TITLE: Authorize Remote Teleconference Meetings until July 21, 2022, Pursuant to California Government Code Section 54953(e)

RECOMMENDATION:

Staff recommends the Board of Directors authorize, by Resolution, conducting open and public meetings via remote teleconference pursuant to California Government Code Section 54953(e) from June 21, 2022, through July 21, 2022.

DISCUSSION:

On March 4, 2020, Governor Gavin Newsom proclaimed a State of Emergency to exist in California due to the threat of COVID-19, which prompted the Governor to issue Executive Order N-29-20 permitting local governments to meet remotely without following all the teleconferencing requirements contained in the Ralph M. Brown Act. With the expiration of Executive Order N-29-20 on September 30, 2021, the Governor signed Assembly Bill 361 adding Government Code Section 54953(e) to make provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code Section 54953(b)(3), subject to the existence of certain conditions. Under the new law, agencies can conduct virtual meetings where the Governor has proclaimed a State of Emergency and the Board of Directors has declared the need to meet remotely to protect the health and safety of attendees.

Due to the recent surge in COVID-19 cases in the District's service area and public health orders issued by Alameda County to minimize the spread of the virus, staff is recommending that the Board approve the attached resolution which would authorize the Board to conduct meetings remotely for a 30-day period from June 21 through July 21, 2022. The Board's adoption of the resolution would allow, but not require, virtual meetings to be conducted for the next 30 days. At the July 19 regular Board meeting, the Board can direct staff to extend the remote meeting authorizations or return to in-person meetings.

RESOLUTION NO. _____

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT FINDING THAT THERE IS A PROCLAIMED STATE OF EMERGENCY BY GOVERNOR NEWSOM DUE TO COVID-19, AND AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT FOR THE PERIOD JUNE 21, 2022 THROUGH JULY 21, 2022, PURSUANT TO THE AUTHORIZATIONS PROVIDED FOR IN CALIFORNIA GOVERNMENT CODE SECTION 54953(E)

WHEREAS, the Dublin San Ramon Services District (the “District”) is committed to preserving and nurturing public access and participation in meetings of the Board of Directors; and

WHEREAS, all meetings of the District’s legislative bodies are open and public, as required by the Ralph M. Brown Act (California Government Code Sections 54950–54963), so that any member of the public may attend, participate, and watch the District’s legislative bodies conduct their business; and

WHEREAS, on March 4, 2020, Governor Newsom did declare a State of Emergency, which continues in effect, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the State respond to the spread of the novel coronavirus disease 2019 (“COVID-19”); and

WHEREAS, Government Code Section 54953(e), makes provisions for remote teleconferencing participation in meetings by members of a legislative body subject to the existence of certain conditions and findings; and

WHEREAS, while the District believes District work-related activities may be conducted safely in person through imposition of various safety protocols, including wearing of appropriate and approved face coverings, sanitizing of equipment, social distancing (which continues to be recommended by the Centers for Disease Control for certain persons), minimizing in-person contacts between staff and public, daily self-symptom checks, and contact tracing of possible virus exposure, Board meetings present a unique challenge due to their being open to the public generally, with limited space in the Boardroom, limited ability to enforce self-symptom checks, and limited ability to provide contact tracing for potentially exposed individual attendees; and

WHEREAS, Alameda County is currently experiencing a surge in COVID-19 cases, which is impacting the ability of the DSRSD Board of Directors and staff to meet safely in person due to the unique challenges presented with in-person Board meetings.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, as follows:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Findings. The Board hereby finds that the Governor of the State of California has proclaimed a State of Emergency, effective as of its issuance date of March 4, 2020, due to COVID-19. The State of Emergency, as declared by the Governor and District, and as specifically related to the highly transmissible nature of COVID-19 and its variants, has caused, and will continue to cause, conditions of concern to the safety of certain persons within the District, including those who are not fully vaccinated and older and immunocompromised individuals which conditions are likely to be beyond the control of the services, personnel, equipment, and facilities of the District which directly impacts the ability for the District Board of Directors, staff, and members of the public, to meet safely in person.

Section 3. Remote Teleconference Meetings. The General Manager, or designee, are hereby authorized to take all actions necessary to carry out the intent and purpose of this Resolution including, providing for each of the District's legislative bodies to continue to conduct their meetings without compliance with Government Code Section 54953(b)(3), as authorized by Section 54953(e), and that such legislative bodies shall continue to comply with the requirements to provide the public with access to the meetings as prescribed in Section 54953(e)(2).

Section 4. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) July 21, 2022, or (ii) such time the Board of Directors adopts a subsequent resolution in accordance with Government Code Section 54953(e)(3) to extend the time during which the legislative bodies of the District may, in its discretion, continue to teleconference without compliance with Section 54953(b)(3).

2. Award, by Motion, a construction agreement for the Alum Addition Project (CIP 18-P016) to Pacific Infrastructure Corporation, the lowest responsive, responsible bidder, in the amount of \$1,265,200.
3. Approve, by Motion, the General Manager to execute Task Order No. 5 to the Master Agreement for Consulting Services with HDR Engineering in an amount not to exceed \$175,000 for construction management services for the Alum Addition Project (CIP 18-P016).

DISCUSSION:

The Capital Improvement Program Two-Year Budget includes the Alum Addition Project (CIP 18-P016) ("Project"). The Project will control the concentration of phosphates that are dissolved in the facultative sludge lagoon (FSL) return flow to the wastewater treatment plant (WWTP). Controlling phosphates in the FSL return flow will alleviate the formation of struvite in the anaerobic digesters and allow the operation of the aeration tanks in a mode that improves secondary clarifier efficiency and effluent quality. Improved effluent quality is good for both NPDES permit compliance and for source water for the Jeffrey G Hansen Water Recycling Facility Plant. The facility will consist of two vertical alum storage tanks and chemical metering pumps, all of which will be housed within a concrete containment structure. The Project is located at the east side of the FSL where the return flow is metered and delivered to the collection system. An overview site location map and approximate facility layout are shown below.

Award Construction Agreement

The bid period for the Project began on May 2, 2022, and three bids ranging from \$1,265,200 to \$1,493,900 were received on June 2, 2022. The engineer's estimate was \$1,500,000. The apparent low bid was received from Pacific Infrastructure Corporation and contained one irregularity. The irregularity was a typographical error in the extended bid price listed for a single bid item which did not match its unit price. Both the numerical total base bid amount and the written-in-words amount mathematically indicate the unit price amount is correct. This deficiency may be considered a minor irregularity and waived per the Instructions to Bidders section of the contract documents. Attachment 1 provides a summary of the bid results.

Staff recommends the Board award the construction contract for the Project to Pacific Infrastructure Corporation, the lowest responsive, responsible bidder, in the amount of \$1,265,200.

The Board of Directors previously adopted the Initial Study/Negative Declaration (IS/ND) for the Project at the November 2, 2021 Board meeting, and the Notice of Determination was filed on January 10, 2022. The contract time for the Project is 270 calendar days and is estimated to be completed in March 2023.

Construction Management Services

A construction management firm is recommended to maintain clear communication and coordination between the contractor, the design engineer, and District staff, provide inspection services, and maintain accurate records during construction. Staff solicited proposals from five consulting firms to provide construction management services for the Project. Staff received proposals from two firms: HDR Engineering and West Yost Associates. The other three consulting firms declined to propose due to other existing contractual obligations and the lack of available resources to accommodate additional work.

HDR Engineering's proposal demonstrated a clear understanding of the project goals and objectives and provided a streamlined approach to construction phase of the Project. Staff also carefully evaluated HDR Engineering's company and personnel qualifications, and depth and breadth of its construction management team, and determined that HDR Engineering has the appropriate combination of qualifications and resources to meet the needs of the Project. Lastly, in consideration of scope of the Project and the current economic environment, staff assessed that HDR Engineering's estimated level of effort and costs are fair and reasonable.

Staff recommends the Board authorize the General Manager to execute Task Order No. 5 in an amount not to exceed \$175,000 for construction management services.

Budget Adjustment

Staff requests a budget increase of \$500,000 from the existing project budget of \$1,668,080 to \$2,168,080 to complete the Project. The increase will cover the costs for construction of the Project, design services, engineering services during construction, construction management services, staff time, and clearing of the supernatant return lines. The original budget included a construction estimate of \$1.2 million, which is insufficient to award the lowest bid as proposed and would not allow for any contingency. Construction management and engineering services during construction were estimated at \$180,000 in the original project budget, which would also just barely allow the award of the construction management contract under consideration. To plan for potential contingencies and address the increased cost of construction and services in the current market, staff requests a budget increase of \$500,000.

The Project is 75% funded by Regional Wastewater Replacement (Fund 310) and 25% funded by Regional Wastewater Expansion (Fund 320). The Regional Wastewater Replacement (Fund 310) currently has \$35 million in working capital, and this budget adjustment will draw an additional \$375,000 from that fund. The Regional Wastewater Expansion (Fund 320) currently has \$43 million in working capital, and this budget adjustment will draw an additional \$125,000 from that fund.

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT APPROVING AN AMENDMENT TO THE CAPITAL IMPROVEMENT PROGRAM TEN-YEAR PLAN FOR FISCAL YEARS 2022 THROUGH 2031 AND TWO-YEAR BUDGET FOR FISCAL YEARS 2022 AND 2023 TO INCREASE THE ALUM ADDITION PROJECT (CIP 18-P016) BUDGET

WHEREAS, the Board of Directors approved the District's Capital Improvement Program ("CIP") Ten-Year Plan for Fiscal Years 2022 through 2031 ("CIP Plan") on June 1, 2021, to serve as a budgetary planning document providing direction and guidance, in accordance with District policies, for the replacement and improvement of existing District facilities and the construction of new facilities; and

WHEREAS, the Board of Directors adopted the current CIP Two-Year Budget for Fiscal Years 2022 and 2023 ("CIP Budget") on June 1, 2021, authorizing fund budgets for fiscal years 2022 and 2023 to meet the District's capital infrastructure needs; and

WHEREAS, the CIP includes the Alum Addition Project (CIP 18-P016) with a budget of \$1,668,080; and

WHEREAS, staff recommends an increase to the Alum Addition Project (CIP 18-P016) by \$500,000 from \$1,668,080 to \$2,168,080.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, as follows:

The Alum Addition Project (CIP 18-P016) is hereby increased to a total budget of \$2,168,080 in the CIP Two-Year Budget for Fiscal Years 2022 and 2023, in accordance with the project description sheet attached as Exhibit "A."

