliminary Design Workshop, two CEQA Administrative Draft/MMRP Draft Review Meetings, 75% Design Review Meeting, and 90% Design Review Meeting) at the District's offices and weekly progress calls with District staff for the duration of the project. HDR's Project Manager will also conduct brief weekly project progress meetings with DSRSD Project Manager, and other HDR Team and DSRSD staff, as appropriate.

Deliverables: Kickoff meeting, weekly progress calls, minimum of five design-related meetings and workshops (Preliminary Design Workshop, two CEQA Administrative Draft/MMRP Draft Review Meetings, 75% Design Review Meeting, and 90% Design Review Meeting), and materials related to the meetings, calls, and workshops (agendas, handouts, meeting minutes)

AGENCY COORDINATION, PERMITTING, AND PROPERTY ACQUISITION

The scope of work for these items is included in the various tasks below.

PHASE 1: PRELIMINARY ENGINEERING AND ENVIRONMENTAL PLANNING

Phase 1 Preliminary Engineering and Environmental Planning identifies any permits or other approvals required prior to construction and property and temporary and permanent easements for the preferred alternative and in the CEQA documents.

Task 2: Utility Documentation, Right of Way, Property and Utility Research

HDR will identify all right of ways, easements, utilities (i.e., communication, gas, electrical power, water, sanitary sewer, and petroleum) within the project area. Property information and utility record drawings shall be acquired and incorporated into the plans. HDR will confirm that all applicable agency and utility company

have been accurately incorporated into the plans. HDR subconsultant Towill will review preliminary reports for properties that the proposed waterline tie-in crosses, and acquire parcel maps from Alameda County, right of way maps from Caltrans and BART, and easement and grant deeds that will be used to create a land net of the project. Towill's CAD file will show easement lines, boundary lines, and right of way lines. Towill will acquire the preliminary reports from a title company.

Deliverables: Property and utility outreach, review of property and utility record, acquisitions and/or preparation of access agreements or easements, and document findings

Task 3: Geotechnical Investigations

HDR will review available geotechnical and geologic information regarding the project area, including published geologic information pertaining to the site vicinity.

HDR will conduct a field investigation program consisting of three test borings along the proposed pipeline alignment to depths of about 25 feet. Two of the borings would be drilled near the south and north sides of Highway 580 to obtain subsurface information for the proposed jack and bore installation. The third boring would be drilled along the pipeline alignment of the preferred alternative. HDR will retain the services of a drilling subcontractor to perform the borings. Prior to performing the field exploration, HDR will obtain the required Alameda County Zone 7 boring permit, conduct a site reconnaissance to locate exploration points and mark the proposed test borings, and notify Underground Service Alert prior to undertaking our test borings.

HDR will observe drilling of the borings, log the soil encountered, and obtain soil samples for further visual classification and laboratory testing. The borings will be backfilled with cement grout upon completion, per Zone 7 boring permit requirements. Appropriate laboratory testing will be conducted on selected samples recovered from the test borings.

Based on the conditions encountered in the field explorations and laboratory test results, HDR will perform engineering analyses to develop

geotechnical conclusions and recommendations for the project. HDR will prepare a report that will describe the subsurface conditions encountered and will include, as appropriate, field and laboratory test data, logs of the test borings, and a site plan showing the location of each exploration. The report will present our discussions, conclusions, and recommendations for the design and construction of the project.

HDR will submit a draft geotechnical report, in PDF only, for review and comment by the project team. Following receipt of review comments, we will issue our final geotechnical report as a PDF.

Deliverables: Draft and Final Engineering Analyses and Report Preparation

Task 4: Topographic Mapping and Survey Control

HDR subconsultant Towill will perform a topographical survey and develop a topographical map of the Project's boundaries including locating utilities (i.e., electrical, storm drains, sewers, water lines, and communications), appurtenant structures, fences, property lines, trees and large shrubs/vegetation, structures, roadways, sidewalks curbs and gutters.

Project datum will be horizontally California State Plane NAD 83 (2011), Zone 3, and vertically NAVD 88.

Deliverables: Topographic maps with survey control in AutoCAD format

Task 5: Field Verification of Existing Utilities

HDR will develop a potholing plan for locating and profiling existing underground utilities and acquire all permits, insurance, bonds, paying all related fees, and obtaining all traffic control approvals for potholing. HDR will restore all potholes to jurisdictional agency satisfaction.

Deliverables: Utility locating and potholing plan, acquisition of permits, insurance, bonds, payment of related fees, traffic control approvals, utility location identification, and potholing field work

Task 6: Preliminary Design Report

HDR will summarize the preliminary engineering and alternatives analysis in a PDR to present to District and District stakeholders at a Preliminary Design Workshop.

Deliverables: PDR, PDR workshop, and meeting minutes. The PDR will include the following elements:

1. Evaluation of proposed design alternatives. Key objectives in selecting the preferred alternative shall be outlined, and the alternatives shall be compared in a matrix or other format for ease of comparison.
2. Pipeline Design and Construction Criteria
3. Turnout Vault and Construction Criteria
4. Special Construction Considerations for each design alternative
5. HDR's opinion of probable construction cost for Each Proposed Alternative
6. Project Schedule (Design Phase and Construction Phase) for Each Proposed Alternative
7. 50% Design Drawings of the Preferred Alternative

Task 7: CEQA Documentation

HDR will evaluate CEQA requirements and coordinate with the District to ensure that all CEQA environmental documentation, procedures and other requirements are satisfactorily completed, certified, and filed as required by the CEQA statutes and guidelines. HDR will prepare draft and final documentation, including, if applicable, supporting biological/environmental surveys and documentation, and Mitigation Monitoring Reporting Program (MMRP). HDR will facilitate public meetings and/or notifications to public and other state/local agencies, as required by CEQA. At this time, it is assumed that the project will require an IS/MND.

Deliverables: CEQA Administrative Draft IS/MND, CEQA Second Draft IS/MND, CEQA Public Draft IS/MND, and CEQA Final IS with MMRP

PHASE 2 –DESIGN PHASE

HDR will provide a complete set of 100% Final Design/Bid Documents including drawings, technical specifications and final contract documents for public bidding and construction of Turnout 6 (CIP 2--W015).

Design drawings shall be prepared under the supervision of, and stamped and signed by, a California Registered Professional Engineer of the applicable disciplines. HDR shall respond to all permit-related reviews/comments and revise construction documents accordingly. If the Project is being bid during this period, HDR shall assist the District in issuing required addenda to all bidders reflecting any construction document changes.

At a minimum, the Design Phase shall include the following tasks.

Task 8: Permitting, Property Acquisition, and Interagency Agreements

HDR will coordinate the approval of permit applications, project plans, agreements, contracts, and other related documents necessary to construct Turnout 6. HDR will interface with Zone 7 Water Agency, Alameda County Flood Control and Water Conservation District, CalTrans, City of Dublin, City of Pleasanton, and private property owners.

Deliverables: Real estate transaction services for acquiring new property and/or property easements, coordination and negotiation of interagency agreements terms necessary for the construction and long-term operation of Turnout 6, and Investigation for collaborative opportunities with the City of Pleasanton on a project strategy that mutually benefits both entities from both a water supply and cost-sharing perspective

Task 9: 75% Design Submittal

HDR will prepare 75% design submittal for review by the District and present the 75% to District and District stakeholders at a design review meeting.

Deliverables: 75% design, 75% design review meeting, and meeting minutes. The 75% design will include the following minimum elements:

1. Plan view of the proposed turnout vault and pipeline alignment
2. Profile view of the proposed pipeline alignment
3. Plans, cross sections and details for the Turnout 6 vault
4. Technical specifications
5. Payment item schedule for contract bid documents
6. Cost estimate
7. "Red-lined" version of District's Standard Front Ends
8. One full-size hard copy (22" x 34"), three half-size hard copies (11" x 17") and one electronic (PDF) copy

Task 10: 90% and 95% Design Submittal

HDR will prepare and submit the 90% design submittal for review by the District. The 90% submittal shall incorporate the pertinent District review comments from the 75% submittal. Afterward, HDR will incorporate any changes to the 90% design submittal as the 95% design submittal. The 95% design drawings will be made available to permitting agencies for review for the issuance of any construction permits. HDR shall submit documents to respective permitting agencies in accordance with their specific requirements (i.e., number of copies, full-size vs. half-size format, hard vs. electronic copies).

Deliverables: 90% and 95% design submittal including the following minimum elements:

1. Written responses to each District comment to the previous design submittal
2. Technical specifications
3. Payment item schedule for contract bid documents
4. Revised/updated cost estimate based on the 90% design submittal
5. One full size hard copy (22" x 34"), five half-size hard copies (11" x 17") and one electronic (PDF) copy, and the following on a USB flash drive: AutoCAD files for all design drawings, technical specifications in MS Word and PDF, and cost estimates in MS Excel and PDF

Task 11: 100% Design Submittal

HDR will prepare and submit 100% design documents to the District. The 100% submittal shall represent that final bid-ready contract documents and incorporate the pertinent District and/or Permitting Agency review comments from the 95% design submittal.

Deliverables: Written responses to each District and Permitting Agency comment to the 95% design submittal, revised/updated cost estimate based on the 95% design submittal, and final payment item schedule for incorporation into the final contract bid documents. 100% design drawing, California Registered Professional Engineer signed and stamped, with one full size hard copy (22" x 34"), one half-size hard copy (11" x 17"), electronic (PDF) copy formatted in both half-size and full-size, and electronic (AutoCAD) files. 100% technical specifications in MS Word and PDF formats. 100% cost estimates in MS Excel and PDF formats. All electronic files will be submitted on a USB flash drive.

PHASE 3 – BID/AWARD PHASE

Task 12: Engineering Services in Support of the Bid/Award Phase

HDR will provide engineering support and assist the District, as required, during the bid phase of the Turnout 6 Project.

Deliverables: Pre-bid meeting and site walk attendance, addenda preparation, clarification of aspects of the design and specifications responses, bids evaluation, and preparation of bid period addenda issued conformed drawings set

PHASE 4 – CONSTRUCTION PHASE

The construction phase scope of work will be negotiated as the project nears completion of the design phase.

The District identified a potential location for the new turnout in its Master Plan, which is shown here. As part of this project, we will evaluate this alternative location along with several others.

H. Estimated Level of Effort and Fee Estimate

HDR's estimated cost to provide the services described in the scope of work for completion of the Turnout 6 Project is provided on the following page. A preliminary list of drawings is provided, as well.

HDR's fee schedule and fee schedules for our subconsultants are attached, following the preliminary list of drawings.

We look forward to the opportunity to discuss your project in further detail and refine our cost estimate, as needed.

TITLE: Approve Continuation of District's State of Emergency in Response to COVID-19 Pandemic by General Manager and Find that the Need for the District's State of Emergency Still Exists

RECOMMENDATION:

Staff recommends the Board of Directors receive a verbal update on the COVID-19 emergency and approve, by Motion, a continuation of the State of Emergency response to the COVID-19 pandemic, as declared by the General Manager and confirmed and ratified by Resolution No. 26-20, and find that there exists a need for continuing the District's COVID-19 emergency which the Board last confirmed on June 16, 2020.