Status: Continuing Project

Project Summary:

This project will construct facilities to add alum to the facultative sludge lagoon return water. The addition of alum will precipitate phosphate from the return water and reduce the formation of struvite. Currently, one of the strategies to avoid the formation of struvite at the wastewater treatment plant (WWTP) is to run the WWTP in a mode where the phosphate remains in the liquid process and exits the WWTP with the effluent, rather than remaining in the biosolids and forming struvite in the digesters. However, this mode of operation is not as effective in producing a consistently high quality effluent. The addition of alum will allow the WWTP to operate in an alternate mode that will produce a better settling sludge and higher quality effluent, thus eliminating the need for an additional clarifier.

TITLE: Approve the Purchase with Platt Electrical Supply for the Supply and Delivery of Miscellaneous Electrical Parts and Authorize the General Manager to Execute the Purchase Order with Platt Electrical Supply for the Supply and Delivery of Miscellaneous Electrical Parts

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Motion, a purchase from Platt Electrical Supply for the supply and delivery of miscellaneous electrical parts, and authorize the General Manager to execute a purchase order in the amount of \$270,000.

DISCUSSION:

Staff solicited quotes through a competitive bid process for the supply and delivery of miscellaneous electrical parts for a purchase order contract period of 36 months beginning July 1, 2022 through the fiscal year ending (FYE) June 30, 2025. Two submittals were received by the due date and met all bid requirements. After review of the submittals, Platt Electrical Supply was deemed the lowest overall price for the miscellaneous electrical parts as shown in the table below. Platt Electrical Supply also has demonstrated the required level of delivery request responsiveness and condition of product at delivery. Therefore, Platt Electrical Supply has met the criteria and specifications for supply and delivery of the products that is deemed most advantageous and in the best interest of the District.

Submittal from:	Overall Bid Price Comparison*
Platt Electrical Supply	\$85,881.24
Napa Ford	\$125,093.80

**Using a comparative sample list of parts and estimated quantities*

The estimated aggregate amount for the contract period is \$270,000 based on current and historical trends. These parts are used for maintenance and repair work conducted by District staff and are also provided as needed to the District's on-call emergency contractors. Staff intends to issue a purchase order in the amount of \$270,000 to Platt Electrical Supply, of which \$90,000 will be allocated for FYE 2023 and each of the following fiscal years. The anticipated expenses for FYE 2023 are already within the Operations Department's operating budget as follows: 2% Local Wastewater Enterprise (Fund 200), 76% Regional Wastewater Enterprise (Fund 300), 19% Water Enterprise (Fund 600), and 3% Administrative Overhead (Fund 900). Staff anticipates a similar percentage breakdown for the second and third years of the contract. Actual expenses incurred will be charged to the appropriate funding source. Staff will request the appropriate funding for the following two fiscal years (FYE 2024 and FYE 2025) during the preparation of the subsequent two-year budget.

As the purchase order contract amount exceeds the General Manager's purchasing authority limit of \$175,000, the Board must authorize the General Manager to approve the \$270,000 purchase order to Platt Electrical Supply.

TITLE: Approve Agreement for Legal Services with Bartkiewicz, Kronick & Shanahan for General Counsel Services

RECOMMENDATION:

Staff recommends the Board of Directors approve, by Resolution, an agreement for legal services with Bartkiewicz, Kronick & Shanahan for General Counsel services to the District.

DISCUSSION:

On February 5, 2002, the Board of Directors approved a contract with the law firm of Bold, Polisner, Maddow, Nelson & Judson (BPMNJ) for General Counsel services. Over the last 20 years, this agreement has been amended 12 times. A number of attorneys at BPMNJ have successfully served as General Counsel for the District during that time. Over the last three years, the primary attorney assigned as General Counsel has been Mr. Douglas E. Coty. In June of 2022, representatives for BPMNJ indicated that because of staffing changes, BPMNJ would no longer be able to provide General Counsel services to DSRSD, effective June 30, 2022. Mr. Doug Coty is moving to another law firm, Bartkiewicz, Kronick & Shanahan.

Mr. Coty has been very successful providing service to the District and working cooperatively with the Board of Directors and District staff. Recently he has been providing legal services for approximately 300 hours per year for the District. To ensure continuity of service of the District's legal affairs, staff is recommending that Mr. Coty continue as the General Counsel for the District through a contract with his new employer, the law firm of Bartkiewicz, Kronick & Shanahan (BKS). This contract is for a one-year period effective July 1, 2022 and will allow the Board to assess the quality of services provided by the new firm. General information about the BKS firm is provided as Attachment 1 to this report.

The billing rate for District General Counsel through BPMNJ was last adjusted two years ago to \$275/hour, which applied for fiscal year ending (FYE) 2021 and FYE 2022. The new General Counsel rate proposed by BKS for FYE 2023 is \$300/hour. This represents an increase of 9.1%. It should be noted that over the last two years, the cumulative increase in inflation exceeded 10%.

Staff further recommends that the Board evaluate the work of BKS in early 2023 to determine if an extension to the contract for General Counsel services is warranted, or if the District should initiate a Request for Proposal for General Counsel services for FYE 2024 and later.

AGREEMENT FOR LEGAL SERVICES
WITH THE DUBLIN SAN RAMON SERVICES DISTRICT

This Agreement is made effective as of July 1, 2022 by and between Bartkiewicz, Kronick & Shanahan, a California professional corporation (“Attorneys”), and Dublin San Ramon Services District, a California public agency (“District”), who agree as follows:

1. Scope and Duties. District retains Attorneys to provide general counsel legal services, including matters relating to District’s governance, water rights, water service, public works and other contracts, water service rates and charges, and other matters as may be requested from time to time by District. District and Attorneys may modify this scope of legal services by mutual agreement, which may be informal. Douglas E. Coty (“Mr. Coty”) will be the primary attorney advising and representing District under this Agreement and will be assisted as needed by other attorneys in the firm as approved by the District. Attorneys will provide the legal services reasonably required to advise and represent District in this matter, and will take reasonable steps to keep District informed of progress and significant developments, and to respond to District’s inquiries. District will be truthful with Attorneys, cooperate with Attorneys, keep Attorneys informed of developments and changed circumstances, abide by this Agreement and pay Attorneys’ bills in a timely manner.

2. Relationship of District and Attorney. The District, acting through its Board of Directors, is Attorneys’ client. Attorneys will act only at the direction of the Board or according to Board delegation of authority to the General Manager. The Directors and staff of District individually are not clients of Attorneys, and Attorneys may advise individual Directors or staff members only for purposes of advancing, implementing and enforcing Board direction and duly adopted District ordinances, resolutions, regulations, and policies.

3. Billing Rates. District agrees to pay for legal services at the hourly rates of \$300 per hour for Principal I attorneys (including Mr. Coty), \$275 per hour for Principal II attorneys, \$250 per hour for Associate I attorneys, and \$225 per hour for Associate II attorneys, for Attorneys’ services provided pursuant to this Agreement. Attorneys’ rates are subject to adjustment annually (generally as of January 1), with prior notice to District of the adjustment. Attorneys charge in minimum one-quarter hour units.

4. Costs and Expenses. Whenever practical, District agrees to pay directly for costs and expenses by either advancing such costs or expenses to Attorneys, or by paying third parties directly. In all other cases, District will reimburse Attorneys for all necessary and actual costs and expenses incurred by Attorneys, including, but not limited to, the following: costs of serving pleadings; filing fees and other charges assessed by courts and other public agencies; court reporter’s fees; jury and witness fees; long distance telephone charges; messenger and other delivery fees; postage; photocopying (at \$.20/page black and white and \$.30 for color); parking; mileage (at the current IRS rate); computer-assisted

research charges; consultant and expert witness fees; and other out-of-pocket expenses incurred by Attorneys. Attorneys will itemize all costs incurred on each monthly statement.

5. Special Counsel. District may, at District's sole discretion, hire special counsel to perform legal work for District. In such event, District shall select the special counsel and Attorneys shall facilitate the work of and cooperate with special counsel to ensure optimum delivery of legal services to District. District may, but shall not be required to, seek Attorneys' assistance in determining whether to utilize special counsel, or in the selection process.

6. Statements. Attorneys will send District a statement for fees and costs incurred every month, except that when the fees and costs for a particular month are minimal, they may be carried over to the next month's statement. Upon District's request, Attorneys will provide a statement within 10 days. District will pay Attorneys' statements within 30 days after each statement's date. Attorneys' statements will clearly state the basis of the charges, including the amount, rate and basis for calculation of Attorneys' fees. Unless directed otherwise by District, Attorneys will send statements for legal services to District to the attention of the General Manager at the address stated in the Notice provision, Section __ of this Agreement.

7. Disclaimer of Guarantee. Attorneys have made no promises or guarantees to District about the outcome of District's matters, and nothing in this Agreement will be construed as such a promise or guarantee. Attorneys' comments about the outcome of District's matters are expressions of opinion only.

8. Term and Termination.

a. This Agreement is for a one-year term beginning July 1, 2022 and ending June 30, 2023. Any extension or renewal of this Agreement will be at Client's discretion and subject to a written amendment or restatement.

b. District may discharge Attorneys at any time by giving notice of termination to Attorneys. Attorneys may withdraw with District's consent or for good cause. Good cause includes District's breach of this Agreement, District's refusal to cooperate with Attorneys or to follow Attorneys' advice on a material matter, retirement or termination of key Attorneys personnel, or any other fact or circumstance that would render Attorneys' continuing representation unlawful, unethical or burdensome. Attorneys will comply with Rule 1.16 of the Rules of Professional Conduct of the State Bar of California in terminating this Agreement. When Attorneys' services conclude, all unpaid charges will become immediately due and payable. After Attorneys' services conclude, Attorneys will, upon District's request, deliver District's files to District, along with any District funds or property in Attorneys' possession. Attorneys and District each agree to sign any documents reasonably necessary to complete Attorneys' discharge or withdrawal.

9. Documents and Records. Attorneys shall deliver to District all records, data, and reports prepared or obtained in the performance of this Agreement, which shall be and remain the property of District. Attorneys shall permit District and its authorized agents and/or representatives to examine, re-examine, make excerpts, transcribe and copy Attorney's books, documents, papers, materials, payrolls, records, accounts, computer disks,

tapes, and any and all data relevant to the Agreement at any reasonable time within three years after final payment under this Agreement. Attorneys also shall permit District and its authorized agents and/or representatives to audit and verify statements, invoices or bills submitted by Attorneys pursuant to this Agreement. Attorneys shall provide such assistance as may be reasonably required in the course of such examination and audit. The foregoing shall be in furtherance of and not in limitation of the rights that District may have under applicable law.

10. Insurance.

a. Attorneys at their sole expense will procure and maintain for the duration of this Agreement the following types and minimum limits of insurance: commercial general liability, \$1,000,000 per occurrence; professional liability, \$2,000,000 per claim; and, workers' compensation, statutory limits. Upon request, Attorneys will provide to District a certificate or certificates of insurance evidencing this insurance coverage.

b. The professional liability insurance protecting against claims arising out of negligent acts, errors, or omissions of Attorneys pursuant to the Agreement, in an amount not less than \$2,000,000 combined single limit coverage and \$2,000,000 aggregate, will be written on a claims made basis with a continuation of coverage extension for two years. Such coverage shall be maintained for at least five years after the termination of this Agreement.

c. With respect to evidence of commercial general liability and automobile liability insurance coverage, Attorneys shall furnish District with original endorsements: (i) precluding cancellation or reduction in coverage before the expiration of 30 days after District shall have received written notification thereof by certified mail, return receipt requested; (ii) providing that Attorneys' insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability (cross-liability endorsement); (iii) naming District, its Board of Directors, committees, officers, employees, and agents, as additional insureds; and (iv) providing that for any claims relating to Attorneys' services hereunder, Attorneys' insurance coverage shall be primary insurance with respect to District, its Board of Directors, committees, officers, employees, and agents, and that any insurance or self-insurance maintained by District for itself, its Board of Directors, committees, officers, employees, and agents shall be excess to Attorneys' insurance and not contributory with it.

11. Indemnification. Attorneys will indemnify, defend, protect, and hold harmless District, and its officers, employees, and agents from and against any and all liability, losses, claims, damages, expenses, demands, and costs (including, but not limited to, attorney, expert witness and consultant fees, and litigation costs) arising out of Attorneys' performance of the work under this Agreement and caused by any negligent act or omission, willful misconduct or violation of law of or by Attorneys, except where caused by the active negligence, sole negligence or willful misconduct of District or as otherwise provided or limited by law.

12. Disclosure of Other Clients. Attorneys and District are not aware of a conflict of interest in Attorneys' representation of District and of other clients of Attorneys. Attorneys

disclose, and District acknowledges, that Attorneys represent Alameda County Water District, and clients with other interests that may be related to District, as follows:

Bay-Delta clients. Attorneys represent numerous clients located in areas that are tributary to the Sacramento-San Joaquin Bay-Delta (“Delta”), and that divert water from or are interested in, tributaries to the Delta on matters related to the Delta. These other clients are Amador Water Agency; Browns Valley Irrigation District; the Cities of Folsom, Roseville and Sacramento; Regional Water Authority; Sacramento Suburban Water District; Woodland-Davis Clean Water Agency; Yolo County Flood Control & Water Conservation District; and Yuba County Water Agency (collectively, “Delta Clients”). Currently, Attorneys are representing these Delta Clients in relation to the SWRCB’s proposed amendment of the Bay-Delta Water Quality Control Plan, as well as matters related to proposals to build structures under or through the Delta for the conveyance of Central Valley Project and State Water Project water (formerly known as “California WaterFix”). Attorneys believe that District’s interests in Bay-Delta matters are generally aligned with the Delta Clients’ interests and, to the extent those interests are aligned, Attorneys will represent District as part of this group of clients as agreed between Attorneys and District.

As of the time this Agreement is executed, Attorneys are not aware of a conflict of interest in Attorneys’ representation of District and Attorneys’ representation of the other clients identified in this section. In the event that such a conflict is identified or arises in the future, District and Attorneys agree that: (a) Attorneys reserve the right to continue to provide advice and represent on all matters the preexisting clients referenced in this section; and (b) Attorneys may screen Mr. Coty and seek conflict waivers from Client and the existing client if possible, or withdraw from representing District in the matter or matters in which such a conflict arises. In the event that such a conflict is identified or arises in the future, Attorneys would promptly notify District of the potential conflict, and discuss with District an appropriate way to address the situation.

13. Entire Agreement. Attorneys and District intend this writing to be the sole, final, complete, exclusive and integrated expression and statement of the terms of their contract concerning the subject matter addressed in the Agreement. This Agreement supersedes all prior oral or written negotiations, representations, contracts or other documents that may be related to the subject matter of this Agreement, except those other documents that may be expressly referenced in this Agreement.

14. Assignees. No party may assign, delegate, transfer or subcontract any of its rights, duties, obligations or other interests in this Agreement without the other party’s prior written consent. Any assignment, delegation, transfer or subcontract in violation of this provision is null and void and grounds for the other party to terminate this Agreement.

15. No Third-Party Beneficiaries. This agreement is a personal services agreement exclusive to District and no third-party beneficiaries are intended or created by this Agreement.

16. Independent Contractor. Attorneys’ relationship to District is that of an independent contractor. All persons hired by Attorneys and performing work under this

Agreement will be Attorneys' employees. Attorneys and their employees are not District employees, and they are not entitled to District employment salary, wages or benefits. Attorneys will pay, and District will not be responsible in any way for, the salary, wages, workers' compensation, unemployment insurance, disability insurance, tax withholding, and benefits to and on behalf of Attorneys' employees.

17. Governing Law. This Agreement will be governed by and construed in accordance with the laws of the State of California.

18. Notice. Except as otherwise expressly provided by law, any and all notices or other communications required or permitted by this Agreement or by law to be served on or delivered or given to a party by another party to this Agreement shall be in writing, and shall be deemed duly served, given, or delivered: (i) when delivered personally; (ii) when sent by confirmed email during the recipient's business day (or otherwise on the next business day); (iii) three days after having been sent by registered or certified mail, return receipt requested, postage prepaid; or (iv) one business day after deposit with a commercial overnight carrier with tracking, specifying next-business day delivery. Any party may change their address or designated recipient by giving written notice of such change to the other party in the manner provided in this Section 18.

TITLE: Approve Modification to the Unrepresented Senior Management Employees' Salary and Benefits Resolution No. 7-22, Exhibit B, for Base Salary Increase for the Engineering Services Director

RECOMMENDATION:

The General Manager recommends the Board of Directors approve, by Resolution, modification to the Unrepresented Senior Management Employees' Salary and Benefits Resolution No. 7-22 to provide for a base salary increase for the Engineering Services Director.

DISCUSSION:

The General Manager has approved a reorganization of the Operations and Engineering Departments, to establish the new Engineering and Technical Services Department. As a part of this reorganization, the Field Operations Division will be moved from the Operations Department to the Engineering and Technical Services Department and will receive senior manager oversight by the Engineering Services Director. This reorganization will take effect on July 11, 2022.

As a result of the expanded department size, authority, and responsibilities over the Field Operations Division now added to the Engineering and Technical Services Department, the General Manager recommends the Board approve a modification to the Unrepresented Senior Manager Employees Salary and Benefits Resolution No. 7-22, Exhibit B, to allow for a step increase in base salary for the Engineering Services Director. The Engineering Services Director's current salary is at Step C, \$19,010 per month. The proposed base salary step increase will move to Step D, \$19,961 per month, effective on July 11, 2022. The Engineering Services Director will be eligible for a future merit increase, subject to satisfactory performance as Engineering Services Director and accomplishment of goals as assigned by the General Manager, and at the discretion of the General Manager, on January 3, 2023.

Sufficient budget is allocated for this salary increase.

TITLE: Receive Report on the Low Income Household Water Assistance Program and Provide Direction

RECOMMENDATION:

Staff recommends the Board of Directors receive a report on the Low Income Household Water Assistance Program and provide direction.

SUMMARY:

The Low-Income Household Water Assistance Program (LIHWAP) is the newest federally funded COVID relief program that assists low-income households in paying delinquent water and wastewater utility bills. The District has been approached by two customers to participate in LIHWAP. Staff has researched the program and the associated advantages and disadvantages of participating in LIHWAP, and recommends the District not participate due to the modest benefit received by a few customers in comparison to the costs associated with this one-year program.

DISCUSSION:

The District currently has a permanent Low Income Assistance (LIA) Program. This program provides annual water rate relief of up to \$221.16 per year and applies to low-income households that qualify for PG&E low-income assistance for as long as they qualify. There are currently 376 households participating in the LIA program. The program is self-sustaining and requires no significant staff time to monitor or administer. The total annual size of the program is approximately \$54,000.

In late April, the District received two requests to participate in the newest federally funded COVID relief program that assists low-income households in paying delinquent water and wastewater utility bills. This program, referred to as LIHWAP, is administered through the California Department of Community Services and Development (CSD). LIHWAP is a one-time program, and not ongoing. Staff performed a review of the District's delinquent water utility receivables and found that of the active LIA customers, only \$6,780 in service charges were over 60+ days old. Given that all financial assistance programs require research, registration, monitoring, reporting, and potential audit obligations, staff concluded that the administrative burden associated with LIHWAP would outweigh the modest benefit for District customers.

At its regular Board meeting of June 7, 2022, the Board requested a report on LIHWAP. Staff has further researched the program, including follow-up with the local service provider for the CSD, Spectrum Community Services. The advantages and disadvantages are denoted below for Board consideration.