SUMMARY:

On March 4, 2020, Governor Gavin Newsom of California proclaimed a State of Emergency to exist in California as a result of the threat of COVID-19, a coronavirus. On March 13, 2020, President Donald Trump declared a National Emergency as a result of the threat of COVID-19.

On March 16, 2020, the public health officers of Alameda and Contra Costa Counties issued a legal order directing their respective residents to shelter in place (SIP) and limiting activity, travel, and business functions to the most essential needs. The SIP order provided an exception for the operations and maintenance of "Essential Infrastructure," which includes, but is not limited to, water, wastewater, and recycled water service. Since most District facilities are located within Alameda County, emergency response plans have been based on the Alameda County SIP order. The Alameda County public health officer has issued updated SIP orders on March 31, April 29, May 18, and June 5 in response to changing conditions. The latest Alameda County SIP order, issued on June 28, allows for some additional relaxation of SIP restrictions, while continuing to require that employers comply with required safety measures to limit the spread of COVID-19. This SIP order has no specified termination date and will continue to be updated periodically.

On March 16, 2020, the General Manager, as the District's Emergency Manager per the Emergency Response Plan policy (P300-16-2), declared a District State of Emergency to allow for essential operations to continue, and to ensure operational flexibility in meeting the challenges of COVID-19 to the vital water and sewer services that are needed to protect public health and the environment.

On March 19, 2020, Governor Newsom issued Executive Order N-33-20 ordering all individuals living in California to stay home at their place of residence, with certain exceptions for critical services and other qualifying exceptions. On April 29, Governor Newsom issued a four-stage roadmap for gradually relaxing the stay-at-home order, provided that counties meet certain indicators and implement actions to control the threat of COVID-19. Alameda County is currently in Stage 2, which allows for the gradual re-opening of lower risk workplaces with adaptations. Contra Costa County has entered Stage 3, which allows for higher risk sectors to adapt and re-open.

On March 25, 2020, the Board of Directors approved Resolution No. 26-20, which confirmed the continuation of the District State of Emergency, and directed the General Manager to report on progress at least at every regularly scheduled meeting until the State of Emergency is terminated.

District emergency planning has been aggressively implemented. In compliance with the SIP orders, half of the District's staff are working a vast majority of their time from home, but all critical operations needed to protect public health and the environment continue.

The COVID-19 emergency continues in our service area. To assure proper staffing and support of critical operational functions, staff is requesting the Board find that there still exists a need to continue the State of Emergency reflected by Resolution No. 26-20.

TITLE: Approve Intention to Levy Annual Assessments in the Dougherty Valley Standby Charge District 2001-1 for Fiscal Year Ending 2021

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, the intention to levy annual assessments in the Dougherty Valley Standby Charge District 2001-1 and set a public hearing for August 4, 2020.

SUMMARY:

The Zone 7 Water Agency (Zone 7) assesses parcel owners in its service area for a proportionate share of California Department of Water Resources (DWR) State Water Project (SWP) costs via the Alameda County property tax roll. Since Zone 7 does not have authority to assess Contra Costa County parcel owners, DSRSD established the Dougherty Valley Standby Charge District 2001-1 (DVSCD) to recover their share of SWP costs on Zone 7's behalf. SWP costs assessed to DVSCD parcel owners on the Contra Costa County property tax roll are collected by DSRSD and then remitted to Zone 7.

Each year, Zone 7 provides estimated SWP costs specifically tied to providing water service to Dougherty Valley. In fiscal year ending (FYE) 2020, the Dougherty Valley's share of the SWP costs to Zone 7 were \$1.9 million. For FYE 2021, Zone 7 budgeted Dougherty Valley's share of the SWP costs to be \$2.1 million.

An Engineer's Report is prepared annually that shows a projection of the costs expected to be incurred in the upcoming fiscal year and the allocation of those costs based upon equivalent dwelling units (EDU), which is provided as Exhibit A to the Resolution. Based on this report, the annual assessment for DVSCD for FYE 2021 will remain at the maximum allowed of \$170.75 per EDU, or \$1,303,941.96.

The maximum allowed assessment is less than the estimated SWP costs. On June 18, 2019, the Board established the Dougherty Valley Incremental State Water Project Charge (DV Incremental SWP Charge) to recover SWP costs above the maximum allowed assessment. A DV Incremental SWP Charge Report will be prepared separately from the Engineer's Report.

The Board first adopts a resolution of intention to levy annual assessments, followed by a public hearing scheduled for August 4, 2020. After the public hearing, the Board adopts the Engineer's Report and directs the levy of the assessment. These assessments are then placed on the Contra Costa County property tax roll.

This action is the first action that must be taken by the Board each year to levy assessments.

RESOLUTION NO. _____

A RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT OF INTENTION TO LEVY ANNUAL ASSESSMENTS IN THE DUBLIN SAN RAMON SERVICES DISTRICT DOUGHERTY VALLEY STANDBY CHARGE DISTRICT 2001-1 FOR FISCAL YEAR ENDING 2021

RESOLVED by the Board of Directors (the “Board”) of the Dublin San Ramon Services District (the “District”), County of Contra Costa (the “County”), State of California, as follows:

WHEREAS, on May 1, 2001, this Board adopted Resolution No. 14-01, A Resolution Initiating Proceedings for the Levy of Standby Charges, and in it directed the preparation and filing of a report in writing (the “Engineer’s Report”), all in accordance with and pursuant to Article XIII D of the California Constitution and the Uniform Standby Charge Procedures Act, Sections 54984 et seq., of the California Government Code (together, the “Act”) in and for the District’s proposed Dougherty Valley Standby Charge District 2001-1 (the “Assessment District”); and

WHEREAS, on June 19, 2001, after a duly-noticed and held public hearing, by Resolution No. 20-01, this Board approved the establishment of the Assessment District and approved the Engineer’s Report with respect thereto and authorized the levy of assessments for standby charges (the “Assessments”) in the Assessment District to pay for certain water supply costs in amounts not to exceed those provided in the Engineer’s Report; and

WHEREAS, under the Act, this Board is authorized to levy assessments each year for the Assessment District and by this resolution expresses its intention to do so for the fiscal year ending 2021 (the “Next Fiscal Year”).

NOW THEREFORE, BE IT ORDERED that:

1. Engineer’s Report. Jason Roth of NBS Government Finance Group, a California corporation, is hereby designated as the Engineer of Work for the District for the purposes of levying the Dougherty Valley Standby Charge for Fiscal Year 2020/21. The Engineer of Work has caused to be prepared a report under the Act (the “Engineer’s Report”) and has filed the Engineer’s Report with the District Secretary and attached hereto as Exhibit “A.” The Report has been duly considered by this Board with the aid of District Staff and is hereby deemed sufficient and preliminarily approved and shall stand as the Engineer’s Report for all subsequent proceedings for the District. Reference is hereby made to the Engineer’s Report for a full and detailed description of the budget for the Assessment District for the Next Fiscal Year and the proposed assessments upon the described, assessable lots and parcels of land within the Assessment District.

2. Public Hearing. Under the Act, this Board hereby orders that a public hearing shall be held before this Board, during its regular meeting held via teleconference on August 4, 2020 at 6 p.m. At the public hearing, the Board will hear all persons interested in the Assessments, consider all objections to the Assessments, if any, and then take final action on the levy of the Assessments. The public hearing may be continued from time to time as determined by the Board, without further published or written notice.

3. Published Notice. Notice of the public hearing is given by publishing a notice substantially in the form of Exhibit "B," hereto attached, once a week for two successive weeks in a newspaper circulated in the District and published once a week or oftener, with at least five days intervening between the respective publication dates, not counting such publication dates, with the first publication at least 14 days before the date of the public hearing.

4. Information. To get additional information about the Assessment District, contact: Dublin San Ramon Services District, Financial Analyst, 7051 Dublin Blvd., Dublin, CA 94568, Telephone: (925) 875-2274. The Engineer's Report and other written material about the Assessment District may be reviewed during regular business hours or on the Financial Information page of the District website at www.dsrsd.com.

1. ENGINEER'S LETTER

WHEREAS, on May 1, 2001, the Board of Directors (the "Board") of the Dublin San Ramon Services District (the "District"), County of Contra Costa, State of California, under the Uniform Standby Charge Procedures Act, being Chapter 12.4 (commencing with Section 54984) of Part 1, Division 2 of Title 5 of the California Government Code (the "Act"), adopted its Resolution to Initiate Proceedings to Fix Standby Charges (the "Resolution to Initiate") for the fixing of Standby Charges to pay certain costs of the District incurred or to be incurred by the District as of certain agreements between the District and Alameda County Flood Control and Water Conservation District, Zone 7 to serve California State Water Project to the Dougherty Valley; and

WHEREAS, the Board desires to fix a maximum Standby Charge for each Equivalent Dwelling Unit (EDU) of the Dougherty Valley Service area; and

WHEREAS, the District's cost obligation to Zone 7 includes the annual payments to Zone 7 for 6,080 acre feet of State Water Project water for Zone 7 and annual payments to Zone 7 for 43,000 acre feet of water storage in Semitropic Water Storage Directory ("Semitropic"); and

WHEREAS, the Board desires to collect the money necessary to make required Zone 7 payments under provisions of the Act; and

WHEREAS, the Resolution to Initiate directed the undersigned to make and file a report presenting those materials specified in Section 54984.3 of the Act, to which Resolution to Initiate reference is hereby made for further particulars; and

WHEREAS, the Act provides that any Standby Charges imposed thereunder are deemed to be assessments and this Report presents such Standby Charges as and denominates them as "Assessments";

NOW, THEREFORE, the following Assessment is made to cover the annual costs of the charges and the costs and expenses incidental thereto:

SUMMARY OF ASSESSMENT

Description	As Originally Approved	As Confirmed by the Board
Charges		
State Water Project	\$2,068,898.00	\$2,068,898.00
Semitropic Water Storage	<u>0.00</u>	<u>0.00</u>
<i>Subtotal</i>	\$2,068,898.00	\$2,068,898.00
Administration		
Total Administration Costs	\$35,000.00	\$35,000.00
Carryover Contribution	(\$523,142.33)	(\$523,142.33)
Total Costs	\$1,580,755.67	\$1,580,755.67
Maximum Assessment	\$1,304,003.39	\$1,304,003.39
Rounding Adjustment	<u>(61.43)</u>	<u>(61.43)</u>
Total Assessment	\$1,303,941.96	\$1,303,941.96

I, the undersigned, do hereby assess and apportion the total assessment of the total cost of the acquisitions, work and improvements upon the several lots, pieces or parcels or portions of lots or subdivisions of land liable therefore and benefited thereby, and hereinafter numbered to correspond with the numbers upon the attached assessment diagram, upon each, severally and respectively, in accordance with the benefits to be received by such subdivisions, respectively, from the Assessments, and more particularly set forth in the list hereto attached and by reference made a part hereof.