LIHWAP Advantages:

1. Primary beneficiaries of this program include the 376 customers currently enrolled in the District's LIA Program, although other low-income households may be eligible to apply. As of this report, 14 LIA customers had outstanding balances over 60+ days, totaling \$3,464.48, that would be eligible for reimbursement until the program sunsets in August of 2023. The program reimburses eligible participants up to \$2,000 in arrearages.
2. The designated local service provider for the CSD, Spectrum Community Services, would take on a large portion of the workload for this program including marketing, registration, assessing the eligibility of applicants, and recommendations to the State for relief reimbursement checks.

Financial Review: Yes		Cost and Funding Source: N/A	
Attachments: ☒ None ☐ Resolution ☐ Ordinance ☐ Task Order ☐ Proclamation ☐ Other (see list on right)		39 of 270	

LIHWAP Disadvantages:

1. LIHWAP indirectly incentivizes non-payment of water/wastewater services because LIA and other low-income customers are only eligible to qualify for LIHWAP once their account is in arrears. This philosophy is in direct conflict with the LIA Program requirements to keep an account in good standing. If approved, staff anticipates increased delinquencies while customers leave LIA to take advantage of the LIHWAP payments.
2. One-time costs associated with registering the District in the program (marketing the program, working with Spectrum Community Services, setting up Automated Clearing Accounts (ACH), posting aid payments, preparing monthly/quarterly reports, and responding to the potential audit for the period 7/1/2022 through 8/31/2023) are estimated between \$8,000–\$11,500. The divisions of Public Affairs, Financial Services, and Utility Billing will all be involved in this process. Financial Services would be required to register and set up/test all banking arrangements by June 30, 2022, requiring deferral of some current work efforts. In addition, Public Affairs would be required to market this program as soon as possible, diverting staff efforts away from community outreach on water conservation.
3. The District's current low-income arrearages (\$3,464) are substantially less than the staff time required to administer the one-time program (\$8,000–\$11,500).
4. The District currently has a permanent LIA Program, providing a \$36.86 fixed-charge credit per billing cycle, that has been successful in keeping delinquencies in check.
5. The LIHWAP participants will need to be removed from the annual tax levy for delinquent utility accounts to ensure their continued eligibility under this one-time program.

The Board has the following options available:

- Option 1 – Direct staff to participate in LIHWAP, or
- Option 2 – Concur with staff recommendation and not participate in LIHWAP given the District's low delinquency amounts and the fact that this program conflicts with the District's philosophy for the LIA Program of staying current on billings.

TITLE: Adopt Revised Director Travel and Expenses Policy and Rescind Resolution No. 1-20

RECOMMENDATION:

Staff recommends the Board of Directors adopt, by Resolution, the revised Director Travel and Expenses policy and rescind Resolution No. 1-20.

DISCUSSION:

The District's Director Travel and Expenses policy was last revised on January 7, 2020. The purpose of the Director Travel and Reimbursement policy is to establish guidelines for reimbursement of travel and related expenses incurred by Directors in the performance of official duties in accordance with Government Code Sections 53232.2 and 53232.3 (Attachment 2) as specified in Government Code Section 61047 (Attachment 3), part of the Community Services District Law.

The Director Travel and Expenses policy, as revised (Attachment 1), makes the following changes to provide further clarity for Directors travelling on District business, and to ensure consistency for administrative processing:

- Explains the responsible party(ies) for handling travel arrangements and related expenses.
- Adds clarifying language that travel expenses for ACWA and CASA conference dates in Washington D.C. are pre-approved.
- Adds language regarding hotel bookings, and the determination of pre- and post-lodging based on home/event proximity and event schedule. Pre-conference lodging will be allowed for approved travel if the start time of the event effectively precludes on-time arrival using normal means of transportation - when same day travel, beginning at 7 a.m. or later, is feasible to attend the first event activity. Post-lodging on the last day of the event will be allowed for approved travel if the end time of the event effectively precludes same day travel and arrival home no later than 7 p.m. using normal means of transportation. This update aligns with staff travel procedures.
- Adds language that a rental car, if one must be utilized, can be used for travel to and from the destination and explains the rental insurance requirements for such use. This update aligns with staff travel procedures.
- Sets forth a deadline of 30 days after expenses are incurred for an expense report to be submitted for reimbursement(s). 30 days provides a reasonable amount of time for Directors to submit expense reports and ensures predictability for processing and payment of reimbursements. This update aligns with staff travel procedures.
- Makes non-substantive language and formatting corrections.

The marked-up policy (Attachment 1) and proposed policy without the markups (Exhibit A) are included for review. In accordance with the District's practice of reviewing each of its policies at least every four years, this policy is scheduled for review again in 2026 if the Board adopts a revised policy this year.

When necessary, reasonable discretion in approving reimbursements related to unusual circumstances may be exercised that are not in strict accordance with this policy but that were necessary and prudent and were incurred in performance of official duties while furthering the interests of the District. If a Director disagrees with the determination, the Director submitting the

-expenses for reimbursement shall make a request at a Board meeting, not later than 60 days after the day for which reimbursement is requested, to schedule an agenda item to review the determination at a future regular Board meeting. The submittal of a Director Expense Sheet by a Director shall be deemed a representation by that Director that the request, in the exercise of his or her judgment, complies with the terms of this policy, that any required approval of the Board was obtained at a Board meeting in advance of the activity or event, that any required written report has been submitted at the next Board meeting following the activity or event, and that the Director has considered any issues that the General Manager has identified. If the matter is referred to the Board of Directors, the Board shall approve the Director Expense Sheet unless the Board believes it substantially deviates from this policy.

6. Administration

The General Manager, or designee, shall administer this policy and shall institute appropriate accounting and control procedures to ensure the policy is being followed.

WHEREAS, on December 6, 2005, the Board revised the policy for the reimbursement of travel and related expenses incurred by Directors while on District business, to conform with two statutes that became effective January 1, 2006: SB 135 (Kehoe), which revised the Community Services District Law, and AB 1234 (Salinas), which required local agencies to adopt a written policy concerning the types of occurrences that qualify a member of a legislative body to receive reimbursement of expenses for travel, meals, and lodging , and impose related requirements, including the filing of expense reports, in order to provide reimbursement for such expenses; and

WHEREAS, on June 16, 2009, the Board adopted a Director Travel and Expenses policy, which was revised during the four-year reviews on February 19, 2013, March 21, 2017, and again on January 7, 2020, to revise the policy to pre-approve travel and other expenses associated with certain events not pre-approved in the Director Compensable Activities policy, but incurred in the performance of official duties, to eliminate the need for the Board to annually pre-approve such events as eligible for reimbursement of travel and other expenses; and

- Adds language regarding hotel bookings, and the determination of pre- and post-lodging based on home/event proximity and event schedule.

Policy

Policy No.:	Type of Policy: Board Business
Policy Title: Director Travel and Expenses	
Policy Description: Reimbursement of travel and related expenses incurred by Directors in the performance of official duties	
Approval Date: 6/21/2022	Last Review Date: 2022
Approval Resolution No.:	Next Review Date: 2026
Rescinded Resolution No.: 1-20	Rescinded Resolution Date: 1/7/2020

The purpose of this policy of the Board of Directors of Dublin San Ramon Services District is to establish guidelines for reimbursement of travel and related expenses incurred by Directors in the performance of official duties in accordance with Government Code Sections 53232.2 and 53232.3 as specified in Government Code Section 61047, part of the Community Services District Law, and declare that each Director shall exhibit good judgment in the matter of travel and incidental expenses and shall have proper regard for the propriety and economy of conducting District business.

1. General

Directors may receive reimbursement for reasonable and actual travel and/or incidental expenditures of Directors incurred in the performance of official duties and upon timely submittal of a Director Expense Sheet and supporting documentation in conformance with this policy.

At the request of a Director, the General Manager or designee may directly arrange for registration fees and lodging reservations, and pay those directly. All other arrangements and expenses are the responsibility of the Director, and will be reimbursed after the event in accordance with provisions of this policy.

2. Services Allowed for Reimbursement

Reimbursement of travel and related expenses shall meet the following criteria:

- a. Travel to and from and attendance at conferences and meetings by Directors shall be consistent with the approved budget of the District.
- b. Travel on District business within the States of California and Nevada, as well as travel to Association of California Water Agencies and California Association of Sanitation Agencies conferences in Washington D.C., is pre-approved by adoption of this policy; travel on District business in locations other than California, Nevada, and Washington D.C. require specific Board approval.

Policy No.:

Policy Title: Director Travel and Expenses

- c. Expenses incurred in connection with monthly Chamber of Commerce lunch meetings are pre-approved by adoption of this policy. Such meetings provide opportunities to develop positive relationships with the local business community, when participation is determined by the Board to be in the best interest of the District.
- d. Expenses incurred in connection with activities and/or events that are not eligible for compensation under the Director Compensable Activities policy may, with prior Board approval, qualify for reimbursement under this policy. Such events include activities of civic and charitable organizations when participation is determined by the Board to be in the best interest of the District.

3. Expenses Allowed for Reimbursement

Expenditures of Directors for travel shall be allowed in general accordance with the following criteria:

- a. Registration Fees: A registration or similar fee charged by the organizers of any conference, convention, or meeting.
- b. Lodging: Amounts equivalent to the cost of a standard single occupancy room at the facility at which the conference or meeting is held, or comparable nearby lodging. In instances where conference hotels are filled, the Director should attempt to secure comparable rates at a nearby hotel. Pre-conference lodging will be allowed for approved travel if the start time of the event effectively precludes on-time arrival using normal means of transportation - when same day travel, beginning at 7 a.m. or later, is feasible to attend the first event activity. Post-lodging on the last day of the event will be allowed for approved travel if the end time of the event effectively precludes same day travel and arrival home no later than 7 p.m. using normal means of transportation.
- c. Transportation:
 - Air Travel: Amounts equivalent to the cost of coach class round-trip airfare from Oakland, San Jose, Sacramento, or San Francisco to an airport reasonably near the destination.
 - Rental Cars: The cost of a midsize rental car to and from, or at the destination. In the event a rental car must be utilized, the collision waiver must be added to the rental contract to cover any damage that may occur to the rental car.
 - Private Automobiles: Travel to and from the destination using a private automobile at the IRS mileage rate (travel to and from the District for the purpose of attending Board meetings is not eligible for reimbursement), limited to the cost of a pre-purchased round-trip coach class airfare plus ground transportation that would be incurred for the same trip. When more than one District official travels in the same private automobile, allowance will be made to only the owner or lessor of the vehicle used. No credit for airfare or the avoided cost of a second automobile shall be paid to the second person. If the General Manager determines that air transportation is not feasible due to work schedules, time involved, or other practical reasons, an allowance for the use of a private

automobile shall be determined on the basis of the IRS mileage rate and shall not be subject to the limitation specified herein.

- Tolls and Parking: Tolls, parking, and other similar charges. Parking shall be at “non-valet” and “long-term” rates when available.
- Public Transportation / Taxis: Expenses for public transportation or private “for hire” ground transportation at the destination, to and from the destination, and to and from the departure airport.

- d. Meals: Actual and reasonable costs of meals while traveling, up to the average California city per diem rate. Notification of this rate, along with a breakdown by meal, will be forwarded to the Board each December for the upcoming calendar year. Directors shall exercise discretion in the selection of restaurants and when incurring costs for meals. No costs for any alcoholic beverages shall be eligible for reimbursement. The maximum daily reimbursement shall also be reduced by the amount associated with the meals that a Director would normally have taken on his/her personal behalf before departure or after his/her return.
- e. Incidental Expenses: Reasonable incidental expenditures related to travel or the conduct of District business in amounts less than \$10 per item without receipt. These include items such as parking at meters, baggage handling, phone charges, and other similar expenses.

If a receipt is lost, the Director shall so note that on his/her Director Expense Sheet along with a brief explanation and estimate of the expense. In such cases, copies of credit card statements and/or checking account charges that show the date and amount of the charge and the payee are acceptable substitutes. The General Manager, or designee, shall apply reasonable discretion, as supported by the evidence of the situation, and determine the actual amount to be reimbursed.

4. Expenses Not Allowed for Reimbursement

- a. Direct or incremental expenses of family members or guests traveling with a Director, such as the added cost of upgrading a room or a rental car to accommodate a non-District traveling companion.
- b. Expenses unrelated to approved travel or event attendance. Allowable expenses as specified herein are reimbursable only for the time while the conference, business meeting, or other District business activity is occurring, with reasonable allowance for the need to arrive in advance of or depart after a conference or business meeting.
- c. Expenses incurred in connection with partisan or nonpartisan political activities or events.
- d. Expenses not submitted for reimbursement within 30-days of being incurred.

Policy No.:

Policy Title: Director Travel and Expenses

5. Review and Approval

The principal responsibility for compliance with this policy rests with each Director. The General Manager, or designee, shall review all expenses submitted for reimbursement to determine conformance with this policy prior to approving payment. When necessary, reasonable discretion in approving reimbursements related to unusual circumstances may be exercised that are not in strict accordance with this policy but that were necessary and prudent and were incurred in performance of official duties while furthering the interests of the District. If a Director disagrees with the determination, the Director submitting the expenses for reimbursement shall make a request at a Board meeting, not later than 60 days after the day for which reimbursement is requested, to schedule an agenda item to review the determination at a future regular Board meeting. The submittal of a Director Expense Sheet by a Director shall be deemed a representation by that Director that the request, in the exercise of his or her judgment, complies with the terms of this policy, that any required approval of the Board was obtained at a Board meeting in advance of the activity or event, that any required written report has been submitted at the next Board meeting following the activity or event, and that the Director has considered any issues that the General Manager has identified. If the matter is referred to the Board of Directors, the Board shall approve the Director Expense Sheet unless the Board believes it substantially deviates from this policy.

6. Administration

The General Manager, or designee, shall administer this policy and shall institute appropriate accounting and control procedures to ensure the policy is being followed.

RESOLUTION NO. 1-20RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT REVISING THE DIRECTOR TRAVEL AND EXPENSES POLICY AND RESCINDING RESOLUTION NO. 12-17

WHEREAS, on December 6, 2005, the Board revised the policy for the reimbursement of travel and related expenses incurred by Directors while on District business, to conform with two statutes that became effective January 1, 2006: SB 135 (Kehoe), which revised the Community Services District Law, and AB 1234 (Salinas), which required local agencies to adopt a written policy concerning the types of occurrences that qualify a member of a legislative body to receive reimbursement of expenses for travel, meals, and lodging , and impose related requirements, including the filing of expense reports, in order to provide reimbursement for such expenses; and

WHEREAS, on June 16, 2009, the Board adopted a Director Travel and Expenses policy, which in turn was revised during the four-year reviews on February 19, 2013, and March 21, 2017; and

WHEREAS, on September 3, 2019, the Board revised the Day of Service policy to more clearly classify activities and events as eligible or ineligible for compensation as a day of service consistent with California Government Code Section 61047, part of the Community Services District Law, and to provide pre-approval of the eligible events listed in the policy, thereby discontinuing the need for an annual Board item to pre-approve attendance of meetings and conference; and

WHEREAS, revising the Director Travel and Expenses policy to pre-approve travel and other expenses associated with certain events not pre-approved in the Day of Service policy but incurred in the performance of official duties would eliminate the need for the Board to annually pre-approve such events as eligible for reimbursement of travel and other expenses.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT, a public agency located in the Counties of Alameda and Contra Costa, California, that the revised Director Travel and Expenses policy, attached as Exhibit "A," is hereby adopted; and Resolution No. 12-17, attached as Exhibit "B," is hereby rescinded.

TITLE: Receive Presentation on District's Water Conservation Status

RECOMMENDATION:

Staff recommends the Board of Directors receive a presentation on the District's water conservation status.

SUMMARY:

This report highlights recent activities and actions in response to the Stage 2 Water Shortage Emergency declaration. The District's water consumption in May 2022 was 3% lower than the 2020 baseline. The cumulative District's potable water reduction since the Board adopted the emergency declaration (from September 2021 to May 2022) is 6%. Zone 7 Water Agency (Zone 7) reports that on a Tri-Valley basis, potable water reduction was 13% for May.

DISCUSSION:

The calendar year 2022 is the third dry year in a row. 97% of California is in severe drought, with 12% in an exceptional drought, according to the latest information from the U.S. drought monitor. The state will enter the dry summer months with below-average reservoir storage, and the state's largest reservoir, Shasta Lake, is at critically low levels. The Sierra snowpack is essentially gone, and runoff into the state's streams and reservoirs has largely peaked for the year.

Based on the State Water Project Table A Allocation at 5%, the District's potable water wholesaler, Zone 7, has indicated it will meet the 2022 retailers' potable water demands assuming a 15% demand reduction in the Tri-Valley.

DSRSD continues implementing water demand reduction measures to meet the District's Stage 2 Water Shortage Emergency regulations adopted by the Board on September 21, 2021, calling for a 15% demand reduction districtwide. These water demand reductions are consistent with the District's Water Shortage Contingency Plan (WSCP) and regulations on water use per District Code Chapter 4.20 as amended by Ordinance No. 350.

Staff last presented the District's conservation status to the Board on May 17, 2022. Below is a summary of the conservation program efforts since the last update.

District Water Conservation Messaging and Program from May to early June

- Sent 150 reminder letters on May 25 to dedicated potable water customers that the limitation of outdoor irrigation is no more than three times per week, from 9 p.m. to 6 a.m.
- Included Water Conservation/BACWWE (Bay Area Consortium of Water and Wastewater Education) ad in Dublin High athletics program for 500 recipients
- Delivered 4-by-6-inch postcards to all customers about severe drought, reminding customers to irrigate no more than three times per week, and providing water conservation URL for additional information
- Led joint effort with Tri-Valley partners on broadcasting two ads airing 60 times a week on KKIQ 107.7 FM radio starting on May 20
- Led joint effort with Tri-Valley partners on publishing newspaper ads in the following newspapers (see ad images in Attachment 1):
 - The Independent
 - Half-page weekly print ad for six weeks that started on May 26

- Placed a drought banner at the District Office and the District’s Pump Station Facility at Dougherty Valley

- Applied for two encroachment permits with the City of Dublin to add drought banners at two additional sites
- Presented drought and conservation information to 12 participants at the Citizens Water Academy on June 8

Customer Portal – AquaHawk

Staff is working with AquaHawk to send out the conservation report to all customers in late June to encourage customers to learn about their water use and conservation efforts. Staff is also preparing to send out a postcard in late June to encourage customers to sign up on AquaHawk to be water-wise (see Attachment 2).

Rebates Program

Staff continues to receive rebate applications for the Weather-Based Irrigation Control (Smart Controller) and High-Efficiency Washer. In May, seven applications were approved for the Smart Controller rebate, five for the High-Efficiency Washer rebate, and three for lawn conversion.

Customer Water Waste Reporting and Drought Questions

Staff received and responded to eight inquiries from customers about potable water irrigation runoff, water waste, and the residential recycled water fill station.

District Potable Water Use and Conservation Target

Figure 1 presents the monthly water usage in 2022 compared to 2020, which shows the District’s average potable water use in May 2022 is 3% lower than in May 2020. Based on the information provided by Zone 7, the valley-wide water use in May 2022 was 13% lower compared to May 2020. It should be noted that over half of DSRSD’s outdoor irrigation demand is met by recycled water. Therefore, conservation at recycled water sites does not contribute to the District’s potable water savings. This is a major factor why DSRSD’s water saving for May 2022 is less than Tri-Valley’s water

saving, thus far. The District’s recycled water program serves outdoor irrigation demands for almost all public parks and schools except part of western Dublin. Additionally, recycled water also serves several street medians and sidewalks within the City of Dublin and the Dougherty Valley area in the City of San Ramon.

As shown in Figure 2, recycled water consumption in May 2022 represented 27% of total May 2022 consumption in DSRSD’s service area. The potable water represented 73% of the total May 2022 consumption. DSRSD’s recycled water customer base in the Tri-Valley area is more significant than Pleasanton’s or Livermore’s. Compared to Pleasanton, based on the recycled water supplied from DSRSD to Pleasanton, DSRSD’s recycled water demands are three times higher than Pleasanton’s recycled water demands.

The cumulative water savings for the District since the Board declared a water shortage emergency (September 2021 to May 2022) is 6%, which is below the 15% water conservation target that the Board adopted in September 2021.