The Assessment is made upon the several subdivisions of land within the Dougherty Valley Standby Charge District 2001-1 (the "Standby Charge District") in proportion to the estimated benefits to be received by the subdivisions, respectively, from the Assessments. An Assessment Diagram for the Standby Charge District has been submitted to the District Secretary in the format required under the provisions of the Act. The lines and dimensions shown on maps of the County Assessor of the County of Contra Costa for the current year are incorporated by reference herein and made part of this Report.

Each subdivision of land assessed is described in the Assessment Roll by reference to its parcel number as shown on the Assessor's Maps of the County of Contra Costa for Fiscal Year 2020/21 and includes all of such parcel excepting those portions thereof within existing public roads or right of way to be acquired in these proceedings for public road purposes. For a more particular description of said property, reference is hereby made to the deeds and maps on file and of record in the office of the County Recorder of the County of Contra Costa.

The assessment has been levied in accordance with the assessment methodology adopted and approved by the Board at the time of the Standby Charge District formation.

Dated: _____, 2020

By: _____

2. ESTIMATE OF COSTS

The cost of servicing, maintaining, repairing, and replacing the actual improvements as described in the plans and specifications are summarized as follows.

2.1 Dougherty Valley Standby Charge District 2001-1 Budget

The budget for the Standby Charge District is outlined in the following table. The total annual assessment per EDU is described in Section 3.1.

Engineer's Cost Estimate

Description	Budget
Charges	
State Water Project Costs (Zone 7)	\$2,068,898.00
Administrative Charges & Fees	
Engineer's Report	10,000.00
District Administration Charge ⁽¹⁾	<u>25,000.00</u>
<i>Subtotal</i>	\$35,000.00
Total Cost Subtotal	\$2,103,898.00
Less: Carryover Contribution (estimated)	(303,406.45)
Less: Use of Reserves	(219,735.88)
Total Cost	\$1,580,755.67
Maximum Assessment for Fiscal Year 2020/21	\$1,304,003.39
Rounding Adjustment	<u>(61.43)</u>
Total Levy for Fiscal Year 2020/21	\$1,303,941.96
Assessable EDU for Fiscal Year 2020/21	7,636.916
Assessment Per EDU for Fiscal Year 2020/21	\$170.75
Maximum Assessment Per EDU, Per Original Formation, (2)	\$170.75

(1) Annual Administration Charge.

(2) \$170.75 is the maximum allowable rate per EDU.

3. ASSESSMENTS

The actual assessment and the amount of the Assessment for Fiscal Year 2020/21 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Section 5 of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Contra Costa and such records are, by reference, made part of this Report.

3.1 Method of Apportionment

The Assessments are apportioned according to the special benefits received by the lots, pieces, and parcels of land within the Standby Charge District. The proportionate benefit derived by each parcel is determined in relationship to the entirety of the Standby Charges. No assessment has been apportioned on any parcel that exceeds the reasonable cost of the proportional benefit conferred on that parcel.

Under this Report the Assessments for the Standby Charge District are apportioned in accordance with the foregoing and using the following criteria.

The Assessments for each parcel of land were apportioned based on the number of projected EDUs for build-out within that parcel.

For this purpose, a single family detached dwelling unit is equal to 1.0 EDU, a multi-family attached dwelling unit is equal to .40 EDU, and each acre of commercial land is equal to 4.0 EDU.

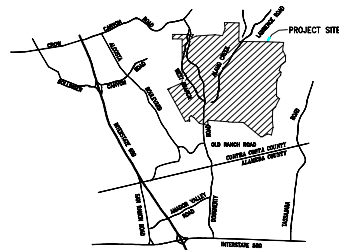

With respect to Windemere Ranch, the number of EDUs per parcel were originally determined at the time of district formation from the approved tentative subdivision maps for Phase 1, and for future phases, the number of EDUs per parcel were estimated by evenly distributing the remaining approved dwelling units within the project per the Dougherty Valley Specific Plan over the developable acreage within each parcel because the zoning is the same. No EDUs were assigned to parks, schools or open space areas. For this Report, the estimate of EDUs per parcel was updated based on current development for parcels that were subdivided.

With respect to Gale Ranch, the number of EDUs per parcel was originally determined at the time of district formation from the approved tentative subdivision map for Phase 2, and the tentative subdivision map dated May 27, 2001, submitted to the Contra Costa County for review for Phase 3. For the remaining areas of Gale Ranch (Phase 4), the number of EDUs was estimated based on the total approved dwelling units and non-residential land uses per the Dougherty Valley Specific Plan. No EDUs were assigned to parks, schools, or open space areas. For this Report, there have been no subdivisions or changes to the assumptions.

(Note: Phase 1 of Gale Ranch is not included in the Standby Charge District)

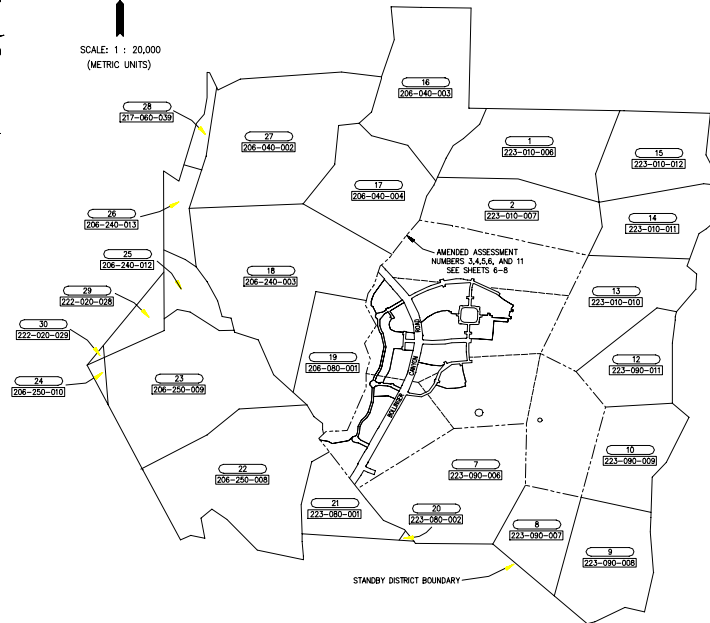

4. ASSESSMENT BOUNDARY MAP

An Assessment Diagram for the Standby Charge District has been submitted to the Secretary of the Board in the format required under the provisions of the Act. The lines and dimensions shown on maps of the County Assessor of the County of Contra Costa for the current year are incorporated by reference herein and made part of this Report. A reduced copy is attached.

PUBLIC HEARING

NOTICE OF INTENTION TO LEVY ANNUAL ASSESSMENTS IN THE DUBLIN SAN RAMON SERVICES DISTRICT DOUGHERTY VALLEY STANDBY CHARGE DISTRICT 2001-1 FOR FISCAL YEAR ENDING 2021

THE BOARD OF DIRECTORS OF THE DUBLIN SAN RAMON SERVICES DISTRICT hereby gives notice that:

1. On June 16, 2001, by its Resolution No. 20-01, the Board under Article XIII D of the California Constitution and the Uniform Standby Charge Procedures Act, Sections 54984 *et seq.*, of the California Government Code (together, the “Act”) established the District’s Dougherty Valley Standby Charge District 2001-1 (the “Assessment District”) and authorized the levy of annual assessments for standby charges (the “Assessments”) in the Assessment District to pay for certain water supply costs and charges.

2. Under the Act, the Board, by a Resolution adopted July 7, 2020, has expressed its intention to levy the Assessments for the fiscal year ending 2021 (the “Next Fiscal Year”) after a public hearing to be held before the Board, during its regular meeting held via teleconference on August 4, 2020, at 6 p.m. At the hearing, the Board will consider the Engineer’s Report concerning the proposed Assessments for the Next Fiscal Year, hear all persons interested in the Assessments, consider all objections to the Assessments, if any, and take final action on the levy of the Assessments for the Next Fiscal Year.

3. To get additional information about the Assessment District, contact: Dublin San Ramon Services District, Financial Analyst, 7051 Dublin Blvd., Dublin, CA 94568, Telephone: (925) 875-2274. The Engineer’s Report and other written material about the Assessment District may be reviewed during regular business hours and is also available on the Financial Information page on the District website at www.dsrsd.com

Dated as of July 7, 2020

Nicole Genzale
District Secretary
Dublin San Ramon Services District

TITLE: Adopt Revised Water Recycling Policy and Rescind Resolution No. 37-10

RECOMMENDATION:

Staff recommends the Board of Directors adopt, by Resolution, the revised Water Recycling policy and rescind Resolution No. 37-10.

SUMMARY:

The Water Recycling policy was initially adopted in 1992 and was last reviewed in 2010. The current policy supports the use of recycled water, outlines the priority of service to various categories of recycled water customers, and allows for the use of back-up potable water supplies when recycled water deliveries are halted. Staff reviewed the policy and at the June 16, 2020 Board meeting recommended the Board adopt a revised policy that continues to support the use of recycled water, but addresses the limitations of the recycled water supply and reflects the emerging importance of potable reuse in meeting the District's Water Supply, Storage, Conveyance, Quality and Conservation policy.

At the June 16, 2020 Board meeting, the Board requested more time to consider the policy prior to adoption. Since the June 16, 2020 Board meeting, staff has revised the purpose statement at the top of the policy and an introductory phrase prior to the policy statements. No other changes have been made to the policy.

The Board also discussed prioritizing potable reuse over non-potable reuse in the policy. Prioritizing potable reuse would be strongly considered if the District did not already have a well-developed non-potable recycled water system, because it would eliminate the need to develop an entirely separate distribution system. However, the District has invested in an extensive non-potable recycled water system which provides water for landscape irrigation. Even with increasing conservation practices, there will remain a demand for water for landscape irrigation. By providing non-potable recycled water for landscape irrigation, the demand on the potable water supply, whether from current or a future potable reuse source, is reduced. Moreover, landscape irrigation demand can be met at an overall lower cost than potable reuse. The revised policy requires conservation of non-potable use when there is mandatory potable water conservation. With this requirement, should there be a potable reuse project in the future, the use of non-potable recycled water in droughts would be reduced which would allow for the wastewater source to be used for potable reuse.

Staff recommends that existing non-potable irrigation uses of recycled water be maintained, but not expanded, and these concepts are reflected in the draft policy. It should be noted that the draft policy does not envision reducing existing non-potable recycled water service to existing customers, either by removing connections or requiring permanent conservation.

The revised policy will provide guidance over the next few years as the District amends the DERWA (Dublin San Ramon Services District – East Bay Municipal Utility District Recycled Water Authority) water supply and operations agreements and renegotiates its water supply contract with Zone 7 Water Agency which expires in 2024. The staff report provides the history of recycled water at the District, a summary of current issues, and highlights the recommended policy revisions. For convenience of the Board, a marked-up copy of the current policy is attached.