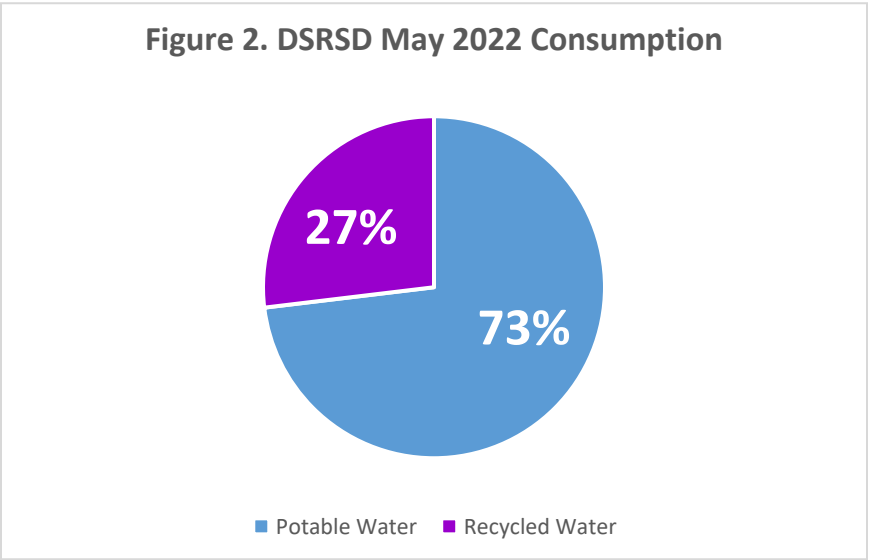

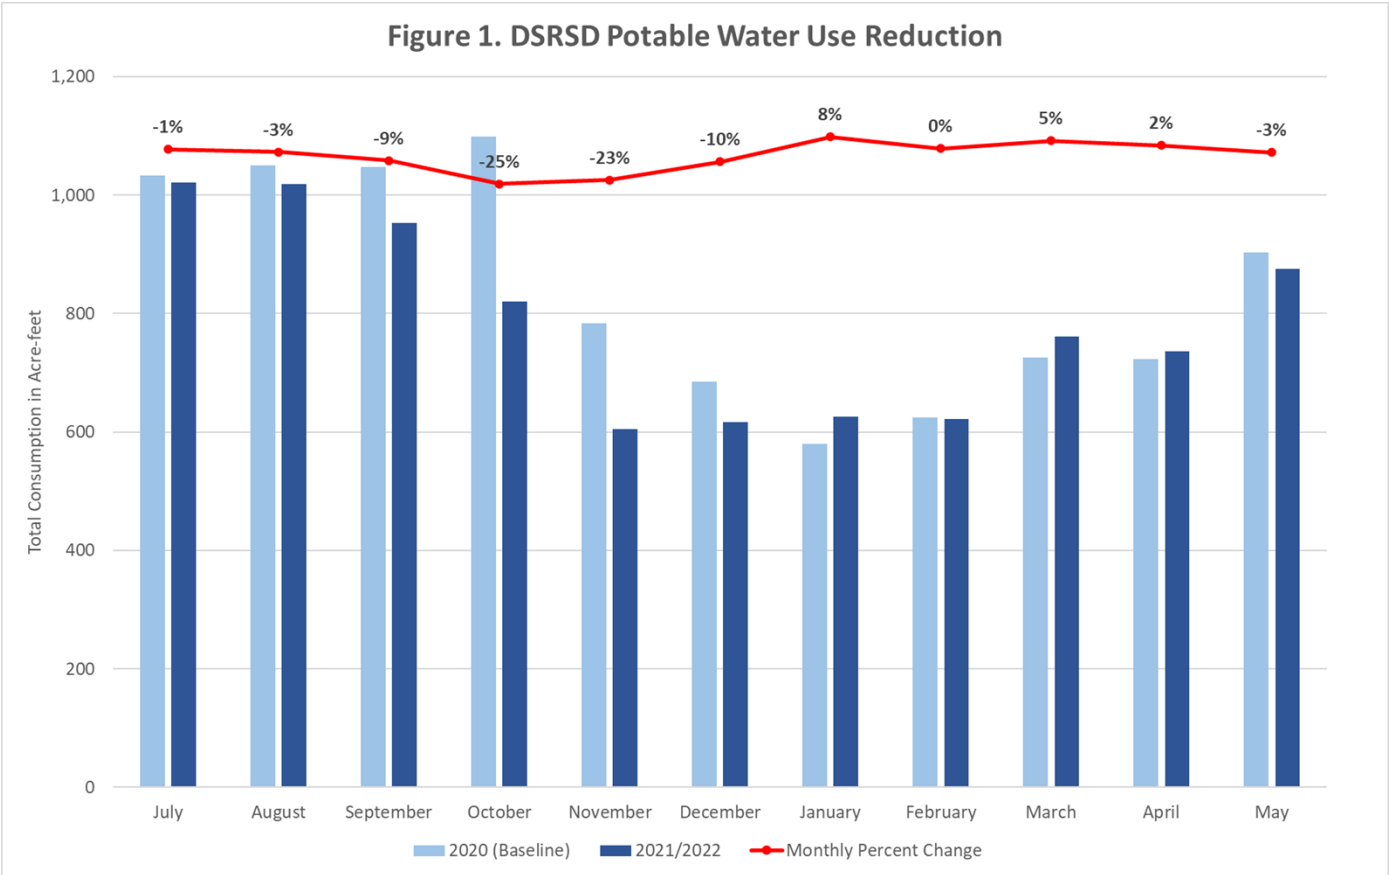

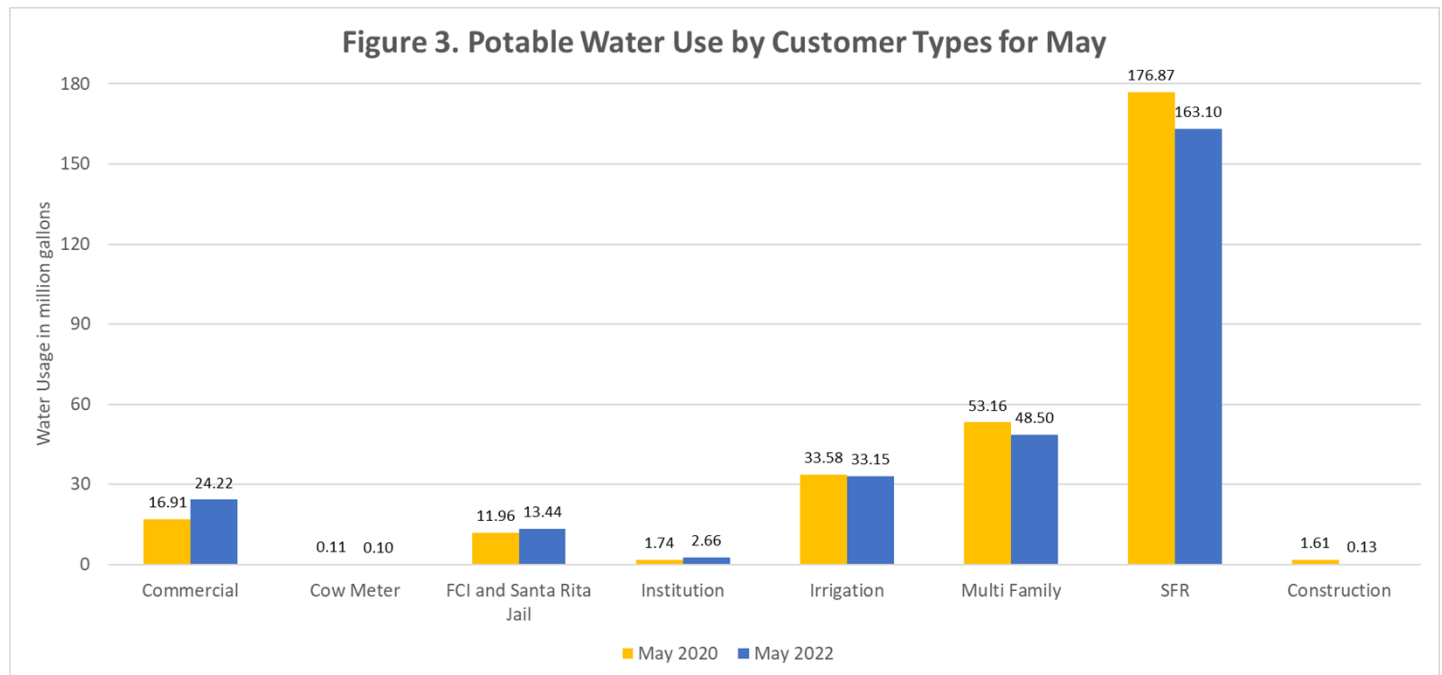

Figure 3 presents the May 2022 water usage by customer type. The single-family residential category (labeled “SFR”) made up about 60% of potable water demand and had a conservation level of about 8% for May. Figure 3 shows higher water demands for the commercial and institutional category (including the Federal Corrections Installation and Santa Rita Jail) compared to the 2020 baseline. The water usage for these customer types is mainly for domestic use. Almost all outdoor water use for these customer types is separated and categorized as dedicated irrigation. During the start of the pandemic, the shelter-in-place restriction reduced the number of commercial or institutional facilities to be opened in 2020, therefore, the water usage in 2020 for these categories was much lower compared to usage in 2022 when the shelter-in-place restriction was lifted.

The dedicated irrigation usage (primarily commercial irrigation accounts) has not decreased to reflect the three-day-per-week irrigation measure. The reminder notification letter sent to all dedicated irrigation customers regarding the three-days-per-week irrigation measure was postmarked on May 26. In the next few weeks, staff will monitor and review dedicated irrigation customers’ weekly usage to determine any violations after the notification letter was mailed. Staff will mail a first warning message to customers who failed to follow the outdoor irrigation measures. The letter will also include information on the water use violations and enforcement actions under District Code Section 4.20.050 for District customers who intentionally or unintentionally violate water use regulations.

Another factor that contributes to challenges for conservation for the District is the increase in water use efficiency in the new developments within the District’s service area on the eastern side and Dougherty Valley of San Ramon. For these areas, the new single-family residential homes were built with smaller outdoor footprints compared to the older single-family residential homes.

Next Steps

Between June and July, staff will continue enhancing the outreach messaging and enforcing water use regulations.

- Add additional drought banners at two sites within the City of Dublin
- Mail a larger-sized postcard about the AquaHawk conservation report, rebates information, and irrigation information in late June
- Continue collaborating with Zone 7 and partner agencies on a conservation campaign
- Collaborate with East Bay Municipal Utility District on a conservation messaging partnership for San Ramon customers
- Review dedicated irrigation meter weekly usage to identify a violation of three days of irrigation per week

The General Manager recommends the Board of Directors approve, by Resolution, the Seventh Supplemental Agreement to Agreement for Wastewater Disposal Services between the District and the City of Pleasanton related to the use of the West Dublin Trunk Sewer Line.

SUMMARY:

The District provides wastewater treatment services to the City of Pleasanton by contract. From time to time, the need arises to supplement the original agreement to document and address various issues. The proposed Seventh Supplemental Agreement between the District and the City of Pleasanton addresses the City's current and future use of the District's West Dublin Trunk Sewer Line.

BACKGROUND:

The District and the City of Pleasanton ("City") entered into the Agreement for Wastewater Disposal Services ("Basic Agreement") on November 3, 1992. The Basic Agreement provides for the contractual relationship between the District and the City as it pertains to sewer services provided by the District to the City's sewer customers. Between 1997 and 2015, six supplemental agreements have been entered into, pursuant to the terms of the Basic Agreement. These supplements are mostly related to the integration of supply, operations, and facilities of each agency's recycled water programs and the Clean Water Revival Project. The proposed Seventh Supplemental Agreement addresses the City's current and future use of the District's West Dublin Trunk Sewer Line for wastewater discharge.

DISCUSSION:

The District's West Dublin Trunk Sewer Line, shown in Attachment A, begins in south San Ramon, passes through Dublin in alignment with Village Parkway, crosses Highway 680 and Alamo Creek into Pleasanton, is joined by the Camp Parks sewer within the DSRSD biosolids disposal site and continues into the Regional Wastewater Treatment Facility. The West Dublin Trunk Sewer Line was constructed in 1961 with sections rehabilitated in 1991 and 2007, and the remainder rehabilitated in 2017. The West Dublin Trunk Sewer Line provides sewer collection system capacity for the District's Local sewer customers and is funded by DSRSD Local services charges and capacity fees.

Wastewater from the properties along the western and northern section of Johnson Drive and in the Commerce Circle area, all located in the City of Pleasanton, discharges into the City's wastewater collection system (owned and maintained by the City) which then discharges into the West Dublin Trunk Sewer Line (owned and maintained by DSRSD). Neither the City of Pleasanton nor its customers presently pay DSRSD's Local service charges despite benefitting from the use of DSRSD's trunk sewer. The portion of the sewer line owned exclusively by DSRSD as part of DSRSD's Local Wastewater program that is presently being used by the City is approximately 5,400 feet of 42- and 48-inch diameter pipe.

This issue was first discussed between the City and the District in 2014, with discussions continuing throughout the years with no agreeable resolution. However, in early 2022, staff from each agency jointly developed a proposed Seventh Supplemental Agreement which reclassifies the portion of the West Dublin Sewer Trunk Line in question from a Local asset to a Regional asset to address the fact that the West Dublin Trunk Sewer Line effectively provides capacity for the mutual benefit of the City of Pleasanton and the District.

Attachments: ☐ None ☒ Resolution ☐ Ordinance ☐ Task Order ☐ Proclamation ☒ Other (see list on right)	Attachment 1 – Map	

This transfer would be effectuated by having the Regional Wastewater Replacement (Fund 310) that serves both Pleasanton and DSRSD purchase the asset from the Local Wastewater Replacement (Fund 210) that is associated only with DSRSD wastewater customers.

If approved, the Seventh Supplemental Agreement authorizes a transfer from the Regional Wastewater Replacement Fund to the Local Wastewater Replacement Fund in an amount of \$1,998,236, representing the value of what will now be referred to as the Regional Dublin Sewer Trunk Line. The amount was determined based on the costs derived from the 2017 rehabilitation project and have been escalated to 2022 values. The Regional Wastewater Replacement Fund currently has a working capital of approximately \$33 million, and the Local Wastewater Replacement Fund currently has a working capital of approximately \$4 million.

District General Counsel has reviewed the proposed Seventh Supplemental Agreement. City staff and City Legal Counsel have also reviewed the proposed Seventh Supplemental Agreement and indicated the intention to present the item for consideration to City Council on July 19, 2022.

Capital Improvement Program and Capacity Reserve Fee Implications

The Capital Improvement Program Ten-Year Plan for Fiscal Year 2022-2031 includes a future project to construct a relief sewer for what will now be defined as the Regional Dublin Trunk Sewer Line (Dublin Trunk Relief Sewer, CIP No. T00-76). The project budget is \$6.95 million and is funded by the Local Wastewater Expansion (Fund 220) because it is required to convey future customer wastewater flows. If the Seventh Supplemental Agreement is approved, District staff intends to change this project to funded instead by the Regional Wastewater Expansion Fund as part of the Fiscal Year 2024 Capital Improvement Program update, because the asset needing future expansion is being converted from a Local Wastewater Enterprise asset to a Regional Wastewater Enterprise asset. The cost of expansion should be attributed to the Enterprise that the asset belongs to.

Similarly, the Local Capacity Reserve Fee would need to be revised to exclude the cost of the aforementioned project. This will result in a decrease in the expansion component of the fee. The Regional Capacity Reserve Fee would be revised to include the cost of the relief project, resulting in an increase in the expansion component of the fee.

The value of the Regional Dublin Sewer Trunk Line is currently included in the calculation of the existing infrastructure component (commonly referred to as “buy-in”) of the Local Capacity Reserve Fee. With implementation of the Seventh Supplemental Agreement, that value would be removed from the calculation, as it is no longer a Local asset, and added to the Regional Capacity Reserve Fee existing infrastructure component calculation. This will result in a decrease in the existing infrastructure component of the Local Capacity Reserve Fee and an increase in the existing infrastructure component of the Regional Capacity Reserve Fee. A Local and Regional Capacity Reserve Fee study is anticipated to occur in 2024 to make these adjustments.

TITLE: Public Hearing: Adopt Engineer's Report and Direct Levy of Annual Assessments in the Dublin San Ramon Services District Dougherty Valley Standby Charge District 2001-1 for Fiscal Year 2022–2023

RECOMMENDATION:

Staff recommends the Board of Directors hold a public hearing and adopt, by Resolution, the Engineer's Report and direct the levy of the annual assessments in the Dublin San Ramon Services District Dougherty Valley Standby Charge District 2001-1 for fiscal year 2022–2023.

DISCUSSION:

Each year, the Zone 7 Water Agency provides estimated costs associated with the California Department of Water Resources (DWR) State Water Project (SWP) specifically associated with providing water service to the Dougherty Valley area in the City of San Ramon. An Engineer's Report, filed with the District Secretary, is prepared annually that determines projected costs to be incurred in the upcoming fiscal year and the allocation of those costs based upon equivalent dwelling units (EDUs). The Board initially adopts a resolution of intention to levy the annual assessments, followed by a public hearing at the next Board meeting. After the public hearing, the Board adopts the Engineer's Report and directs the levy of the assessments. These assessments are then placed on the Contra Costa County secured property tax roll.

The annual assessment for fiscal year 2022–2023 is \$1,303,941.94 for 7,636.916 EDUs or \$170.75 per EDU.

This action must be taken by the Board to levy assessments in the Dougherty Valley Standby Charge District 2001-1 for fiscal year 2022–2023. The Board adopted the resolution of intention on May 17, 2022, which is required prior to adopting the Engineer's Report and directing the levy. Notice of the public hearing (Attachment 1) was published in the local newspaper on June 6, 2022, and June 13, 2022.

TITLE: Public Hearing: Adopt Annual Dougherty Valley Incremental State Water Project Charge Report and Direct the Levy of the Dougherty Valley Incremental State Water Project Charge for Non-Governmental Parcels on the Contra Costa County Secured Property Tax Roll and for Government Potable Water Customers on Utility Bills

RECOMMENDATION:

Staff recommends the Board of Directors hold a Public Hearing and adopt, by Resolution, the Annual Dougherty Valley Incremental State Water Project Charge Report (the “DV Report”) and direct the levy of the Dougherty Valley Incremental State Water Project Charge (the “DV Incremental SWP Charge”) for non-governmental parcels on the Contra Costa County secured property tax roll and for government potable water customers on utility bills.

DISCUSSION:

On June 18, 2019, the Board of Directors adopted Resolution No. 22-19, provided as Attachment 1, establishing the DV Incremental SWP Charge under Sections 4.40.010 and 4.40.020 of the District Code. The charge was established to recover the increment costs that exceeds the maximum Standby Charge Assessment Fee that can be recovered from the Dougherty Valley Standby Charge District 2001-1 (“DVSCD”). The Board directed staff to prepare an annual DV Report to determine the amount of the DV Incremental SWP Charge to be charged proportionately to all parcels within DVSCD.

Under the provisions of Section 4.40.120 (*Collection of water charges by use of tax roll*) of the District Code, the District may elect to use the tax roll for the collection of water service charges and fees or charges for other services related to water service, whether delinquent or not, for collection with and at the same time and in the same manner as property taxes, the proceedings shall be those set forth in Section 5473 of the California Health and Safety Code or those set forth in Section 61115(b) of the California Government Code.

In Spring of 2019, the District performed a Proposition 218 process which estimated the annual charges for the next five-year period. The maximum annual charge for fiscal year ending 2023 was set at \$87.90 per Equivalent Dwelling Unit (EDU).

Staff contracted with NBS to prepare the DV Report for fiscal year 2022–2023, provided as Attachment 2, filed with the District Secretary, describing each affected parcel of real property and the applicable charges for the forthcoming fiscal year to be collected on the property tax roll. The total annual incremental charge is \$695,445.86 or \$87.88 per EDU. This action must be taken by the Board annually when levying the DV Incremental SWP Charge on the secured property tax roll in the County of Contra Costa for fiscal year 2022–2023.