STAFF REPORT

District Board of Directors
July 7, 2020

Adopt Revised Water Recycling Policy and Rescind Resolution No. 37-10

BACKGROUND

The Water Recycling Policy was initially adopted in 1992 and was last reviewed in 2010. The current policy supports the use of recycled water, outlines the priority of service to various categories of recycled water customers, and allows for the use of back-up potable water supplies when recycled water deliveries are halted. Staff has reviewed the policy and recommends the Board adopt a revised policy that continues to support the use of recycled water, but addresses the limitations of the recycled water supply and reflects the emerging importance of potable reuse in meeting the District's Water Supply, Storage, Conveyance, Quality and Conservation policy.

A Brief History of Recycled Water at DSRSD

The District has a long recycled water history. In the early 1990's there was a rapid increase in development in the Tri-Valley. The District, along with the City of Livermore and Zone 7 Water Agency (Zone 7) evaluated water recycling to supplement water supply and provide for wastewater disposal capacity. The agencies applied for a master recycling permit from the San Francisco Bay Area Regional Water Quality Control Board to allow Livermore and the District to construct recycling facilities and inject purified water into the valley's groundwater basin. The District completed an Environmental Impact Report for the Clean Water Revival (CWR) project in 1997 and completed treatment and pipeline facilities in late 1998. However, the Cities of Pleasanton and Livermore and Zone 7 withdrew their support for the project during construction. In 2000, Pleasanton and Zone 7 in response to public concerns, filed lawsuits to oppose groundwater replenishment. In 2002, the District, having resolved water supply and wastewater disposal limitations through other means, modified the use of the CWR treatment facilities to provide water for landscape irrigation and eliminated the groundwater injection project component.

Around the timeframe of the development of the CWR project, DSRSD was also studying a recycled water program in cooperation with the East Bay Municipal Utility District (EBMUD) and in 1995 formed a Joint Powers Authority (JPA) called DERWA (DSRSD-EBMUD Recycled Water Authority) to supply recycled water to the agencies respective service areas through the San Ramon Valley Recycled Water Program. DERWA began delivery of non-potable recycled water in 2005.

The District's efforts to expand the use of recycled water has been a success. On average, 23% of the District's total water demand is supplied by recycled water. In 2014, DERWA entered an agreement with the City of Pleasanton to produce recycled water for the City. In 2019, the District supplied on average 4.1 million gallons per day (mgd) of recycled water to DERWA and the City of Pleasanton. DERWA supplied a maximum of 10.3 mgd. The demand for recycled water now occasionally exceeds the available supply on peak demand days.

There have been considerable changes since the formation of DERWA and the initial delivery of recycled water. When the District signed the DERWA Water Supply Agreement the projected average dry weather wastewater flow to the Regional Wastewater Treatment Plant from the District's service area and the City of Pleasanton was projected to be 16.6 mgd) at build-out. The agreement apportioned 9.6 mgd of that projected flow to DSRSD and 7.0 mgd to EBMUD.

Water conservation has reduced the growth of wastewater produced; the current dry weather wastewater flow to the WWTP is approximately 10.5 mgd and is now projected to be only 12.3 mgd at build-out. Of that wastewater flow, the City of Pleasanton has first rights to use the wastewater emanating from their service area which is approximately 50-60% of the flow. As the City of Pleasanton develops their recycled water program there is less flow available to DERWA to serve DSRSD and EBMUD customers. Pleasanton's 2019 recycled water maximum day demand was 1.95 mgd and is projected to ultimately be 4.2 mgd.

The DERWA Water Supply Agreement acknowledged that supplemental recycled water supplies may be needed prior to buildout and that short-term shortfalls may be met with the addition of potable water to the recycled water system. In 2019, DERWA approved a temporary supplemental supply agreement with Central Contra Costa Sanitary District (Central San) to divert approximately one million gallons of wastewater from the Central San collection system to the District's collection system. DERWA is also working on a pilot project to develop wells in the Tri-Valley fringe groundwater basin to extract ground water to supplement the recycled water supplies. Even with these efforts, the recycled water peak day demands are expected to exceed the available recycled water supply. On March 25, 2019, the DERWA Board adopted a resolution requesting that the member agencies implement a moratorium on new connections, except for those EBMUD Phase 2 connections that were already in progress, and that member agencies also implement other demand management practices to curtail use of recycled water.

In addition to the demand for non-potable recycled water, new demands arising from potable reuse may be materializing, putting more demand on the wastewater resource than originally envisioned. With growing scarcity and risks to potable water supplies, potable reuse is now championed as an important component of a resilient water portfolio. The State has developed regulations for implementing potable reuse and will have regulations for direct potable reuse by 2023. In 2015, the District's Long-Term Alternative Water Supply Study, a high-level review of options to increase potable water supply reliability in response to the drought, included potable reuse as a potential supply source. Zone 7's 2016 and 2019 updates to its Water Supply Evaluation also include potable reuse as a potential source of supply.

In 2018, the District partnered with other agencies in the Tri-Valley to complete the Tri-Valley Potable Reuse Technical Feasibility Study. Potable reuse was shown to be a feasible water supply source. The study recommended further studies to determine how a potable reuse supply could be integrated with the current and potential future water supplies as well as groundwater and surface water storage in the valley. In December of 2019, the District entered into a task order to the Tri-Valley Intergovernmental Reciprocal Services Agreement with the other water agencies in the valley to fund these additional studies and to fund an outreach effort to educate the citizens of the valley on water supply issues.

DISCUSSION

Staff recommends the recycled water policy be revised considering the reduced availability of wastewater and the decreasing reliability of potable water supplies. Staff has drafted a revised policy for the Board's consideration. The revised policy will provide guidance over the next few years as the District amends the DERWA water supply and operations agreements and renegotiates its water supply contract with Zone 7 which expires in 2024. Following are highlights of the key elements of the draft revised policy.

The revised policy retains and restates many of the general terms of the current policy in support of water recycling. To reflect the important contribution of water recycling in developing a more resilient potable water supply, the revised policy now includes the objective to maximize the use of the recycled water for irrigation or potable reuse to increase the reliability and resilience of the Tri-Valley potable water supply.

The current policy includes several sections outlining the priorities of service for potential new retail and wholesale customers within and outside the district. The policy has been revised to reflect the limited available supply. The District will continue to meet the current contractual obligations to provide recycled water to existing wholesale and retail customers, but the addition of new customers is restricted until there is sufficient wastewater supply to meet District's recycled demands for a minimum 10-year time horizon. This restriction is to assure that the addition of new customers does not decrease the level of service of existing customers and to comply with the DERWA requested moratorium.

Given the importance of recycled water in meeting the District's potable water supply reliability goals, the revised policy limits the use of any new recycled water supplies to areas within the District boundary. It also requires that the new customers be served by the existing District recycled water system infrastructure. There is already more potential future recycled water demand than available supply that can be served with the existing infrastructure. It is most economical in the long-term to maximize customers using the existing infrastructure rather than adding more infrastructure that will require additional operational and maintenance costs. For the same reasons, the policy also prioritizes use of the wastewater for the District-wide recycled water program over on-site recycled water systems.

The revised policy prioritizes public entity irrigation over new commercial or residential irrigation customers, as public entities typically irrigate larger areas (parks and schools), therefore the District can serve more water with lower overhead costs. The policy also provides clarity on the provision of recycled water directly to residential customers through a hauled water program. The revised policy incorporates the Board's December 2016 decision to provide hauled recycled water to residential customers only when the District has imposed mandatory conservation on potable water use.

The revised policy further acknowledges that conservation of recycled water may be required. Recycled water has long been promoted as a drought-proof supply. However, the supply is valuable and should be used prudently. If there is a reduction in available supply either through reduced supply due to water conservation or the expansion of the City of Pleasanton's recycled water program the District may need to implement conservation measures. In addition, the pending State water conservation regulations will impose an outdoor water budget on the District, limiting the water outdoor water use regardless of whether it is recycled or potable water.

Lastly, the current policy allows for the addition of potable water supplies to the recycled water system "when recycled water deliveries may be halted." The current language may be construed to limit the addition of potable supplies only to situations when there are no recycled water deliveries, for example due to a treatment system outage. The revised policy broadens the language on the additional of potable water to "during operational emergencies or for non-recurring short-term contingencies." Although not explicitly stated, the policy by corollary does not include the addition of potable supplies to expand the recycled water customer base. It would not be prudent to rely upon potable water to expand the customer base as it stresses the potable water delivery system on peak potable use days and requires additional operational support, coordination, and management of both the systems, increasing operational complexity.

RECOMMENDATION

Staff recommends that the Board adopt the revised Water Recycling Policy and rescind Resolution No. 37-10.

POLICY

Dublin San Ramon Services District

Policy No.:	P300-10-3	Type of Policy:	Operations
Policy Title:	Water Recycling		
Policy Description:	Policy Regarding the Provision of Recycled Water Service both Within and Outside the District		
Approval Date:	Sept 7, 2010 <u>6/16/2020</u>	Last Review Date:	2010 <u>2020</u>
Approval Resolution No.:	37-10	Next Review Date:	2014 <u>2024</u>
Rescinded Resolution No.:	34-06 <u>37-10</u>	Rescinded Resolution Date:	August 1, 2006 <u>9/7/2010</u>

The purpose of this policy of the Board of Directors of Dublin San Ramon Services District is to support the use of recycled water and to establish guidelines for its use.

It is the Board's policy to:

1. General

- a. Meet contractual obligations to provide recycled water to existing wholesale and retail customers.
- b. Maximize the use and availability of recycled water for potable reuse, landscape irrigation, and all other approved uses to increase the reliability and resiliency of the Tri-Valley's total water supply.
- c. Collaborate with regional and statewide partners and regional stakeholders to promote and expand the efficient and effective use of recycled water supplies.
- d. Support scientific and practical research related to potable and non-potable recycled water through staff and financial contributions, as appropriate.

2. Non-Potable Recycled Water Service

- a. Restrict the connection of new irrigation customers to the recycled water system until such time there is sufficient wastewater supply to meet projected District recycled demands for a minimum 10-year time horizon.
- b. Limit use of new recycled water supplies to areas within the District boundary that can readily be served by existing infrastructure.
- c. Prioritize new recycled water supplies to serve public entity irrigation over new commercial or residential irrigation customers.
- d. Prioritize the use of wastewater for the District-wide recycled water program over on-site generation and uses.
- e. Provide recycled water for off-haul to residential customers only in times of mandatory potable water conservation.

3. Recycled Water Conservation

- a. Encourage the prudent use of the Tri-Valley's limited recycled water supplies through education and outreach, and through a formal program of long-term demand management guidelines and regulations.
- b. Require conservation of recycled water during periods of mandatory potable water conservation.

4. Potable Water Addition

- a. Provide supplemental potable water supplies to the recycled water system for use within the District service area, when available, during operational emergencies or for non-recurring short-term contingencies.
- b. Curtail potable water additions to the recycled water system during periods of mandatory potable water conservation.