On June 6, 2022, a written notice, provided as Attachment 3, of the incremental charge to be placed on property tax roll for fiscal year 2022–2023 was mailed to Dougherty Valley parcel owners. The adjusted rates for the forthcoming year are posted on the District’s website. In addition, a public hearing notice, provided as Attachment 4, was published in the local newspaper on June 6 and June 13, 2022.

Two written protests were received against the annual levy of the DV Incremental SWP Charge. A summary of written protests is provided as Attachment 5.

RESOLUTION NO. 22-19

RESOLUTION OF THE BOARD OF DIRECTORS OF DUBLIN SAN RAMON SERVICES DISTRICT TO LEVY THE DOUGHERTY VALLEY INCREMENTAL STATE WATER PROJECT CHARGE IN THE DOUGHERTY VALLEY STANDBY CHARGE DISTRICT (DVSCD) 2001-1 FOR NON-GOVERNMENTAL PARCELS ON THE CONTRA COSTA COUNTY PROPERTY TAX ROLL AND FOR GOVERNMENT POTABLE WATER CUSTOMERS ON UTILITY BILLS

WHEREAS, on May 1, 2001, the Board adopted Resolution No. 14-01, a Resolution Initiating Proceedings for the Levy of Standby Charges, and in it directed the preparation and filing of a report in writing (the "Engineer's Report") in accordance with and pursuant to Article XIII D of the California Constitution and the Uniform Standby Charge Procedures Act, Sections 54984 et seq., of the California Government Code (together, the "Act") in and for the District's Dougherty Valley Standby Charge District 2001-1 (the "Assessment District"); and

WHEREAS, Resolution No. 14-01 contemplated that the Standby Charges to be established based on the Engineer's Report would be used to pay certain costs of the State Water Project incurred by the District under certain agreements between the District and Alameda County Flood Control and Water Conservation District, Zone 7 (Zone 7) regarding the provision of potable water service in Dougherty Valley in Contra Costa County; and

WHEREAS, for all District customers located in Alameda County, the corresponding costs of the State Water Project are collected directly by Zone 7 on the property tax rolls, but because Zone 7 lacks power to collect these costs on the property tax rolls in Contra Costa County, it was necessary for the District to use another mechanism to collect those costs as a condition of the District being allowed to serve to the Dougherty Valley water delivered to Zone 7 from the State Water Project; and

WHEREAS, on June 19, 2001, after a duly noticed and held public hearing, by Resolution No. 20-01, the Board approved the establishment of the contemplated Assessment District and approved the Engineer's Report with respect thereto and authorized the levy of assessments for Standby Charges (the "Assessments") in the Assessment District to pay for certain costs of the State Water Project in amounts not to exceed those provided in the Engineer's Report; and

WHEREAS, the Engineer's Report calculated a maximum Standby Charge of \$170.75 for each Equivalent Dwelling Unit (EDU) within the Assessment District, which was the amount of the Charge for which notice was provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing; and

WHEREAS, beginning in fiscal year 2019/2020, these State Water Project costs, when spread over the EDUs within the Assessment District, are projected to exceed the maximum Standby Charge specified in the notice provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing; and

WHEREAS, on June 18, 2019, a public hearing was held and the Board established a Dougherty Valley Incremental State Water Project Charge (DV Incremental SWP Charge) to recover State Water Project costs that, when spread over the EDUs within the Assessment District, would exceed the maximum Standby Charge; and

WHEREAS, Sections 4.40.010 and 4.40.020 of the District Code allows the Board of Directors to establish a water use charge by separate ordinance or resolution; and

WHEREAS, Section 4.40.120 of the District Code allows the Board of Directors to elect to use the tax roll for the collection of water service charges and fees or charges for other services related to water service, whether delinquent or not, for collection with and at the same time and in the same manner as property taxes; and

WHEREAS, the Board desires to levy the DV Incremental SWP Charge for non-governmental parcel owners in the Assessment District on the Contra Costa County property tax roll; and

WHEREAS, the Board desires to charge governmental potable water customers a proportionate share of Standby Charge assessments and DV Incremental SWP Charges on their utility bills.

1. A Dougherty Valley Incremental State Water Project Charge Report (the "DV Report") will be prepared with a similar methodology as the above referenced Engineer's Report for the purposes of levying the DV Incremental SWP Charge for Fiscal Year 2019/2020. The DV Report will determine the amount of the DV Incremental SWP Charge based on cost estimates provided by Zone 7.

3. Governmental potable water customers in the Assessment District will be charged a proportionate share of the costs of the State Water Project to be collected through utility bills, and will be comprised of the sum of the amount of the Standby Charge assessments as determined by the Engineer's Report and the amount of the DV Incremental SWP Charges as determined by the DV Report.

4. Unless otherwise acted upon by the Board, the amount of the DV Incremental SWP Charge will be adjusted by the General Manager annually, in accordance with the DV Report, but no more than the amount set forth in the Proposition 218 notice.

5. The General Manager is authorized and directed to post any adjustments to the DV Incremental SWP Charge on the District's website by August 10 of each year, and customers and property owners required to pay the DV Incremental SWP Charge shall also receive notification thereof in accordance with Section 53756 of the California Government Code.

1. INTRODUCTION

On May 1, 2001, the Dublin San Ramon Services District (the “District”) Board of Directors adopted Resolution No. 14-01, a Resolution Initiating Proceedings for the Levy of Standby Charges, and in it directed the preparation and filing of a report in writing (the “Engineer’s Report”) in accordance with and pursuant to Article XIII D of the California Constitution and the Uniform Standby Charge Procedures Act, Sections 54984 et seq., of the California Government Code (together, the “Act”) in and for the District’s Dougherty Valley Standby Charge District 2001-1 (the “Assessment District”).

Resolution No. 14-01 contemplated that the Standby Charges to be established based on the Engineer’s Report would be used to pay certain costs of the State Water Project incurred by the District under certain agreements between the District and Alameda County Flood Control and Water Conservation District, Zone 7 (Zone 7) regarding the provision of potable water service in Dougherty Valley in Contra Costa County.

For all District customers located in Alameda County, the corresponding costs of the State Water Project are collected directly by Zone 7 on the property tax rolls, but because Zone 7 lacks authority to collect these costs on the property tax rolls in Contra Costa County, it was necessary for the District to use another mechanism to collect those costs as a condition of the District being allowed to serve to the Dougherty Valley water delivered to Zone 7 from the State Water Project.

On June 19, 2001, after a duly noticed and held public hearing, by Resolution No. 20-01, the Board of Directors approved the establishment of the contemplated Assessment District and approved the Engineer’s Report with respect thereto and authorized the levy of assessments for Standby Charges (the “Assessments”) in the Assessment District to pay for certain costs of the State Water Project in amounts not to exceed those provided in the Engineer’s Report.

The Engineer’s Report calculated a maximum Standby Charge of \$170.75 for each Equivalent Dwelling Unit (EDU) within the Assessment District, which was the amount of the charge for which notice was provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing.

Beginning in Fiscal Year 2019-2020, these State Water Project costs, when spread over the EDUs within the Assessment District, are projected to exceed the maximum Standby Charge specified in the notice provided pursuant to Proposition 218 in connection with the June 19, 2001 hearing.

On June 18, 2019, a public hearing was held and the Board of Directors established a Dougherty Valley Incremental State Water Project Charge (“SWP Charge”) to recover State Water Project costs that, when spread over the EDUs within the Assessment District, would exceed the maximum Standby Charge.

Sections 4.40.010 and 4.40.020 of the District Code allows the Board of Directors to establish a water use charge by separate ordinance or resolution.

Section 4.40.120 of the District Code allows the Board of Directors to elect to use the tax roll for the collection of water service charges and fees or charges for other services related to water service, whether delinquent or not, for collection with and at the same time and in the same manner as property taxes.

The Board of Directors desires to levy the DV Incremental SWP Charge for non-governmental parcel owners in the Assessment District on the Contra Costa County property tax roll.

The Board of Directors desires to charge governmental potable water customers a proportionate share of SWP Charge on their utility bills.

The following is made to cover the annual costs and expenses related to the SWP Charge.

1	June 3, 2022	Yes	I hereby write to you to inform of my displeasure in the notice that was sent where-in there is going to be an increase to our Water Service Charge due to the "Dougherty Valley Incremental State Water Project Charge". Is there any way this could be avoided by the resident submitting a petition to decline the raise ?
2	June 12, 2022	Yes	- This increase in the service charge of 43% is too steep. Especially given the inflation these days this can cause financial hardship and inconvenience to many families, so I am writing to register my protest against this proposed increase. - I sincerely hope the board will consider the protests from the residents and this proposed increase will not be passed.

Subject: RE: Dolan park

Good morning Mr. Grant – Thank you for your June 14 email report of this instance of irrigation overspray onto the sidewalk at Dolan Park. I have notified the Dublin Public Works Department to address this, and their maintenance contractor will make adjustments.

Regarding your inquiry about selective enforcement, please be aware that DSRSD does not have an active on-going “enforcement program”. For example, I would note that no customers since the drought started have been fined for overuse of water. The foundation of our conservation program is education, and we have found that almost all of our customers are beginning to have success reducing their water demands to meet this community drought challenge.

Again, thank you for bringing this to our attention, and special thanks for the illustrative photos which we have passed along. They were very helpful. Let me know if you have questions. Thanks.

[EXTERNAL – check for red flags]

You ask all of us to conserve water in these times. Make sure the sprinklers don’t water the sidewalks and make sure your pipes have no leaks. I think most citizens are doing this. I can tell you that at my home I have plastic tubes in the kitchen sinks and we capture as much water from our tube to put on the yard and plants.

Sorry got off my point. It looks like the water district should start holding our city officials accountable for their lack of compliance with what you tell all of us.

The City has a contractor that maintains our city and parks and yet they can’t even make a simple phone call.

I ask one question before I post these pictures on the Dublin Patch to show the 65,000 citizens what our city can get away with. Do you as board members care about this water shortage or is it just away to make more \$\$\$ by raising our rates? It’s starting to look like you have selective enforcement.