~~It is the policy of the Board of Directors of Dublin San Ramon Services District:~~

I. GENERAL

- A. ~~To promote, produce, sell and deliver recycled water to retail and wholesale customers both within and outside the District in a manner consistent with laws, regulations and prudent public policy.~~

- ~~B. To work with the State of California, the Counties of Alameda and Contra Costa and individual local cities and agencies to develop ordinances and guidelines to encourage the use of recycled water.~~
- ~~C. To develop regulations and standards to ensure the safe and beneficial use of recycled water within the District.~~
- ~~D. To conduct ongoing public information and customer service programs to ensure that the public and individual customers have an appropriate understanding of recycled water including the benefits of using recycled water.~~
- ~~E. To support scientific and practical research related to recycled water.~~
- ~~F. To honor the terms of all contracts entered into regarding treatment, delivery and/or distribution of recycled water.~~

~~II. RECYCLED WATER SERVICE PRIORITIES~~

- ~~A. That the first service priority is the continued delivery of recycled water to retail customers within the District service area.~~
- ~~B. That the second service priority is the continued delivery of recycled water to wholesale customers outside the District service area pursuant to existing contracts.~~
- ~~C. That the third service priority is the delivery of recycled water to existing potable water customers (retrofits) within the District service area.~~
- ~~D. That the fourth service priority is the delivery of recycled water to new development within the District service area.~~
- ~~E. That the fifth service priority is the delivery of recycled water to retail or wholesale customers within the Zone 7, Alameda County Flood Control and Water Conservation District.~~
- ~~F. That the last service priority is the delivery of recycled water to any retail or wholesale customers that do not fit into any of the priorities above.~~
- ~~G. That, in the event the need arises to further prioritize deliveries within any of the above priorities, or in the event of conflicts between the above priorities, the service priority shall be determined at the sole discretion of the Board of Directors of the District using the guidelines herein.~~

~~III. RECYCLED WATER SERVICE TO RETAIL CUSTOMERS WITHIN THE DISTRICT~~

- ~~A. Recycled water service shall be provided to all existing and new customers when service is requested subject to:~~

- ~~1. When in conformance with all laws and regulations governing the use of recycled water;~~
- ~~2. On a case by case determination of the economic, environmental, and institutional feasibility of doing so; the feasibility will be determined at the sole discretion of the District using such tests as are appropriate unless there is a finding by the District that it is in the best interest of the District to proceed with a project on other grounds; and~~
- ~~3. Availability of recycled water.~~

~~IV. WHOLESALE RECYCLED WATER SERVICE OUTSIDE DISTRICT~~

- ~~A. To provide recycled water to wholesale customers outside the District when service is requested by the wholesale entity subject to:~~
 - ~~1. Case by case determination by District Board of Directors of the economic, environmental, and institutional feasibility of doing so; the economic feasibility will be determined at the sole discretion of the Board of Directors using such tests as are appropriate unless there is a finding by the Board of Directors that it is in the best interest of the District to proceed with a project on other grounds;~~
 - ~~2. Availability of adequate recycled water for District retail customers, DERWA and any signed agreements for firm wholesale delivery provided higher priority needs have been satisfied; and~~
 - ~~3. No adverse financial impact to customers within the District service area.~~
- ~~B. That agreements between the District and wholesale customers be long term due to the significant capital investment associated with the development of such projects.~~

~~V. RETAIL RECYCLED WATER SERVICE OUTSIDE DISTRICT~~

- ~~A. To provide recycled water to retail customers outside the District whenever requested by the potable water purveyor providing service subject to:~~
 - ~~1. Case by case determination by District Board of Directors of the economic, environmental, and institutional feasibility of doing so; the economic feasibility will be determined at the sole discretion of the Board of Directors using such tests as are appropriate unless there is a finding by the Board of Directors that it is in the best interest of the District to proceed with a project on other grounds; and~~
 - ~~2. Availability of adequate recycled water for retail customers within the District, DERWA, and any signed agreements for firm wholesale delivery.~~
- ~~B. That service to retail customers outside the District be on the same basis, and have the same priority, as retail customers inside the District, except for Backup Water Supplies.~~

~~VI. BACKUP WATER SUPPLIES~~

- ~~A. To provide backup potable water supplies to retail recycled water customers within the District service area, when available, for those infrequent times when recycled water deliveries may be halted, and to establish conditions of service for such situations.~~

RESOLUTION NO. _____

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT REVISING THE WATER RECYCLING POLICY AND RESCINDING RESOLUTION NO. 37-10

WHEREAS, on August 4, 1992 the Board initially adopted policies regarding water recycling; and
WHEREAS, the Board most recently amended the Water Recycling policy on September 7, 2010, by Resolution No. 37-10; and

WHEREAS, the policy provides direction regarding the provision of recycled water service both within and outside the District; and

WHEREAS, staff has reviewed the policy and recommends the Board adopt a revised policy that continues to support the use of recycled water, addresses the limitations of the recycled water supply, and reflects the emerging importance of potable reuse in meeting the District's Water Supply, Storage, Conveyance, Quality and Conservation policy.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, that the revised Water Recycling policy, attached as Exhibit "A," is hereby adopted; and Resolution No. 37-10, attached as Exhibit "B," is hereby rescinded.

ADOPTED by the Board of Directors of Dublin San Ramon Services District, a public agency in the State of California, Counties of Alameda and Contra Costa, at its regular meeting held on the 7th day of July, 2020, and passed by the following vote:

AYES:

NOES:

ABSENT:

Edward R. Duarte, President

Approval Resolution No.:	Next Review Date: 2024
Rescinded Resolution No.: 37-10	Rescinded Resolution Date: 9/7/2010

The purpose of this policy of the Board of Directors of Dublin San Ramon Services District is to support the use of recycled water and to establish guidelines for its use.

It is the Board's policy to:

1. General

- a. Meet contractual obligations to provide recycled water to existing wholesale and retail customers.
- b. Maximize the use and availability of recycled water for potable reuse, landscape irrigation, and all other approved uses to increase the reliability and resiliency of the Tri-Valley's total water supply.
- c. Collaborate with regional and statewide partners and regional stakeholders to promote and expand the efficient and effective use of recycled water supplies.
- d. Support scientific and practical research related to potable and non-potable recycled water through staff and financial contributions, as appropriate.

2. Non-Potable Recycled Water Service

- a. Restrict the connection of new irrigation customers to the recycled water system until such time there is sufficient wastewater supply to meet projected District recycled demands for a minimum 10-year time horizon.
- b. Limit use of new recycled water supplies to areas within the District boundary that can readily be served by existing infrastructure.

Policy No.:

Policy Title: Water Recycling

- c. Prioritize new recycled water supplies to serve public entity irrigation over new commercial or residential irrigation customers.
- d. Prioritize the use of wastewater for the District-wide recycled water program over on-site generation and uses.
- e. Provide recycled water for off-haul to residential customers only in times of mandatory potable water conservation.

3. Recycled Water Conservation

- a. Encourage the prudent use of the Tri-Valley's limited recycled water supplies through education and outreach, and through a formal program of long-term demand management guidelines and regulations.
- b. Require conservation of recycled water during periods of mandatory potable water conservation.

4. Potable Water Addition

- a. Provide supplemental potable water supplies to the recycled water system for use within the District service area, when available, during operational emergencies or for non-recurring short-term contingencies.
- b. Curtail potable water additions to the recycled water system during periods of mandatory potable water conservation.

RESOLUTION NO. 37-10

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT REVISING THE WATER RECYCLING POLICY AND RESCINDING RESOLUTION NO. 34-06

WHEREAS, on August 1, 2006, the Board adopted a Water Recycling policy for the provision of recycled water service both within and outside the District; and

WHEREAS, the policy is revised to reflect new laws on the reduction of potable water use in the Tri-Valley; and

WHEREAS, the policy now provides that the highest priority is to provide recycled water within the District service area and within the Zone 7 service area as the next highest priority.

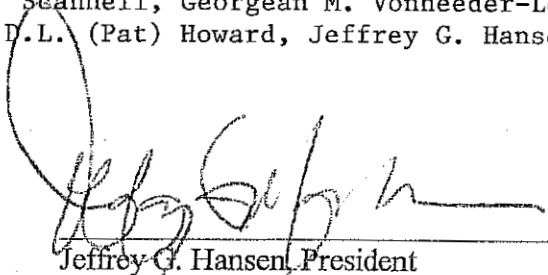

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, that the revised Water Recycling policy, attached as Exhibit "A" be adopted; and Resolution No. 34-06 is hereby Rescinded and attached as Exhibit "B."

ADOPTED by the Board of Directors of Dublin San Ramon Services District, a public agency in the State of California, Counties of Alameda and Contra Costa, at its regular meeting held on the 7th day of September 2010.

TITLE: Discussion and Direction on Financial Response to COVID-19 Pandemic

RECOMMENDATION:

Staff recommends the Board of Directors receive a presentation on financial issues; direct staff to defer the purchase of a \$500,000 CCTV truck and an \$11,000 maintenance cart until these purchases can be re-evaluated as part of the FYE 2022 budget process; and direct staff to bring an update on the financial condition of the operating funds to the Board this fall.

SUMMARY:

At the June 16, 2020 Board meeting, the Board of Directors requested information on the potential deferral of capital improvement projects, capital outlay expenditures, and operating expenses in light of the economic uncertainties arising from the COVID-19 pandemic.

The attached staff report reviews the current status of the Operating Budget, provides an in-depth review of planned capital outlay expenditures that are included as part of the Operating Budget, and reviews the status of the District's Capital Improvement Program.

The general conclusions are that in most cases the operating reserves are in a strong position, with the continuing exception of the Local Wastewater fund which will have to be monitored closely. In aggregate, the operating funds began FYE 2020 in a stronger position than originally anticipated, and there will be at least \$5 million of expenditure savings in FYE 2020. Moreover, four of the six capital funds are in a strong position even after applying a conservative financial stress test to simulate economic uncertainties due to the COVID-19 pandemic. Also, some capital projects have been delayed due to staffing vacancies, which will result in savings (expenditure deferral) in the short-term.

Staff recommends reviewing the operating funds (and related rate stabilization funds) in greater detail after the final auditing for FYE 2020 is completed in early Fall. Additionally, a fresh review of the 10-year Capital Improvement Plan should begin early next year.

Lastly, because of economic uncertainty and financial stress on the Local Wastewater operations fund and the Local Wastewater replacement fund, the planned purchase of a \$500,000 CCTV truck should be postponed and reconsidered with the FYE 2022 operating budget.

STAFF REPORT

District Board of Directors
July 7, 2020

Discussion and Direction on Financial Response to COVID-19 Pandemic

BACKGROUND

At the June 16, 2020 Board meeting, the Board of Directors requested information on the potential deferral of capital improvement projects, capital outlay expenditures, and operating expenses. Deferral of various expenditures creates the opportunity to conserve District resources to address future economic uncertainties arising from the COVID-19 crisis. This report provides an overview of the District's expenditures/expenses and revenues (and resulting fund balances) for the operating funds and capital funds.

DISCUSSION

Operating Budget Review

The Board approves a biennial budget in the spring of each odd numbered year. The approved operating budget for fiscal year ending (FYE) 2020 anticipates operating revenues of \$69.8 million (excluding capacity reserve fees), and operating expenses of \$70.7 million. For FYE 2021, the operating revenues are anticipated at \$73.5 million, and operating expenses at \$71.7 million.

The District began FYE 2020 with operating fund working capital of \$3.3 million higher than the budget adopted in spring of 2019, for a total of over \$46.3 million. The operating fund working capital is comprised of the three operations funds and the three rate stabilization funds from the Local Wastewater, Regional Wastewater, and Water enterprises. Based on information to date, total revenues for FYE 2020 are anticipated to be near the originally budgeted amount. Expenses are anticipated to be at least \$5 million below budget for a variety of reasons:

- An average of 10% of budgeted positions have been vacant over the last year resulting in salary and benefit savings.
- The necessity for District staff to address a number of emergency situations over the last year have forced the postponement of several activities and smaller projects, resulting in operational savings.
- Costs associated with CVRA (California Voting Rights Act), the Public Safety Power Shutoffs, the District Office renovation, the DERWA (DSRSD/EBMUD Recycled Water Authority) power issue, COVID-19, and other changes have added unexpected expenditures, which were absorbed by the savings noted above.

The COVID-19 crisis is creating uncertainties regarding financial impacts on the regional economy. Staff anticipates that there will be delays in the payments of utility bills, including the ultimate possibility of default on some bills. Fortunately, as of mid-June, no signs that systematic widespread delay in payments of utility bills has materialized. Some neighboring agencies have noticed a modest increase in late payments.

As a result of a prolonged period of extraordinary economic strength from 2011 to 2020, the District is well positioned to weather a period of economic uncertainty utilizing reserves that have become fully funded over the last decade. The Regional Wastewater operating and rate stabilization reserves are at maximum levels, and for the past two years the Board has been in a position to transfer over \$3 million of excess reserves to address

future capital needs. The Water Enterprise reserves are nearly at maximum levels, well over \$25 million. For comparison, the Water Enterprise reserves at the start of the Great Recession in 2008–2009 were at less than \$5 million. The one exception is the smallest enterprise, the Local Wastewater Enterprise, where the District is struggling to maintain funding level at minimum reserve levels. The Local Wastewater Enterprise will have to be monitored very closely. An interfund loan and a multi-year program of rate adjustments were approved by the Board in 2017. A second phase of adjustments will be needed starting in FYE 2023.

At the June 16 Board meeting, the Board approved a number of amendments to the FYE 2020 operating budget and the FYE 2021 operating budget, including deferral of some operating and capital outlay expenses from FYE 2020 to FYE 2021.

Staff does not recommend any changes to the FYE 2021 operating budget at this time, but will closely monitor expenses and look for opportunities to economize while maintaining the most critical services. Staff will continue to fill key positions to maintain essential services and to assure adequate staffing levels in the face of the COVID-19 crisis (and any resulting quarantines). Staff anticipates that there will be moderate savings resulting from our current vacancy rate in FYE 2021.

Once the audited fund balances from FYE 2020 are determined in September, including additional information on utility bill payments and other revenue trends, staff will provide a more detailed operating budget review. A follow-up report is anticipated, with recommendations based on actual data and analysis, in approximately three months.

Capital Outlay Expenditures

Capital outlay consists of equipment and vehicles with a value greater than \$10,000 and a useful life exceeding three years. Capital outlay expenditures are included in the operating budget, even though they are funded separately from all the other expenditures of the operating budget. Of the combined \$142.5 million of expenditures in the recently amended budget for FYE 2020 and FYE 2021, about \$2.25 million (about 1.6%) of expenditures are allocated to capital outlay. These \$2.25 million of expenditures are funded by the District's three capital replacement funds, which at the beginning of FYE 2020, had a combined working capital exceeding \$68.4 million. Further discussion on the capital replacement funds follows in the "Capital Budget Review" section below.

At the June 16 Board meeting, the Board approved a deferral of \$0.6 million of capital outlay from FYE 2020 to FYE 2021. This deferral included some equipment and vehicles that were bid and ordered earlier in 2020, but which will not arrive (and be paid for) until the new fiscal year, FYE 2021. The delay in purchases arose for a variety of reasons, including:

- Existing staff vacancies created a delay in some bidding and ordering until late in the fiscal year;
- Manufacturing and delivery were delayed as a result of the COVID-19 crisis.

Of the 19 purchases of equipment and vehicles in FYE 2020 and FYE 2021, six were completed in FYE2020. Another five purchases are in process. The purchase of lab replacement equipment spans both years and a majority of that equipment has been received. Seven purchases are scheduled for FYE 2021.

Purchases in Process

Following is a status report on purchases in process:

1. D7 Tractor for Biosolids Harvesting – This \$250,000 project is ready for bidding and was carried over to FYE 2021. The tractor is a 1977 model year and beyond its useful life span, with maintenance costs now

exceeding the vehicle's annualized value. Replacement is warranted. Additionally, the current tractor is out of compliance with Air Board regulations, and the summer of 2020 is the last season of permitted use. It is more cost effective to purchase a replacement vehicle with a 30-year service life than to rent at more than four (4) times the cost over the same period. Staff is proceeding with this acquisition.

2. Ford Escape – This \$30,000 vehicle was ordered on February 27, and delivery is anticipated by August. This vehicle is a hybrid cleaner air vehicle replacing a gas truck. In theory, the purchase could be cancelled with minimal penalty, but the District would have to rent a replacement vehicle when a vacant position in the Field Operations Division is filled within the next month. Staff is proceeding with this acquisition.
3. Leak Repair Vehicle – This \$150,000 enhanced replacement vehicle is used for emergency responses to water leaks. The vehicle was ordered on February 27, and delivery is anticipated by August. Because of the specialty manufacture of this vehicle, there would be a substantial penalty for cancelling this order. Staff is proceeding with this acquisition.
4. Utility Service Carts – This \$88,000 purchase is substantially complete. Seven replacement service carts have been purchased and delivered for use at the Regional Wastewater Treatment Plant. An eighth cart was deferred to FYE 2021. Staff recommends deferring this \$11,000 purchase, and reconsidering it with next year's budget process.
5. Vibration and Acoustical Monitoring Equipment – This \$100,000 purchase will provide equipment to monitor vibrations on some of the mechanical equipment. This will enable staff to identify some mechanical problems in equipment before unexpected catastrophic failure of the equipment occurs. This equipment is supportive of Strategic Goal #4 to *"develop a fully integrated Asset Management Program to guide all the District's business functions"*. A first phase pilot project is underway at a cost of \$35,000. If the pilot project is successful, staff will proceed with the balance of the purchase of monitoring equipment for other wastewater plant equipment.

Budgeted FYE 2021 Purchases Not Yet Started

1. Closed-Circuit Television (CCTV) Truck – A replacement \$500,000 CCTV truck to do televising assessments of the District's sewer lines was budgeted for FYE 2020, and is urgently needed. However, this replacement is funded from the Local Wastewater Replacement Fund (Fund 210), which remains heavily reliant on the developer "buy-in" component of the Local Wastewater Capacity Reserve Fee. Given the uncertainty of that revenue source (as further discussed below in the capital discussion), staff recommends postponing this replacement until FYE 2022 (two-year deferral). Purchase of this vehicle (and equipment) will be reconsidered with next year's budget process.
2. Arrowboard Sign Trailer – This \$17,500 equipment is needed for traffic control in repair areas. This is a new piece of equipment.
3. Spare Return Activated Sludge (RAS) Pump for Secondary Clarifiers – This \$16,000 purchase is needed to have standby replacement equipment on hand in the event of an unexpected catastrophic failure on a critical plant pump.
4. Mechanical Bird Control – This \$50,000 purchase is of moderate importance. Deferral of this item would lead to some additional ongoing maintenance costs to mitigate birds at the wastewater treatment plant.

5. Compliant Blasting/Removal System – This system allows for the more efficient removal of graffiti on District facilities, which has been on the rise. Deferral of this item would lead to additional ongoing maintenance costs.
6. Building “R” Retaining Wall – This \$60,000 purchase would provide materials for construction of a retaining wall to protect the MF/RO Building from settlement/sliding. This work should be completed by the end of 2021 at the latest to prevent imminent structural damage to Building “R.”
7. Influent Gate Control – This \$120,000 equipment is critical to the plant’s operations and cannot be further deferred.
8. Laboratory Equipment – Phase 2 – There is \$100,000 budgeted for this second phase of replacement equipment for the laboratory. A number of the instruments are beyond their useful lives, are no longer supported technically, and have no replacement parts being manufactured. It is not possible to defer the purchase of this replacement equipment.

Capital Budget Review

For its three business enterprises, DSRSD has two categories of capital funds. The first category, capital replacement funds, provide funding for long-term capital replacement and rehabilitation needs. These funds also provide for system-wide improvements, to enhance service levels. The primary funding source for the three capital replacement funds are annual replacement transfers from the respective operating funds to the capital replacement funds. For FYE2021, the District is transferring approximately \$8.5 million per year from its three operating funds to its capital replacement funds. These funds pay for projects like water line replacements, recoating of existing water tanks, and the addition of emergency standby generators for pump stations and the Field Operations Facility.

In addition, as part of a “buy-in component” to capacity reserve fees, new development contributes to the capital replacement funds. However, this contribution is a temporary revenue stream that will diminish as Dublin, San Ramon, and Pleasanton approach “buildout.” Moreover, in the short term, this contribution is subject to great variability as the economy ebbs and flows. For example, for FYE 2020, the “buy-in component” to the three capital replacement funds was budgeted at \$8.0 million, but it is likely that revenue collected will be less than \$5 million as a result of general economic slowing in late 2019 compounded by the economic effects of the COVID-19 crisis. The District has accumulated over \$68 million in its replacement funds.

However, it is noteworthy that the Local Wastewater capital replacement fund is underfunded, and as noted in a 2017 report to the Board, over-reliant on development fees. To address shortfalls in the Local Wastewater operations fund, the Board recently suspended all capital replacement transfers from the operations fund to the replacement fund. With the replacement allocation suspended, and the Local Wastewater operations fund only slowly recovering its strength, the Local Wastewater replacement fund is under acute stress, particularly if a prolonged development slowdown materializes.

The second category of capital funds are the three expansion funds. These funds finance new infrastructure needed to serve new development, and to pay debt service costs associated with expansion infrastructure. Examples of expansion projects include new water tanks, the recent Phase 2 Recycled Water Treatment facility expansion, and the fourth digester at the Regional Wastewater Treatment Plant. These capital funds are funded primarily by capacity reserve fees on new development. As money is received, the necessary capital projects are constructed to serve new development. When new development slows, the need for new projects diminishes, and thus construction of expansion projects is reduced. However, debt service obligations for prior expansion

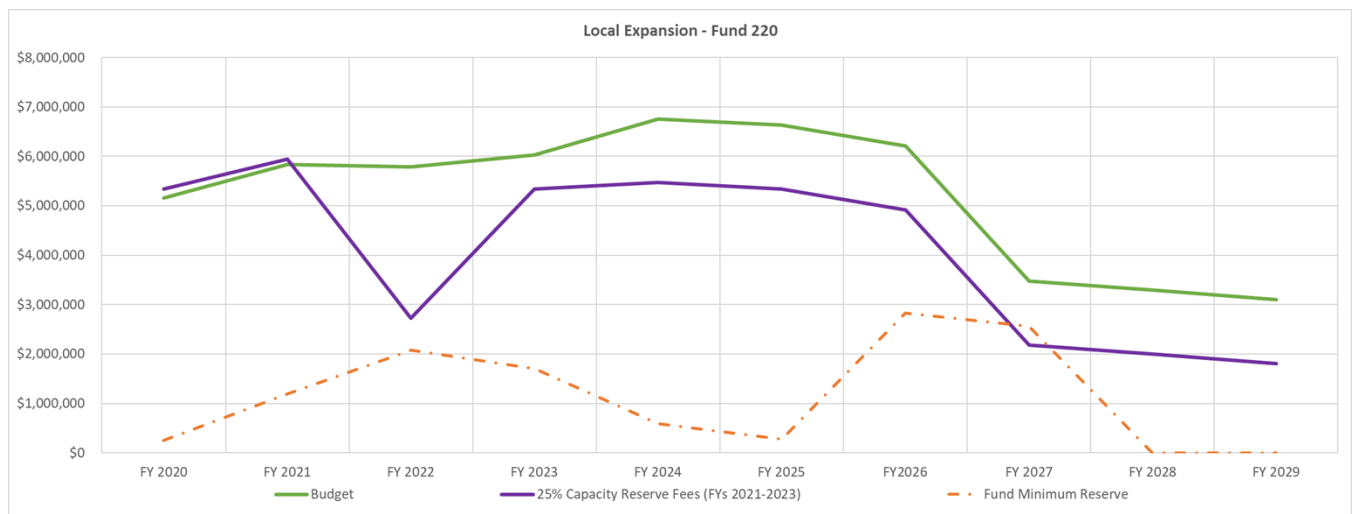

projects continues. Even in a case of no development at all, the District’s capital expansion funds are responsible for approximately \$7.0 million of debt service per year (out of total debt service obligations of \$8.5 million). The District currently has over \$85 million of funds in its three expansion funds.

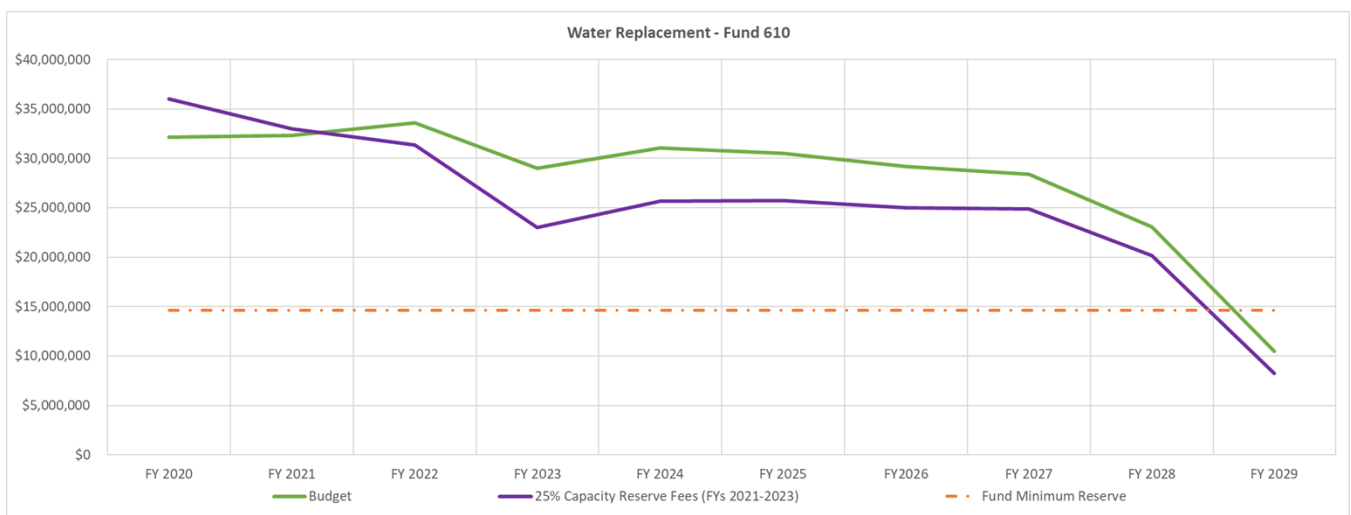

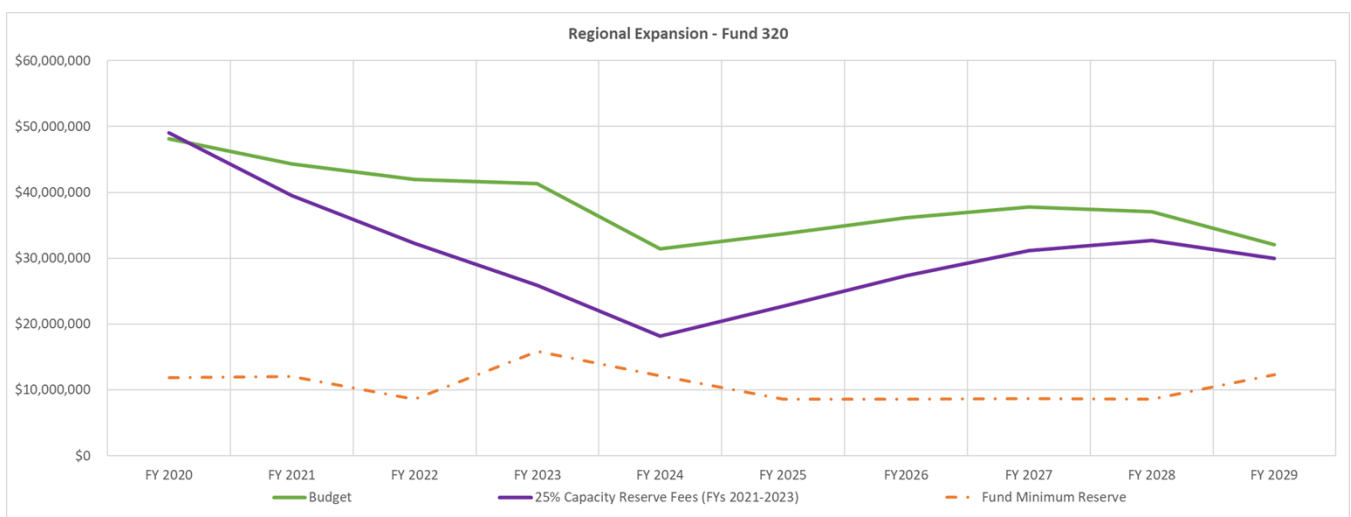

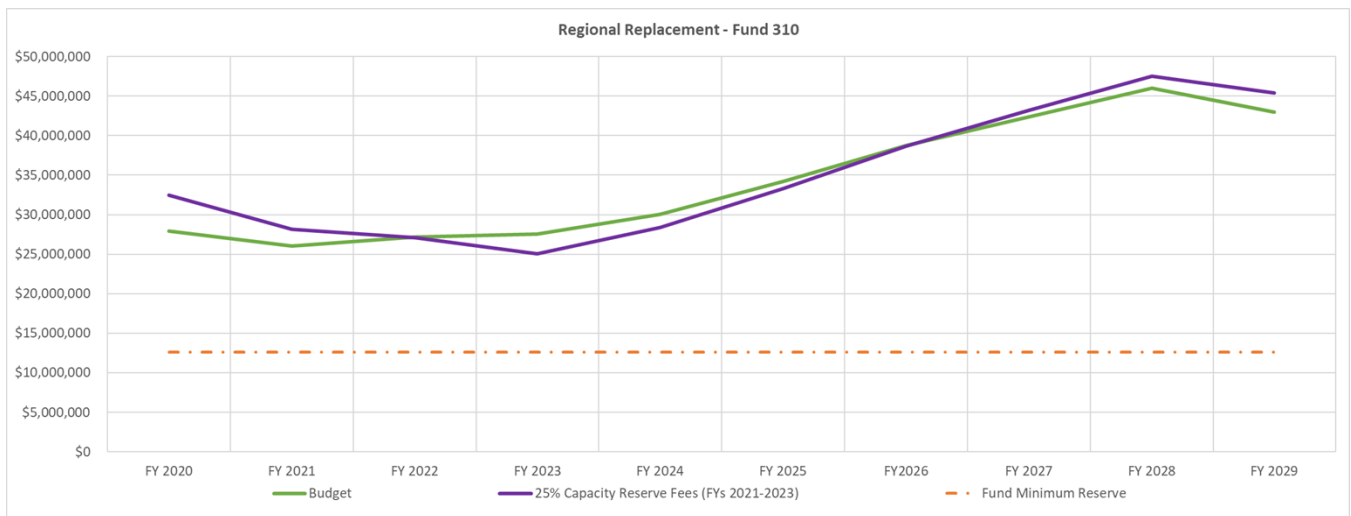

Capital Fund Stress Test

As development slows, the revenue to both the replacement and expansion funds are reduced. Between a slowdown in development prior to the pandemic and the accelerated slowdown with the pandemic, the capacity reserve fees received are preliminarily estimated to be 30–40% less than estimated for FYE 2020 (or about \$8 million to \$10 million less than budgeted).

Given the lack of precedent, it is difficult to estimate the impact of the COVID-19 pandemic on the economy and development. To determine the sensitivity of the capital funds to a slowdown in development, staff developed a “stress test” for each of the capital funds assuming that for the next three fiscal years, 2021, 2022, and 2023, the District will receive only 25% of the projected capacity reserve fees originally anticipated in the Capital Improvement Program (CIP) 10-Year Plan for FYE 2020 through 2029. For comparison, in the Great Recession from 2008 to 2010, the District collected approximately 30% of the projected capacity reserve fees. This stress test assumes that revenues not received in the FYE 2021 to FYE 2023 timeframe would materialize in the FYE 2024 to FYE 2029 timeframe, representing a deferral in some of the fees collected.

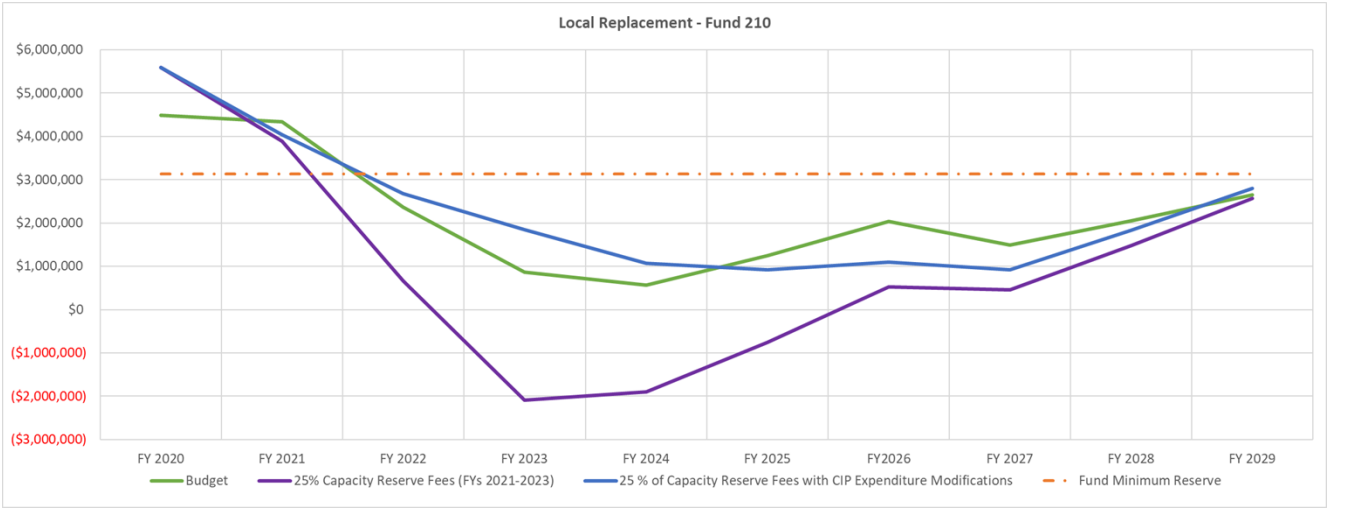

Overall, the stress test shows that four of the six capital funds have sufficient capital to fund the proposed projects over the next 10 years even with drastic reductions in capacity reserve fees from development. The following four graphs show the impacts on four of the capital funds: Local Wastewater Expansion, Regional Wastewater Replacement, Regional Wastewater Expansion, and Water Replacement. The graphs show the original ending working capital estimates from the approved FYE 2020 through 2029 CIP Plan, the minimum fund reserve levels (set by adopted Board policy), and the projected ending working capital balances after the stress test is applied. In all four cases, the capital funds will remain well funded and exceed minimum fund reserve levels in the short and intermediate term.

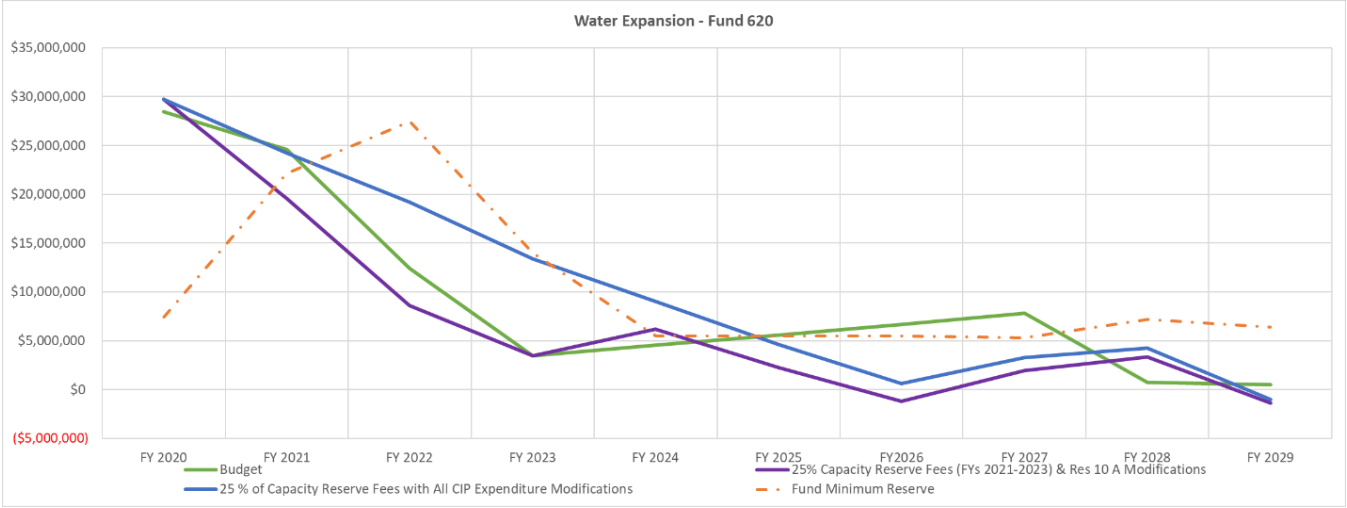

There are two funds that were projected in the 10-Year CIP Plan to have very low working capital: Local Wastewater Replacement (Fund 210) and Water Expansion (Fund 620). The Local Wastewater Replacement fund is distressed because of historic underfunding, and because of accelerating aging of the collections system infrastructure that is triggering the need for more replacement projects at the same time the fund is under stress. Under the stress test, the Local Wastewater capital replacement fund could actually experience a

negative fund balance within three to four years. To address this challenge, staff will explore deferring some Local Wastewater (collections system) projects originally planned over the next two to four years. As a practical matter, the deferral of some collections system projects has already materialized because of staff vacancies in FYE 2020. A comprehensive review of the condition of the Local Wastewater Replacement fund will be considered during the development of the next 10-Year CIP Plan in early 2021.

For the Water Expansion fund, the construction phases for the Reservoir 10A, Reservoir 20B, and Turnout 6 projects were delayed, and the construction cost for Reservoir 10A was reduced based on a recent predesign report. When there is a slowdown in development, it is reasonable to delay expansion projects because if there is no development, there is not a need for the project. However, the projects will ultimately be needed to serve the service area buildout. These projects will require property acquisition and coordination with outside agencies which can lead to project delays. Therefore, the District could take advantage of the pause in development to complete the less-expensive, but time-consuming, planning and design phase and delay the construction phase which is typically 75–90% of project cost until there is a rebound in fund revenue. Even with these proposed project changes, this fund has a negative balance in FYE 2026. It also has a negative balance at the end of the 10-Year CIP Plan due to large expenditures associated with a potable reuse project in the last year of the plan. Lastly, a Water Capacity Reserve Fee Study Update is pending later this summer, which will reexamine the revenue needs of the Water Expansion fund.

Overview of Fiscal Year 2020/2021 Capital Improvement Program Projects

In the current two-year CIP budget, 15 projects have been completed, at a total budgeted expenditure of \$5.8 million. There are 8 projects under construction at a cost of \$17.9 million, 11 projects under design, 4 projects under procurement, 5 at the planning/RFP stage, and 13 not started. Attachment 1 provides a summary list and status of 61 projects approved in the two-year CIP budget. Attachment 2 provides the same information as Attachment 1 but is sorted by the project type. An explanation of the project types is provided below.

Developer reimbursement – Projects completed by development in conjunction with a development project on behalf of the District. (2 projects)

In coordination with other agencies – Projects that the District is managing on behalf of DERWA or LAVWMA (Livermore-Amador Valley Water Management Agency) or projects the District is constructing in coordination with other agencies. The District does not have unilateral control of the timing of these projects and must meet certain partnership obligations mandated by the respective joint powers authority Boards of Directors. (7 projects)

Regulatory – Projects that are required to meet a regulatory requirement. (3 projects)

Replacement – Projects to replace assets that are at or near the end of their useful life. (25 projects)

Reliability – Projects to add new assets to improve the operational reliability of the system. (13 projects)

Expansion – Projects to add capacity to accommodate new development. (7 projects)

Master Plan – Studies to identify and phase new projects. (2 studies)

Programs – Funding set aside for projects that have either not been anticipated or do not yet have definitive scope and budget. For example, a major water main might need unexpected replacement, and the associated program would fund the creation of a modest-scale replacement project when the need arose. Projects funded by the program are either approved by the General Manager if it is within his/her spending authority or approved by the Board. There is a program associated with each replacement fund. Other programs set aside funding for a specific District initiative such as the Capital Improvements to Increase the Water Supply Program and the Energy Management Program.

The District expended only 50% of the FYE 2020 capital budget because there was not sufficient staff to manage projects due to staffing vacancies that have recently been filled, combined with additional workload arising from District emergencies, such as the Public Safety Power Shutoff and the current COVID-19 crisis. As shown in the stress tests, the Water and Regional Wastewater Replacement funds have sufficient capital. As projects have been backlogged, these funds have been accumulating capital. Based on Asset Management models, the District will have a steady increase in assets reaching the end of their useful life over the next 10 years. With a project backlog and the increasing need to replace assets, deferring replacement projects is not recommended. Although delaying needed repairs saves money in the short term, it has the risk of incurring greater costs in the long term, particularly if the infrastructure fails and damages adjacent infrastructure or the District incurs regulatory fines. Moreover, deferring projects exposes the District to more instances of unexpected catastrophic failure, with unacceptable operational and financial/liability impacts. Lastly, the District's 5 Year Strategic Plan includes an action item to *"make early preventative maintenance and rehabilitation expenditures to save on greater deferred costs long-term"* (Action item #1 to Goal #1).

Lastly, the current economic uncertainty and crisis may create a more favorable bidding climate for the District over the next one to three years. By maximizing the construction of projects over the next one to three years, the District may be able to stretch its capital resources further, to the benefit of ratepayers.

Next Steps

Staff proposes to bring back a more comprehensive report on the status of the District's various funds once all final revenues, expenditures, and transfers are finalized for FYE 2020 ending June 30, and reflected in the audited Comprehensive Annual Financial Report. This report is anticipated in mid-October.

Concurrently, staff will present the annual review of the rate stabilization funds for the Local Wastewater, Regional Wastewater, and Water Enterprise funds. Additionally, staff will present updated 10-year financial planning models for the three enterprise funds based on the latest information from the end of FYE 2020. At this fall meeting, the Board will have the opportunity to consider any recommended operating budget adjustments to the FYE 2021 budget.

The next two-year budget cycle will begin in early 2021, starting with consideration of an update to the Five-Year Strategic Plan in March and April. This will be followed by introductory financial information presented to the Board in March or April. The preliminary budget schedule anticipates the Board will receive the draft of the operating budget and the capital budget for FYE 2022 and FYE2023 in early May, with final adoption of the two-year operating budget and capital budget scheduled for June.

RECOMMENDATION

Staff recommends that the Board receive a presentation on financial issues, direct staff to defer the purchase of a \$500,000 CCTV truck and an \$11,000 maintenance cart until these purchases can be reevaluated with the FYE 2022 operating budget, and direct staff to bring an update on the financial condition of the operating funds to the Board in October.
